REGULATIONS & POLICIES

Please read the following summary of Chapter 8.08 of the Noise Control Ordinance and Planning Division policies regarding Outdoor Sound Amplification System Permits. Place your initials on the line next to each statement if the regulation is clear and you agree to abide by it during the operation of your system.

- _____ 1. Speakers may be operated for the purposes of enhancing the dining experience of patrons using an outdoor seating area.
- _____ 2. Sound generated shall not be audible beyond 40-feet from the property line (or across the adjacent street, whichever is less).
- _____ 3. Speakers may only be operated during business hours and when service to patrons in the outdoor seating area is available.
- _____ 4. The business is responsible for obtaining any necessary Building Permits through the Building Division to install the system including as-built work as necessary.
