Spring Street and Hill Ave.

Napa Sheriff's Office Investigative Report #15-1080
Napa Police Report #15-1573

CASE SUMMARY

Detective [Redacted]

The following is a case summary based on the attached criminal investigation. The investigation incorporated information garnered from Involved Officer statements, witness interviews, physical evidence available and related reports. This summary is not inclusive of every aspect and detail obtained, but is a broad representation of the incident based on the accumulated information.

LAW ENFORCEMENT SENSITIVE information is contained in the following reports and documents. Per Penal Code sections 11115 and 11140 and Government Code section 6254, the attached report and summary is a Controlled Document and is NOT TO BE DUPLICATED.

NAPA COUNTY SHERIFF’S OFFICE
INVESTIGATION DIVISION
SUMMARY AND FINDINGS
NAPA POLICE DEPARTMENT OFFICER INVOLVED SHOOTING
MARCH 13, 2015

SUMMARY:
The following is a summarization of the events which occurred on 03-13-15 in the area of Spring Street and Hill Avenue, in the City of Napa, CA. The summary is based on factual data, evidence and witness statements obtained throughout the criminal investigation. The summary is not intended to be all inclusive of every aspect, but a detailed re-counting of the incident based on the information gathered. Please refer to reports and / or audio and video recordings for specific details.

**Involved Persons
Officer Thomas Keener is a 26 year old male who is employed as a fulltime police officer with the City of Napa. He has been employed as a police officer for approx. 4 years and is currently assigned to the Special Enforcement Unit (SEU) since January 2015. He completed the Napa Valley Police Academy in December 2010 and a Field Training Program with the Napa Police Department. He has attended numerous schools and conferences related to narcotics and criminal gangs. His normal shift is Tuesday thru Friday 1200 to 2200 hours. On Fridays he works 1400 hours to 0000 hours. Officer Keener was provided a peer support officer, [REDACTED] following the incident. [REDACTED] remained with Officer Keener throughout the processing and they did not discuss the incident.

[REDACTED] is a 47 year old male who is employed as a fulltime police officer with the City of Napa. He has been a police officer for 25 years and is currently assigned as the sergeant for the SEU. He completed a 16 week police academy in 1990 and has attended numerous narcotics and gang schools and conferences. He is a trained use of force instructor and has been a SWAT team leader. His normal shift is Tuesday thru Friday 1200 to 2200 hours. On Fridays he works 1400 hours to 0000 hours. [REDACTED] was provided a peer support officer, [REDACTED] as he arrived at Napa Sheriff’s Office. While at Napa Police Department [REDACTED] was provided with a Napa Police Officer for support. [REDACTED] remained with [REDACTED] throughout the processing and they did not discuss the incident.

Officer [REDACTED] is a 39 year old male who is employed by the City of Napa as a fulltime police officer. He has worked at Napa PD since 2001 and previously worked for Sonoma Police Department for 2 years. He is currently assigned to the SEU. He completed the police academy in 1999 and has obtained a bachelor’s degree in Criminal Justice. He has attended gang conferences and is currently an instructor in Tazer, Pepperball, Range and Active Shooter. He is a Field Training Officer. His normal shift is Wednesday thru Saturday 1200 to 2200 hours. On Fridays he works 1400 hours to 0000 hours. [REDACTED] was provided a peer support officer, [REDACTED] following the incident. [REDACTED] remained with [REDACTED] throughout the processing and they did not discuss the incident.

Officer [REDACTED] is an adult male who is currently employed as a police officer with the City of Napa. He previously worked for Calistoga Police Department for 5 years and has been with Napa PD for 2.5 years, currently assigned to SEU since February 2014. He completed the Napa Valley Police Academy in 2007 and has attended...
Incident/Investigation Report

Date: 4/14/2015 13:08:02

Notes/Narratives

numerous gang and narcotics related courses and conferences. His normal shift is Wednesday thru Saturday 1200 to 2200 hours. On Fridays he works 1400 hours to 0000 hours was provided a peer support officer, following the incident remained with throughout the processing and they did not discuss the incident.

The SEU has several functions which they are tasked with. They perform enforcement and investigative duties with Gangs, narcotics, targeted enforcement and suppression activity of various crimes in problem areas and neighborhood policing activities. They are assigned to Quality of Life issues within the City of Napa and accomplish this with proactive activity and other investigative techniques. Their daily uniform consists of blue jeans, a black shirt and marked, black colored ballistic load bearing vest. The vests are marked on the back with "POLICE" in white 5 inch lettering on a black background. The front of the vest is marked with "POLICE" in white 2 inch lettering on a black background on the right chest area. A silver colored embroidered star with "NAPA POLICE OFFICER" with their badge number is on the left chest area of the vest. They normally wear their issued, silver metal badge with "NAPA POLICE" on their belts, facing forward. The unit drives an unmarked, silver colored Ford Explorer and goes by the call sign "2K1". The vehicle is equipped with sirens, a police radio and emergency lighting, to include a forward facing steady red light, wig wags front and rear and flashing blue and red lights. Napa Sheriff Evidence Technician later confirmed the emergency lighting and sirens on the vehicle were operational.

James Richard Jimenez is a 41 year old male who resided at 1409 East Avenue in the City of Napa. He resided with his mother, sister and current girlfriend. James had numerous aliases and significant criminal history. His Record of Arrest and Prosecutions (RAP) had numerous narcotic related offenses, including sales and possession starting in 1992. He was convicted on Felony counts of Burglary, First Degree Robbery, Felon in possession of a firearm and numerous violations of Parole. He had misdemeanor convictions of narcotics offenses and obstructing / resisting police officers. He was prohibited from owning or possessing any firearms or ammunition. CA Department of Corrections and Rehabilitation records indicated Jimenez had been incarcerated in State Penitentiaries on numerous occasions due to parole violations and Penal Code convictions. On 02-26-96, he was named as a suspect in the stabbing of an inmate that occurred at CA State Prison - Corcoran. The case was ultimately rejected due to lack of cooperation by the victim.

Jimenez told Institutional Gang Investigators he required protection from the "Northern Riders" due to his "dropout status". The Northern Riders is a "dropout gang" in which they seek to obtain membership from Norteno and rival gang drop outs. Jimenez was known to be on a "Bad News List" of Norteno gang members who had fallen out of favor with gang leadership. These, along with several tattoos (Huelga bird, tear drop on eye, "Norte" on chest) indicate that Jimenez at one time was an active member of the Norteno Gang.

Jimenez absconded from parole supervision in June 2007. He is eventually arrested on 11-29-07 and is returned to prison. He is discharged from parole on 09-26-11.

His local history indicates 38 involvements with Napa County Law Enforcement. His violations include obstructing and
resisting a peace officer, narcotics violations and felon in possession of a firearm. Jimenez had recently been arrested by Officer Keener for possessing ammunition and the frame of a handgun. Napa Sheriff’s Deputies had also arrested Jimenez in June 2014 after Jimenez attempted to hide cocaine and a physical, violent struggle ensued. The above information was readily available and known to Officer Keener and the SEU members on the day of the incident.

**Pre - Incident and History**

On 03-13-15 at approx. 1000 hours, the SEU team began their day at Napa Police Department and dressed into their normal duty uniform of jeans, black shirt and marked tactical vests. Officer Keener and performed the range to qualify. was already at the range performing his duties as a range instructor. At the conclusion of the range, the officers cleaned and functioned check their service pistols.

Officer Keener and performed duties associated with their unit and its mission. This included performing a probation search and arresting a female on an outstanding arrest warrant. During that incident, narcotics were discovered on the female and she was booked at Napa County Detention Center. At approx. 1600 hours, joined the team as he had completed his range duties.

During their shift, the team had established loose surveillance on the residence located at 1409 East Avenue in Napa. That address was the known residence of James Richard Jimenez, DOB 01-29-74 and the subject of a search warrant Officer Keener had authored, which I later viewed. The warrant had been reviewed and signed by Napa Superior court Judge Elia Ortiz on 03-10-15 at 1513 hours. The warrant authorized the search of Jimenez, his residence and vehicle for the seizure of items related to methamphetamine, firearms, ammunition, currency and cellular phones. The affidavit stated Officer Keener had obtained knowledge that Jimenez had procured a gun and was selling narcotics from his residence.

After the search warrant was signed, Officer Keener authored an Operation Order on 03-10-15 and it was reviewed by Officer Keener then conducted and operational briefing with and of the Napa Police Department on 03-10-15. Listed on the operations order were and however they did not attend the briefing and did not participate in any way. The briefing covered the criminal history associated with Jimenez to include his association with criminal gangs and his convictions related to narcotics and weapons. It was also relayed that information had been recently obtained by Officer Keener that Jimenez had procured a gun from a subject in north Napa. Officer Keener had researched and advised personnel, as per Napa Police Department Policy 359.4 during this briefing that Jimenez had been contacted with a gun and ammunition on a prior search warrant and has resisted arrest previously. Consistent with Department practice, Officer Keener completed the Napa Police threat matrix to determine the level of force required for entering the residence. The threat matrix determines the level of threat associated with a particular residence and subject based on many factors, to include criminal history, nature of crimes, items sought among other indicators. The matrix calculates these factors into a number which indicates whether special precautions are required, such as SWAT teams. The number for inclusion of SWAT personnel is 25. In this case, the matrix indicated forced entry into this residence would require a SWAT callout with a matrix number of 40. The SEU team planned on surveilling the residence and waiting for James Jimenez to leave.
the residence. He would then be contacted away from his residence and searched pursuant to the warrant.

The team established surveillance on the residence, however never observed Jimenez and concluded the operation without service of the search warrant. On 03-11-15, Officer Keener, utilizing the previously written operations order briefed on the search warrant and Jimenez. Officer Keener had additionally gained information that Jimenez had retrieved a handgun, particularly a Hi-Point .380 from [redacted] at approx. 0400 hours. Again, surveillance was established however the search warrant was not served. They did not attempt to serve the search warrant on 03-12-15. On 03-13-15 [redacted] was briefed utilizing the operations order which was authored on 03-10-15. He was made aware of Jimenez's criminal history, the search warrant and their operational objective.

**Previous Search Warrant
The previous search warrant had been authored by Officer Keener and an operation was conducted on 02/04/15 per the iLeads system. Keener had received information that Jimenez had been selling heroin and cocaine out of his residence at 1409 East Avenue and authored a search warrant. The search warrant was reviewed and signed by a Napa Superior Court Judge. Keener conducted an operational briefing with [redacted] and Napa Special Investigations Bureau (NSIB) task force agents. The method of operation was similar to the most recent operation in that they would wait for Jimenez to leave the residence and contact him via a traffic enforcement stop or pedestrian stop away from the residence. Officer Keener recalled the threat matrix being similarly high, resulting in the strategy to contact Jimenez away from the residence.

On this particular incident they observed him leave the residence and drive to Walmart. They contacted Jimenez and detained him pursuant to the warrant at gun point. Keener was wearing uniform clothing similar to what he was wearing on 03-13-15. Keener had his gun drawn and did not shoot Jimenez during this contact.

The related search of Jimenez, his vehicle and residence yielded several items related to the sale of narcotics and approx. 100 rounds of 9mm ammunition, indicia to Jimenez and a frame for a Walther handgun. Keener noted at the time that Jimenez had multiple guitars in the garage are of the residence, where Jimenez's living area is. Jimenez was subsequently arrested by Keener for these offenses.

During an interview with Keener subsequent to this arrest, Jimenez stated he was a "Northern Structure" "drop out". Jimenez stated he had spent 18 of 23 years in prison where he had "ordered hits" as part of his participation in the prison gang. Keener also searched Jimenez's cell phone and observed conversation related to the sale of methadone pills and photos of a handgun. A subsequent forensic exam of the phone discovered information that Jimenez had been involved in the sale of a 12 gauge "tactical shotgun".

Keener transported Jimenez in the SEU silver colored Ford Explorer to NCDC and booked him on the charges. Keener stated Jimenez was inside the silver Napa PD Explorer and is aware that particular vehicle is a police vehicle.

**Pursuit and Shooting
Notes/Narratives

After picking up [REDACTED] at Napa PD, the SEU members drive their unmarked Ford Explorer to the area of Highland Drive and East Avenue. [REDACTED] was driving with [REDACTED] in the front passenger seat. Officer Keener was seated in the rear of the vehicle behind [REDACTED] and [REDACTED] was seated behind [REDACTED].

At approx. 1650, the officers stated they observed a subject matching the description of Jimenez riding a small motorcycle without a helmet. Jimenez was travelling on East Avenue and turned onto Highland Drive, passing the officers in their vehicle. Officer Keener and [REDACTED] both verbally identified Jimenez to the other team members and all officers noted Jimenez looked directly at them and accelerated rapidly on the motorcycle. [REDACTED] made a U-turn on Highland Drive and began accelerating to catch up to Jimenez. Jimenez made a left hand turn onto Hill Avenue and continued to accelerate while continually looking back at the SEU vehicle. At this time, [REDACTED] flipped down the passenger side visor which contained the emergency lights, a steady red and blue flashing LED lights. [REDACTED] activated the siren and Officer Keener attempted to advise Napa Dispatch of their status by stating “2K1, code 33” using his portable radio. The dispatch audio indicated several mike clicks at this time, but Keener’s audio transmission was not clear. Jimenez continued to accelerate on Hill Avenue and then turn left onto Spring Street. In his turning maneuver, Jimenez crossed over the center of the street to cut the corner closest to the left hand curb. In doing so, his motorcycle travelled through road debris (rocks, sand, dead leaves) and he failed to negotiate the turn. The motorcycle slid out from underneath him northbound into the intersection of Hill Avenue and Spring Street. Jimenez was thrown from the motorcycle and his momentum carried him forward and to the left of the motorcycle. None of the officers noted and significant injuries to Jimenez from the accident.

Witnesses [REDACTED] and [REDACTED] stated they had seen a man matching the description of Jimenez riding a motorcycle prior to the incident on East Avenue. [REDACTED] observed the motorcycle go out of sight as he proceeded northbound on East Avenue. He then heard sirens, which he described as law enforcement and not EMS, followed 30-40 seconds later by three gunshots. He estimated the entire time from first sight to gunshots was 40-50 seconds. At [REDACTED], 4 witnesses were identified ([REDACTED], [REDACTED], [REDACTED] and [REDACTED]) who observed the pursuit and accident. They had been in the backyard of the residence drinking wine and had a limited view of the street through a cabana. The witnesses stated they heard a motorcycle going fast down [REDACTED] estimated 30-40 MPH) the Hill Avenue. They observed a vehicle they recognized as an unmarked police car due to the flashing blue and red lights and the audible siren. [REDACTED] observed the motorcycle hit the gravel at the intersection of Spring Street and go down. The police vehicle turned left and went out of sight. 3 of the witnesses stated they heard three gunshots very quickly after the unmarked police vehicle went out of sight.

[REDACTED], who resides at [REDACTED] stated she heard a very loud motorcycle "come tearing down" her street at approx. 1645 or 1650 hours. The motorcycle was traveling southbound. She then "almost immediately" heard sirens after the motorcycle sound faded away. She did not hear anything else.

As the SEU team approached the intersection, the officers observed Jimenez try to get up and try to get away from them. He was not moving very fast and appeared to be reaching for something in the back, left portion of his waistband or sweatshirt area per Officer Keener. [REDACTED] stated he observed Jimenez reaching into his waistband as he
was trying to get up. Jimenez appeared to not be at full speed because he was doing multiple things at once (locating police, reaching and running) causing him to slow down. He was moving away from the officers and towards the front yard of 45 Spring Street.

[redacted] slowed their vehicle as the other officers began to exit it. [redacted] estimated he stopped their vehicle approx. 5 yards away from the down motorcycle, with Jimenez to the front and left of the vehicle. [redacted] and Officer Keener exited the vehicle with their handguns drawn and pointed towards Jimenez. [redacted] exited out the driver side of the vehicle slightly behind the other two due to positioning of the vehicle. [redacted] stayed in the vehicle as he thought the situation could lead to a foot pursuit. [redacted] and Officer Keener rapidly approached Jimenez from an estimated distance of 20-30 feet, with [redacted] in front slightly. [redacted] and Keener shouted multiple times "show me your hands!", "stop!" and "get your hands up!"

[redacted] observed Jimenez was stumbling backwards as they approached, but continually reached into his waistband and lower sweatshirt area. Jimenez fell onto the ground again and now appeared to be pulling something out of his waistband area. [redacted] stated he could not see "what he was trying to do" but it appeared to him that Jimenez was attempting to retrieve a weapon or contraband. When [redacted] was within approx. 15 feet of Jimenez, he contemplated re-holstering his firearm and going hands on. He heard who he thought was [redacted] yell "He’s got a gun" or a similar statement.

As he was exiting the vehicle, [redacted] heard [redacted] say, "He’s got a gun!" He moved up to the front of the driver’s side of their vehicle with his gun drawn. As he exited he did not recall the positions of the other officers. Jimenez was not running was just standing and facing west northwest, facing Officer Keener and [redacted]. [redacted] was across the street and observed Jimenez "digging around" in his right front jacket pocket with his right hand. [redacted] could see a "boxy", "squared off outline" in the subject’s pocket. Because of what [redacted] had said and the shape he saw in the subject’s jacket pocket, he thought the subject had a gun.

[redacted] rapidly approached Jimenez and noted [redacted] and Keener to his right with their guns drawn. The officers were shouting commands however; Jimenez continued to reach into his right front jacket pocket.

[redacted] observed Jimenez run from the middle of the street to the other side of the street and into the yard of 45 Spring Street. He stopped, turned toward them and reached into his sweatshirt pocket with his right hand or maybe both hands. [redacted] yelled, "He’s going for his gun! He’s going for his gun!" He could hear the other officers yelling commands at Jimenez like "Get on the ground!" or "Hands up!" Jimenez continued to reach into his front sweatshirt pocket. [redacted] was attempting to get out of the vehicle and draw his weapon at this time.

Officer Keener observed Jimenez continue to reach with his hand towards the back area of his left waistline. Keener clearly saw Jimenez’s right hand in front of him and it did not appear to be doing anything. Keener heard [redacted] say either "He as a gun" or "He has the gun" at which time Keener feared that Jimenez was reaching for a handgun in his waistband. Keener knew from training and experience that the waistband area is a common place for a firearm to be
carried. He discharged his firearm three times at Jimenez. He observed one bullet strike Jimenez in the chest area, but was unaware of the location of the other shots.

[Redacted] and [redacted] heard the gunshots and quickly determined they came from Officer Keener. Numerous neighbors were contacted during a neighborhood canvas. Many witnesses stated they heard sirens and three distinct gunshots at approx. 1700 hours, but did not see the actual shooting. Some left their residences and saw Police Officers rendering aid to a male subject lying on the ground.

[Redacted] was driving southbound on East Avenue with her [redacted]. She had the windows of her vehicle down and passed the intersection of Spring Street. As she passed at approx. 1655 hours she heard gunshots come from the passenger side of her vehicle. She looked westbound down Spring Street and saw three "officers" shoot in a southerly direction. Soto believed all three officers fired their guns because she saw the guns "bounce" and heard the shots. She believed there were three shots fired, but did not hear anything else. She knew the men were officers due to the blue or black clothing and they were all dressed similarly.

**Post Shots fired**

After shots were fired, [redacted] momentum carried him towards Jimenez and into the path where the shots came from. [redacted] and Keener took cover behind a redwood tree in the yard of 45 Spring Street. They maintained lethal cover on Jimenez while [redacted] and [redacted] approached Jimenez who was lying on his back. They rolled Jimenez over and [redacted] recovered a handgun from Jimenez's right front jacket pocket. The hand gun safety was in the off position (ready to be fired). [redacted] placed the handgun on the windshield of their unmarked vehicle. [redacted] notified dispatch of "shots fired" and [redacted] requested medical aid. [redacted] and [redacted] began rendering first aid and CPR to Jimenez until medical personnel arrived and took over.

Napa Police Officers and [redacted] arrived and secured the scene.

**Rounds Fired and Recovered Guns**

It was determined that Officer Thomas Keener fired three rounds from his issued Glock 22 .40 caliber service weapon. Three shell casings were recovered at the scene which was later determined to have been fired from Officer Keener's weapon by the Contra Costa County Forensic Services Lab. One bullet, consistent with the brand used by Officer Keener was recovered from the body of James Jimenez. The bullet was not examined at this time as polygonal barrels (standard in Glock pistols) typically do not bear many individual marks suitable for comparison. The Glock 22, serial number RYG553 was collected by NSD [redacted] during processing. The Glock had one magazine installed and one .40 caliber Federal brand bullet in the chamber. The magazine contained 12 serviceable rounds, with a maximum load of 15 rounds. Officer Keener carried the Glock with a fully loaded magazine and one round in the chamber, 16 total bullets.

A Hi-Point .380 caliber handgun was recovered at the scene. Based on statements of the involved officers, witness [redacted] and witness [redacted] the gun was recovered from the person of James Jimenez after he had been shot by
clearly marked police officers. Both [REDACTED] and [REDACTED] reside in the immediate area of the incident. The gun was then placed on the windshield of the Napa Police unmarked vehicle until it was collected as evidence. The gun was collected containing 8 rounds of ammunition, the safety in the off position (ready to be fired) and no round in the chamber. Subsequent testing of this gun by the Contra Costa County Forensic Services Lab indicated the gun functioned as designed when test fired.

The investigation revealed the Hi-Point pistol was registered to [REDACTED], who purchased the gun from Darins Gun Exchange in Napa on 04-24-13. [REDACTED] admitted during an interview that he had agreed to trade the gun, and empty magazine, a black vinyl case and a box of ammunition to "a friend of a friend" for a guitar on 03-05-15. He met with "Jaime" who provided him with a guitar and amplifier. [REDACTED] then left the gun in an unlocked pickup truck in the driveway and Jaime would get it during the night. The following morning, the gun and items were gone from the truck. [REDACTED] stated he had been the one to introduce Jaime and [REDACTED]. He identified Jaime as James Jimenez.

A search warrant executed at Jimenez’s residence on 03-13-15 found a black vinyl case for the Hi-Point .380. The case was located in a purple colored purse in the living area occupied by Jimenez.

**Autopsy**

On 03-17-15 an autopsy was performed by Napa County Forensic Pathologist [REDACTED]. They observed and noted wounds which were consistent with the statements and evidence in this investigation. Specifically located three gunshot wounds in James Jimenez.

The first wound was located in his neck was consistent with a bullet. The wound trajectory indicated the bullet traveled from right to left and barley downward from front to back with an exit wound on the left side.

The second wound was consistent with a bullet was a "through and through" to the anterolateral aspect of the distal right arm. The bullet travelled right to left and slightly upward. There was an exit wound on the inside of the arm. The trajectory of the wound could suggest that the same bullet then travelled through and was responsible for the third gunshot wound. However, it is also possible this wound was the result of a different bullet.

The third wound was consistent with a bullet and was at the right side of the chest lateral to the nipple. The trajectory of the bullet was right to left, slightly front to back and downward. This bullet, which was recovered inside the body cavity, caused damage to internal organs including the right atrium and left ventricle of the heart. Those wounds would be fatal. A deformed jacketed projectile was recovered within the chest wall. Later examination of the bullet determined it was the same brand as used by Napa Police Department and Officer Keener.

None of the wounds showed signs of stippling or fouling of the adjacent skin. This would suggest the gun was not at close range when fired and would be consistent with the statements of the involved officers.

A subsequent toxicology report indicated levels of methamphetamine in James Jimenez’s blood in the potentially toxic
levels. Further, the testing detected effective levels of Methadone and no alcohol or other acidic, basic or neutral drugs in his system. During a search warrant conducted at Jimenez’ residence on 03-13-15, glass pipes used for smoking methamphetamine were collected from Jimenez’s living area.

FINDINGS:
Physical evidence located at the crime scene, collected from Officer Keener and obtained during the autopsy of James Jimenez supported the statements of the involved officers and witnesses. Notably, there were markings in the roadway to indicate the motorcycle was traveling at a high rate of speed and lost control at the intersection, resulting in the accident. The positioning of the unmarked police vehicle supports the statement in which Officer Keener and [redacted] would have been to Jimenez’ right side while [redacted] and [redacted] would have approached from the left. This would provide different vantage points for the officers and explain why [redacted] observed the weapon on the suspect.

The trajectory of the bullet wounds in Jimenez suggested a shoot that came from the suspects right, travelled in a south eastern direction and at a slightly downward angle. This would support the statements of the officers that Jimenez was not fully upright, was facing them and reaching back to his left into his waistband area. While Officer Keener stated he could see Jimenez’s right hand and it was "not doing anything", the left hand was seen going into the waistband. The viewable and open right hand is perceived as less threatening because it can be seen, however the left hand exudes ambiguity. This aspect was studied and confirmed in a unique study by [redacted], a member of the Force Science Research Center’s national advisory board. The recovery of the Hi-Point .380 handgun is consistent with the statements provided by officers and witnesses and was in the area where Jimenez was reaching during the encounter.

James Jimenez had significant criminal history documented back to 1992, including contacts and arrests by the current members of the Napa Police SEU. His numerous contacts with law enforcement, parole and correctional entities would suggest that he is familiar with common practices of contacts and arrests. His previous arrests show that Jimenez understood that officers have a lawful right to detain an individual suspected of committing a crime and will do so by shouting commands, displaying red and blue lights and sounding sirens. He had been contacted by officers dressed similarly to the SEU team on numerous occasions and several witnesses stated it was clear the 4 men were police officers.

During the encounter, Jimenez ignored numerous commands shouted by officers to show his hands and stop his movements. He made furtive movements towards his waistband, a common area for people to carry guns. Collected from Jimenez’s lower right shorts pocket was approx. 1 oz. of suspected methamphetamine. In the left upper pocket $1255 of US currency was located and collected. These items, coupled with possession of a firearm constituted a crime that coupled with Jimenez’s criminal history could send him to prison for a significant length. It is reasonable to believe, based on his experiences in the court, justice and penal systems that Jimenez would have this knowledge. With is past history of requesting protection while incarcerated due to his dropout status, Jimenez would have motivation to not obtain another charge and arrest which could send him to prison for significant time.
The National Institute on Drug Abuse published in January 2014 the effects of Methamphetamine on long term users (http://www.drugabuse.gov/publications/drugfacts/methamphetamine). This included but is not limited to the following:

People who use methamphetamine long-term may experience anxiety, confusion, insomnia, and mood disturbances and display violent behavior. They may also show symptoms of psychosis, such as paranoia, visual and auditory hallucinations, and delusions.

Chronic methamphetamine use is accompanied by chemical and molecular changes in the brain. Imaging studies have shown changes in the activity of the dopamine system that are associated with reduced motor skills and impaired verbal learning. In studies of chronic methamphetamine users, severe structural and functional changes have been found in areas of the brain associated with emotion and memory, which may account for many of the emotional and cognitive problems observed in these individuals.

The use of methamphetamine and knowledge of a possible significant prison sentence could have provided motivation for Jimenez to not be arrested. This would be supported by the evidence of fleeing from officers, not obeying commands and reaching into his waistband area where he had a loaded gun concealed.

The officers were in a rapidly evolving, stressful, high energy situation as they exited the vehicle and the human body experiences many rapid and natural occurrences. Officer Keener and SEU members were aware of the nature of the crime which can affect their vigilance and situational awareness and had previous training and experience on the aspects potentially deadly encounters. As Officer Keener approached Jimenez, he experienced looming, the act of the retinal image growing symmetrically and exponentially. As Jimenez presented a threat and Keener rapidly approached, the threat can become intensified. Further, Officer Keener’s perception of the situation as it unfolded was based on stored knowledge and constant interpretation of what he is seeing and hearing. He must take this information and interpret it, select an appropriate response and then act. Studies from the Force Science Institute show the average time it takes for a non-experienced person to draw a gun from the waistband and discharge is .26 seconds. In contrast, the time it takes for an officer, with his gun at the low ready position to raise the weapon, acquire a sight picture and fire one round is .83 seconds. This is only after the officer has perceived the threat and decided to take action, a process which takes .25 seconds. These occurrences, coupled with Jimenez’s behavior, including frantic and energetic movements caused Officer Keener to fear for his life and the life of his fellow officers.

California Penal Code section 196 states, in part, the following:

Homicide is justifiable when committed by a public officer either -
1. In obedience to any judgement of a competent court; or
2. When necessarily committed in overcoming actual resistance to the execution of some legal process or in the discharge of any other legal duty; or
3. When necessarily committed in arresting persons charged with a felony and who are fleeing from justice or resisting
such arrest.

California Penal Code section 197 states, in part, the following:
Homicide is also justifiable when committed by any person in any of the following cases:
1. When resisting any attempt to murder any person, or to commit a felony, or do some great bodily injury upon an
   person; or
2. When committed in defense of habitation
3. When committed in lawful defense of a person
4. When necessarily committed in attempting, by lawful ways and means, to apprehend any person for any felony
   committed, or in lawfully suppressing a riot, or in lawfully keeping and preserving the peace.

Lethal Force encounters are often very brief, violent and stressful. They demand the utmost from a peace officer in
response, performance and decision making. The encounters become highly unpredictable and rapidly evolving,
requiring officers to make split second decisions while in fear for their lives or the lives of fellow officers and citizens.

Based on the physical evidence and the facts outlined in the criminal investigation, the use of force, on the part of
Officer Thomas Keener was reasonable and justified under the circumstances and pursuant to Penal Code sections 196
and 197.

RECOMMENDATIONS:
Investigation completed, refer to Napa County District Attorney’s Office for review.
The diagram depicted is not to scale. It is a rendering of the incident based on the evidence and statements of the officers involved.

SUPPLEMENTAL REPORT
INITIAL ASSIGNMENTS AND BRIEFING

INVESTIGATION:
On 03-13-15 at approx. 1700 hours, I overheard radio traffic regarding an officer involved shooting in the City of Napa. I heard Napa PD unit "2K1" report "shots fired" and "suspect down". I contacted [REDACTED] and notified him of the situation. He informed me a short time later that the Napa Sheriff’s Department would be investigating the incident and I would be the lead detective.

I assigned [REDACTED] and [REDACTED] to remain at the Napa Sheriff’s Department and prepare to process the officers as they arrived. I instructed them to separate the officers in separate offices and ensure they each had a peer support officer. I requested [REDACTED] inspect and collect the firearms and [REDACTED] photograph and collect the clothing and equipment. See their supplemental reports for details.

**Scene**

I arrived at the scene at 1729 hours, located at the intersection of Spring Street and Hill Ave. in the city of Napa. While en-route I requested [REDACTED] contact [REDACTED] (NPD) to call out members of the Napa Sheriff’s Department evidence team. Upon our arrival, I noted the scene was cordoned off with yellow crime scene tape and Napa Police patrol officers were providing scene security. A crime scene log had been started at two locations (East Ave / Spring St and Spring St / Hill Ave.) by NPD patrol personnel and maintained throughout the night. I received the crime scene logs from [REDACTED] (NPD) on 03-20-15 and had them scanned into the report [REDACTED] and I entered the scene and I observed a silver colored Ford Explorer, CA license plate [REDACTED] parked on the northern side of Spring St. near Hill Avenue. I recognized the vehicle as an unmarked police vehicle utilized by Napa Police Department’s Special Enforcement Unit. I observed a second unmarked police vehicle, CA license plate [REDACTED] with emergency lights activated parked on Hill Ave. near the Spring street intersection. The second vehicle was later determined to belong to [REDACTED] and arrived on scene after the incident and was not involved. It remained in the scene until released by crime scene personnel at a later time.

I observed medical equipment spread out on the lawn of 45 Spring Street under a large redwood tree. Near the tree I observed a puddle of fresh blood. Located near the middle of the intersection was a motorcycle laying on its side. It was not running and I observed scrapes in the asphalt that appeared to be associated with the motorcycle going down on its side and skidding along the road to its resting point.

I was contacted in the scene by [REDACTED] and [REDACTED] of Napa Police Department. [REDACTED] informed me she would be the administrative lead for the incident. [REDACTED] informed her team had arrived on scene
and waited for my arrival and instructions. The was the first patrol Sgt. to arrive on scene and had taken the safety statement. I asked to contact and obtain his statement. See his supplemental report for details.

Based on information provided by (from ) and , I learned that Officer Thomas Keener had fired his weapon three times in a south eastern direction at the suspect. No other officers on scene had fired their weapon. The lone suspect, James Richard Jimenez (DOB 01-29-74) had been transported to Queen of the Valley Hospital via ambulance. Napa Police Department units accompanied the ambulance and would stand by at QVH awaiting further instruction. No officers were injured during the incident. The officers involved in the incident, Off. Thomas Keener, , and had been transported from the scene to Napa Police Department. I instructed to ensure the officers were separated from each other, be transported to Napa Sheriff’s Department and each had a peer support officer until they could be processed and interviewed. She contacted with those instructions.

I was informed a gun had been recovered from the suspect by one of the involved officers and it had been placed on the passenger side windshield area of the police Ford Explorer. The gun had not been moved or tampered with since the officer placed it there. I observed the gun, a black colored semi-automatic handgun laying against the outside of windshield on its right side on the passenger side of the SEU Ford Explorer. I requested attempt to obtain the serial number of the firearm without touching it. A short time later informed me he had retrieved the number, P8061898 and the gun was registered to at . At that time I requested through that (NPD) and (NSD) contact the registered owner of the gun and interview him.

(NPD) took some initial statements from neighbors. The statements had been recorded and provided to me on a CD-R on 03-20-15. I later booked those CD-R’s into NSD evidence. The resident at which is the residence to 45 Spring street stated he had heard sirens, the sound of automobile skidding and three gunshots. When he walked outside he observed several officers. One officer appeared to retrieve a black handgun from near the man on the ground. See ’s supplemental report for details.

(NPD) also took an initial statement form a neighbor who resided at which is located across the street from the incident. The residents told they had been home and heard what sounded like a motorcycle going down. They looked out and saw the SUV come to a stop. The resident then heard gunshots and observed one officer retrieve a handgun from the area near the man on the ground. The officer carried the gun to the silver SUV and placed it there. The interview was audio recorded and transferred to a CD-R which was provided to me on 03-20-15. I later booked the CD-R into NSD evidence. See ’s supplemental report for full statements.

also informed me that (NPD) relayed to him a female had come to the scene at East Ave and Spring Street. She told her name was and she was the girlfriend/wife of James Jimenez. She immediately left the area and told she was returning to Jimenez’s residence at 1409 East Avenue. digitally recorded the contact (among others he had at the scene perimeter) and provided me with a thumb drive on 03-15-15 in a sealed envelope. I later booked the thumb drive into NSD evidence. I confirmed that the known residence of Jimenez was 1409 East Avenue. I instructed and to contact the residents at 1409 East Ave and "freeze" the residence pending a search warrant. I was subsequently informed the house was secured and patrol units placed there for security.

While at the scene I spoke with who informed me he had talked to the home owner at 45 Spring Street. The home owner was present at the time of the incident, however had been watching "Gold Rush" on TV and did not see or hear anything. He was not aware of anything until an officer knocked on his door. recorded the statement, prepared a supplemental report and provided me with a CD-R of the recording on 03-14-15. I later booked
the CD-R into NSD evidence. Also on the CD-R were video clips recorded while making contact at 1409 East Ave. and of civilians at the scene perimeters.

I requested (NPD) contact the officer at QVH and provide immediate updates of Jimenez’s status. I was informed when I arrived on scene the prognosis was not positive for Jimenez. (NPD) was at QVH. I instructed photographs be taken of Jimenez and both of his hands be tested for GSR. I was quickly informed that Jimenez had been pronounced deceased at QVH and his hands were bagged by Napa PD and . See their supplemental report. I advised that Jimenez was not to be touched and the Napa Coroner would be in route. took several photos of Jimenez while at the hospital. I contacted Coroner Investigator and informed him of the decedent.

I requested all incoming detectives and major crimes task force personnel respond to Napa Police Department for a briefing and further assignments.

Several Napa Police and Napa Sheriff Personnel were at the perimeter of the scene prior to my departure. They were instructed to record any significant contacts with civilians they may have. I was provided with CD-R containing those interviews from and (NPD) on 03-20-15 by . I later booked those items into NSD evidence.

I departed the scene with and through the Sprint St and East Ave area. remained at the scene with several NPD officers for security until crime scene personnel arrived.

*NPD Briefing
I arrived at Napa Police Department at approx. 1800 hours. Upon arrival I was provided with a copy of the operations order and search warrant which the SEU team had been utilizing for the operation. I reviewed the operation and search warrant and later had it scanned into the report.

The operation order was authored on 03-10-15 by Officer T. Keener #169. The order was related to a search warrant which had been authorized for James Richard Jimenez DOB 01-29-74, his residence at 1409 East Avenue and any vehicle under his dominion and control. The indicated officers had developed information that James Jimenez was selling methamphetamine and methadone. Jimenez had also attempted or had procured a gun recently and is a known gang member with an extensive criminal history. It was noted that Jimenez was found in possession of a gun on a prior search warrant. They objective and mechanics of the operation were for the SEU team to conduct surveillance on the target residence, observe Jimenez leave and contact him away from the residence. Once detained, they would return to the residence and conduct a search of the premises. The personnel listed in the order were different from the ones engaged in the operation on 03-13-15. Of the personnel listed on the order I noted that and were not involved in the operation on 03-13-15. The SEU unit utilized the same operations order from 03-10-15 on the date of the incident, however had different personnel.

The search warrant authorizing the operation was authored by Officer Thomas Keener #169 and signed by Napa Superior Court Judge Elia Ortiz on 03-10-15 at 1513 hours. The search warrant commanded the officers to search James Richard Jimenez DOB 01-29-74, his residence at 1409 East Avenue in Napa and a 1997 Ford Mustang Ca License . The warrant was to seize any property related to methamphetamine, prescription narcotics, firearms, ammunition, money, cell phones and computers. The probable cause stated in summary that Off. Keener had developed information that Jimenez is selling methamphetamine and prescription pills within the city of Napa. It noted previous occasions and contacts in which Jimenez had been contacted at 1409 East Ave and his previous arrest record which included numerous previous arrests and convictions for drug related charges.

Upon arrival at Napa Police Department, I noticed the involved officers, and
were all seated in the NPD Investigations with peer support officers. They appeared to all be seated at separate desks, but were within speaking distance of each other. I relayed my instructions again to [redacted] and [redacted] that the officers need to be sequestered and transported to Napa Sheriff's Department where I had detectives waiting for them.

I conducted a briefing at Napa Police Department at approx. 1810 hours. The briefing was attended by members of the Napa County Major Crimes Task force, which included investigators from the Napa District Attorney’s office, Napa Police Department and Napa Sheriff’s Department. During the briefing I provided a brief synopsis of the events as I understood them at the time. I assigned the following tasks to personnel:

1. Evidence at the 45 Spring Street Scene - [redacted], Napa Police Department
   - Assisting - [redacted] (NPD), [redacted] (NPD) and [redacted] (NPD)
   - [redacted] (NSD) would be responding to the scene with Napa Sheriff Evidence equipment to take control of evidence at the scene for property booking purposes.

2. Vehicles at the 45 Spring Street Scene - [redacted] - Napa Sheriff's Dept.

3. Crime scene sketch and diagram - CHP Multidisciplinary Accident Investigation Team (MAIT)

4. Search Warrant for residence at 1409 East Avenue - [redacted] (NSD)

5. Interviews with Jimenez family to include girlfriend/wife [redacted] - [redacted] (NSD)

6. Ariel photos - CHP
   - I requested [redacted] contact Napa CHP air operations and fly over the scene to take aerial photographs. On 03-16-15, [redacted] provided me with a CD-R that was generated by CHP air operations with the photographs. The CD-R was damaged and on 03-24-15 I requested a new CD-R from CHP.

7. Neighborhood Canvas -
   - Team 1 - [redacted] (NPD) and [redacted] (NDA)
   - Team 2 - [redacted] (NSD) and [redacted] (NPD)
   - Team 3 - [redacted] (NPD) and [redacted] (NDA)
   - The following teams were added in the later part of the night to assist with canvassing after they had completed other duties.
     - Team 4 - [redacted] (NSD) and [redacted] (NSD)
     - Team 5 - [redacted] (NPD) and [redacted] (NSD)

[redacted] was tasked with managing the neighborhood canvas and setting up quadrants for contact. I requested an approx. 3 block radius of the scene for contact and all interviews to be recorded. On 03-20-15, [redacted] provided me with grid maps for the neighborhood canvas which I had scanned into the report. I was also provided with sealed CD-R’s containing the audio interviews for [redacted], [redacted] and [redacted]. I subsequently booked those CD-R’s into NSD evidence.

Personnel were instructed to generate reports based on their actions. I was briefed throughout the night on key statements and developments related to the case. See supplemental reports for statements and descriptions of actions taken by assigned personnel.

At this time I ended the briefing.
**Officer processing and interviews at Napa Sheriff’s Department**

At the conclusion of the briefing I responded to the Napa Sheriff’s Department. Officer Keener, and were all sequestered into offices with the peer support officers. One at a time they were photographed and processed by and . I spoke with each one of them separately and asked if they would consent to providing a buccal swab sample for purposes of possibly obtaining a DNA profile in the future. All four officers consented to providing a buccal swab sample. I also informed the officers that the Napa Police Department Administration was requesting they provide a blood sample. I explained we were only facilitating the request and the blood samples and they would be stored in NSD property for the Administration. I explained the samples could be used in the criminal investigation if probable cause became evident and we obtained a search warrant to test the blood samples. All four officers consented to providing their blood samples, which were later booked into NSD evidence. Labor representative of Goyette and Associates was aware of these requests prior to them being made and had a time to consult with each officer prior to them being asked.

Officer Keener was informed he would be interviewed at a later date. We tentatively agreed to meet on Sunday 03-15-15 at the Napa Sheriff’s Department for his interview. He was subsequently released after processing. See the supplemental report regarding his interview on 03-15-15.

After processing with and , I interviewed at the Napa Sheriff’s Department. See that supplemental report for statement.

At that time arrived and I briefed him on the current incident. I requested assist and interview and . See his report for further details on their statements.

I spoke with (NPD) who provided me with a property voucher for property he had collected. collected a blanket form the hospital that Jimenez had been laying on. He placed the blanket into a NSD drying room as evidence. See his supplemental report for details.

**Spring Street Scene and Evidence**

At the conclusion of the officer interview, I returned to the scene on Spring Street to assist with evidence collection. Upon arrival, (NSD) had assumed a supervisory role of the scene and evidence collection. Many items were photographed, collected and marked. CHP MAIT was present to diagram the scene.

I assisted moving all items of evidence to the Napa Sheriff’s evidence van and into the custody of . We then transported the items to the Napa Sheriff’s Department and placed them into drying room #2 for processing. The room was locked and secured. The evidence items were later booked into NSD evidence by . See supplemental report for details.

The scene was re-opened to the public at approx. 0333 hours.

**NPD Patrol Briefing**

At 0600 hours, I attended the patrol briefing for Napa Police Department dayshift patrol. This was the patrol team who was on duty at the time of the incident on 03-13-15. Present at the briefing was and As the initial responders, I wanted to speak with them regarding the incident and scene as they arrived. During the briefing, I learned from the officers that (Jimenez’s girlfriend) had arrived on scene. She had mentioned to officers that Jimenez had gone to “” house and may have been visiting “”. Both and were known to the officers as local Napa residents. The officers indicated they arrived on scene, secured the perimeter, and audio recorded statements made to them by civilians. The officers authored supplemental reports concerning their actions and they should be referred to for specific details.
RECOMMENDATIONS:
Case pending further investigation.
Supplement Notes

SUPPLEMENTAL REPORT
03-15-15 BRIEFING AND ASSIGNMENTS

INVESTIGATION:
On 03-15-15 at approx. 1500 hours, I met with the following personnel at the Napa Sheriff's Department and assigned the following tasks:

Neighborhood Canvas
Team 1:  (NDA) and  (NPD)
Team 2:  (NDA) and  (NPD)
Team 3:  (NDA) and  (NPD)

(NPD) was also present at the briefing. During the briefing, I was provided with briefs regarding witness statements from the previous night. We were unable to make contact at several residences in the target area on 03-13-15, I requested the assigned teams attempt contact again for possible witnesses. The area was broken into sectors utilizing the same grid maps as the previous night. I had those maps scanned into the report.

A member of each team authored a report regarding their contacts during the canvas. The contacts were audio recorded and later booked into NSD evidence.

RECOMMENDATIONS:
Case pending further investigation.

SUPPLEMENTAL REPORT
03-16-15 BRIEFING AND ASSIGNMENTS

INVESTIGATION:
On 03-16-15 at 0900 hours, I held a briefing at the Napa County Sheriff’s Department regarding this case and investigation. I provided necessary information to the personnel attending the briefing and subsequently assigned the following detectives to interview pertinent witnesses to the investigation.

1. [Redacted] (Girlfriend of James Jimenez) - [Redacted] (NSD) and [Redacted] (NPD)
2. [Redacted] (Friend of James Jimenez) - [Redacted] (NSD) and [Redacted] (NPD)
3. [Redacted] (Associate of Jimenez) - [Redacted] (NSD) and [Redacted] (NPD)
4. [Redacted] (R.O. of and requested a second contact) - [Redacted] (NPD) and [Redacted] (Prob.)
5. [Redacted] (Associate of Jimenez) - [Redacted] (NPD) and [Redacted] (Prob.)
6. [Redacted] (Witness) - [Redacted] (NSD) and [Redacted] (NDA)

A supplemental report was written for each interview as they were conducted over the next several days. Please see those reports for details.

I requested Napa Police Detective [Redacted] write a search warrant to Facebook requesting the information contained in the Facebook pages of James Jimenez and [Redacted]. At this time we had information statements related to the incident were being posted onto Jimenez’s active Facebook account. [Redacted] authored a search warrant which was signed by a Napa Superior Court Judge. The results of the search warrant have not been returned from Facebook at the time of this report.

At the conclusion of the briefing, Napa Police evidence technician [Redacted] provided me with TF-0 (Video of the scene) and TF-43 (Photos of the scene) to be booked into evidence. I collected the items and later booked them into NSD evidence.

RECOMMENDATIONS:
Case pending further investigation.

4.

BACKGROUND:
Officer Keener developed information that James Jimenez is selling methamphetamine and methadone in the City of Napa. Jimenez is also attempting to or has procured a gun from a subject in north Napa. A search warrant was authored and signed for Jimenez at his residence. He is a known gang member and has extensive criminal history. Jimenez is currently out of custody on bail for possession for sales of narcotics and felon in possession of a firearm.

PURPOSE/OBJECTIVE OF OPERATION:
Conduct surveillance of 1409 East Ave, when Jimenez leaves, conduct an enforcement stop and detain him. Serve a search warrant at 1409 East Avenue in the City of Napa.

SPECIAL CONSIDERATIONS: Include weapons, fortifications, guard dogs, history of violence, mental condition, children, elderly/infirm, etc.
Jimenez is an admitted northern structure dropout. Has been in prison. Prior arrests for firearms possession, 211 PC, 245 PC, and other felonies. Jimenez had a gun on a prior search warrant and is supposed to have a gun in his possession now.

MECHANICS OF OPERATION:
Conduct surveillance
Contact and detain Jimenez away from his residence
Approach residence location
Announce knock-notice
Make entry
Secure occupants
Photograph scene prior to search
Collect evidence
Photo prior to exit.

IF SHOTS ARE FIRED – Announce loudly what was shot (i.e.: accidental, dog, agent, suspect)

SHOTS FIRED PRIOR TO ENTRY

React to threat
Establish perimeter or move to Rally Point
Account for personnel
Establish Command Post with responding agency

SHOTS FIRED AFTER ENTRY or BARRICADED SUSPECT

React to threat
Hold existing positions or move to Rally Point
If necessary, withdraw and establish exterior perimeter
Account for personnel
Establish Command Post with responding agency

AGENT DOWN – INTERIOR OR EXTERIOR

React to threat
Evacuate injured personnel
Hold existing positions or move to Rally Point
If necessary, withdraw and establish exterior perimeter
Account for personnel
Establish Command Post with responding agency

TACTICAL ENTRY

React to threat
Work in pairs
Announce cleared rooms
Do not enter or exit through rear doors unless previously planned

HOSTAGE SITUATION

React to threat
Contain/secure immediate area
Commence negotiations
If hostage is in vehicle, agent should attempt to disable vehicle by throwing keys out of vehicle

Hostage Rescue
Hostage will give “Hostage Signal”
Rescue team leader will give same signal back to hostage advising the team is ready
When hostage is ready, hostage will drop/fall to ground allowing a clear target of the suspect.

OPERATIONS PLAN APPROVED BY:
STATE OF CALIFORNIA-COUNTY OF NAPA

SEARCH WARRANT AND AFFIDAVIT

(AFFIDAVIT)

Thomas Keener, Police Officer, being sworn, says that the facts in support of the
search warrant are contained in the attached STATEMENT OF PROBABLE
CAUSE, which is incorporated herein by reference as if fully set forth herein.
Wherefore, your Affiant requests that a Search Warrant be issued for the seizure of
said property or any part thereof, at any time of the day, good cause therefore having
been shown.

Subscribed and sworn to as the truth and factual content of the Statement of
Probable Cause.

NIGHT SERVICE REQUESTED YES [ ] NO [X]

(Signature of Affiant)

(SEARCH WARRANT)

THE PEOPLE OF THE STATE OF CALIFORNIA TO ANY SHERIFF,
POLICE OFFICER OR PEACE OFFICER IN THE COUNTY OF NAPA: Proof
by affidavit having been made before me by Thomas Keener, Police Officer, that there
is probable cause to believe, and does believe, that the property described herein, may
be found at the locations set forth herein and that it is lawfully seizable pursuant to
Penal Code Section 1524, as indicated below by “X”(s) in that it:
___ was stolen or embezzled,

X  was used as a means of committing a felony,

X  Is possessed by a person with the intent to use it as a means of committing a public offense or is possessed by another to whom he or she may have delivered it for the purpose of concealing it or preventing its discovery.

X  The property or things to be seized consist of an item or constitutes evidence that tends to show a felony has been committed, or tends to show that a particular person has committed a felony.

YOU ARE THEREFORE COMMANDED TO SEARCH: 1409 East Avenue, Napa, Napa County California.

THE PREMISES: 1409 East Avenue Napa, Ca 94558. 1409 East Avenue is a single story family residence on the west side of East Avenue. The residence is light green with a darker green trim. The bottom portion of the front of the residence has a rock façade. The front door of the residence is white in color with the numbers 1409 affixed directly to the right of the door. There is a single car garage on the north side of the residence with the driveway also on the north side.

THE PERSONS: James Richard Jimenez, DOB: 1/29/74, HMA, 6’1”, 220, BLK, HZL, CDL [redacted]

THE VEHICLES: 1997 white Ford Mustang (Lic. No. [redacted])
THE FOLLOWING PROPERTY:

1. Methamphetamine, prescription narcotics, prescriptions, prescriptions in names other than Jimenez, pill containers in names other than Jimenez, pill containers, packaging, scales, cutting agents, ledgers, pay and owe sheets, cut straws, spoons, sifters, and items of indicia.

2. Firearms, ammunition, spent ammunition, firearms parts, gun cleaning kits, receipts and other firearms related items.

3. Money, negotiable instruments, securities, and other items of value which are forfeitable under Health and Safety Code §11470 and §11488, and if found, the same or any part thereof, to hold such property in our possession under Health and Safety Code §11470, or to release the property to the appropriate agency for federal forfeiture proceedings.

4. Cell phones and Computers including any and all information contained within these devices.

AND TO SEIZE IT IF FOUND, and bring it forthwith before me, or this Court, at the Courthouse of this Court. This Search Warrant and incorporated Affidavit was sworn to and subscribed before me this 10th day of March, 2015, at 3:13 A.M. (P.M.). Wherefore, I find probable cause for the issuance of this Search Warrant and do issue it.

NIGHT SERVICE ORDERED YES [ ] NO [X]

__________________________ Judge of the Napa Superior Courts.
AFFIANT

Your affiant, Thomas Keener, is employed by the Napa Police Department as a police officer and has been a peace officer for four years. I am currently assigned to the Special Enforcement Unit (SEU).

I graduated from St. Mary’s College with a bachelor’s degree in Business Administration in 2010. I also graduated from the California Peace Officer Standards and Training (POST) Academy at Napa Valley College in December 2010. I possess a POST Basic and Intermediate Certificate.

I have made arrests for use, possession, sales, and manufacturing of methamphetamine and other narcotics after conducting in-depth investigations. During some of my investigations, I have made arrests for child abuse related to narcotics use, possession, sales, and manufacturing.

I have conducted numerous investigations into burglaries, theft, domestic violence, assaults, and other felony cases. I have testified in Napa Superior Court and United States District Court, Northern District of California.

During my tenure as a police officer, I have had formal and informal conversations with other patrol officers, detectives, narcotics agents, gang officers, prosecutors, and criminal offenders relating to drug offenses and crimes in general. The topics of these conversations have consisted of how crimes are perpetrated, investigated, and successfully prosecuted.
I have written and served search warrants for narcotics sales and manufacturing, gun possession, possession of stolen property and other felony crimes.

- I attended a 16-hour 11550 H&S class in October 2011.
- I attended a 4-hour street level narcotics course put on by Napa Special Investigations Bureau (NSIB) in February 2012.
- I attended an 8-hour Mini Drug Abuse Recognition (DAR) course put on by the California Narcotics Officers Association (CNOA) in July 2012.
- I attended a 16-hour POST-approved search warrant course in September 2011 and in May 2014.
- I attended an 8 hour Drug Endangered Children Investigation course in June 2014
- I attended an 8-hour Criminal Street Gangs and the Nuestra Familia course put on by Serrato and Associates Incorporated in August 2014.
- I attended the 2014 California Narcotics Officers Association (CNOA) annual conference that included the following classes; Street Development, Informant Management, Human Trafficking, and Expert Courtroom Testimony.

I attended the 2015 Northern California Gang Investigators Association (NCGIA) annual conference in March 2015.
STATEMENT OF PROBABLE CAUSE

Within the last seven days your affiant has gathered information from law enforcement sources as well as information from confidential informants that James Richard Jimenez is selling methamphetamine and prescription pills within the City of Napa. Your affiant has also developed information that Jimenez is in possession of a firearm. Refer to attached sealed portion of search warrant for further details.

Your affiant has prepared a "Hobbs Attachment" that is attached to this Statement of Probable Cause and that is fully incorporated into and made part of this Search Warrant. Your affiant requests that this Hobbs Attachment be ordered sealed by the magistrate reviewing this Search Warrant, pursuant to People v. Hobbs (1994) 7 Cal.4th 948 and Evidence Code sections 1040-1042. If the information contained in the Hobbs Attachment is revealed, it would endanger the life of the informant and could destroy the informant’s future usefulness to law enforcement in detecting illegal activity. If the Hobbs request that appears of the face sheet of this Search Warrant is approved, your affiant will seal the Hobbs Attachment and your affiant or the Napa Police Department will retain the sealed Hobbs Attachment pending further order of the court. See attachment A for further details (sealed pursuant to People v Hobbs).

I request the identity of the confidential informant(s) remain anonymous. Confidential informant(s) have been injured and/or killed as a result of providing information to law enforcement about narcotic traffickers. Releasing the identity of confidential informant(s) could cause undue harm to confidential informant(s) or their family. It would also affect her/his future usefulness to law enforcement if their identity was released.
On 2/4/15 I executed a search warrant on Jimenez and his residence at 1409 East Avenue. During the service of the search warrant Jimenez was found in possession of a firearm, ammunition, and methadone possessed for sale. This incident was documented under Napa Police Department case number NPD15-718. Jimenez is currently on bail for that case.

I obtained a Record of Arrests and Prosecutions (RAP) on James Jimenez (DOB: 1/29/74). I observed he had the following convictions on the following dates:
- 1993, Convicted for 11350(a) HS, possession of a narcotic controlled substance
- 2006, Convicted for 11377(a) HS, possession of a controlled substance
- 2009, Convicted for 11377(a) HS, possession of a controlled substance
- 2014, Arrest for 11550(a) HS, under the influence of a controlled substance (Case is still pending the court process)
- Jimenez also had numerous non-drug related felony convictions including 211 PC-robbery, 459 PC-burglary, 3056 PC-violation of parole, 12021 PC-felon in possession of a firearm, 148(a)(1) PC-resisting an executive officer. His arrest record starts in 1992 and continues until 2015.

I conducted a records check on Jimenez’s driver’s license. It showed Jimenez’s address to be 1409 East Avenue as of 2/7/14. I conducted an NPD ILeads records check, which showed Jimenez’s address to be 1409 East Avenue as of 1/17/14.

Based on the totality of the above information I have received, to include the information contained in the sealed portion of this warrant, and based on my training and experience, I believe that drugs are being sold by James Jimenez and from his residence at 1409 East Avenue in Napa. I also believe that Jimenez is in possession of
a firearm. Based on training and experience, I know that methamphetamine and prescription pill dealers commonly keep a supply of methamphetamine and prescription pills on hand for immediate sale. Methamphetamine and prescription pill dealers commonly keep their supply of methamphetamine and prescription pills on their person, in their vehicles, and their residences.

Based on the previously described training and experience, I know that methamphetamine dealers commonly prepare their methamphetamine at residences by mixing it in a sifter or other mixing devices with cutting agents prior to selling it. These cutting agents are used to reduce the methamphetamine’s purity while at the same time increasing the methamphetamine dealer’s supply of methamphetamine and profit margin. A wide variety of cutting agents can be used including MSM. I know that methamphetamine dealers will package their methamphetamine at their residence in such things as coin wrappers, zip lock baggies, plastic sandwich baggies of various sizes and paper bindles. Prior to packaging the methamphetamine, dealers will sometimes weigh the methamphetamine out on scales other than bathroom scales.

Based on training and experience, I know that people who sell methamphetamine frequently keep records of transactions such as would be kept by a legitimate business person engaged in the sale of legitimate goods. Such records include, but are not limited to, customer lists, price lists, seller lists and papers bearing notations of various quantities of methamphetamine, with dates and/or amounts of money owed.

Based on my training and experience I know that people who are involved in the sales of prescription pills will commonly trade and/or barter their prescription pills from others and will often be in possession of prescriptions and prescription bottles bearing
the name of the people they obtained the pills from. I know they will obtain
prescriptions from other subjects who have a legal prescription for such narcotics from
a doctor. I know they

Based on training and experience, I know that occupants of dwellings usually receive
correspondence addressed to the occupants at that particular dwelling and/or business.
The correspondence usually includes, but is not limited to, canceled mail envelopes,
personal identification cards and papers, photographs, rent receipts, and utility
company bills. In addition, I know that other evidence of ownership and control of
dwellings and/or businesses can usually be found on the occupants of those dwellings
and/or hotels and may include, but is not limited to, keys and photographic
identification documents with names and addresses on them.

Additionally, drug dealers frequently keep large sums of money on hand from the
profits they make on the sale of their drugs, and to use for the purchase of further
drugs. I also know based on previously described training and expertise that those who
are engaged in the sale of controlled substances commonly have a difficult time
accounting for the large sums of money found at their residences and/or businesses and
under their control. I know that by looking at such items as bank statements, canceled
checks, credit card receipts, insurance receipts, rent receipts and tax returns, it becomes
fairly easy to trace moneys seized during the execution of search warrants to illegal
sources of income such as narcotics sales.

Based on training and experience, I know that narcotics and drug traffickers often use
their residential, cellular, and/or business telephones to facilitate their narcotics
trafficking. I know from my training and experience that these phones often contain
names, addresses, text messages, telephone numbers, E-mail addresses, photos, and or video files of co-conspirators to include sources of supply, financiers, customers, and runners. I know that while participating in the service of search warrants, officers have answered telephones and that many of the incoming phone calls have involved discussions of drug transactions or potential drug transactions. This is especially true when the callers are unaware of the fact that the person answering the telephone is a police officer. I also believe that these calls constitute evidence that the persons residing at the premises to be searched are involved in narcotics trafficking activity.

I am aware of the fact that narcotics and drug dealers sometimes have telephone answering machines. I know from training and expertise, as well as discussions with other police officers, that sometimes these answering machines contain recorded phone calls from potential customers who are attempting to place orders for narcotics with the drug dealer.

Based on training and experience, I know that large sums of cash and/or other valuable property are often found on a suspect’s person or in their vehicles, residences, and businesses. I request that all such moneys or property, seized under the order of this search warrant pursuant to Penal Code section 1536, and which are determined to be proceeds of drug sales, or determined to have been intended to be used to facilitate such drugs sales, be allowed to be seized under authority of sections 11470 and 11488 of the Health and Safety Code; and therefore be released from evidence, into the custody and control of the appropriate Law Enforcement agency pending adjudication of forfeiture proceedings. I further request that any seized moneys and monetary instruments may be placed into an interest bearing trust account of such appropriate Law Enforcement agency pending adjudication of forfeiture proceedings.
I also know through my training and experience that drug dealers will commonly possess firearms. They will do this to protect themselves, the drugs they’re selling, and the proceeds from their transactions. They often keep them on their person, in their residence, in their vehicles or close proximity to their location for easy access.

Based on my training and experience and the above facts, I have reasonable cause to believe, and do believe, that evidence of the commissions of felonies, to wit, violations of CALIFORNIA HEALTH AND SAFETY CODE SECTION 11377(a), possession of a controlled substance for sale, 11351 HS, possession of a narcotic controlled substance for sale and violations of CALIFORNIA PENAL CODE SECTION 29800(a)(1), felon in possession of a firearm will be located on the person of James Richard Jimenez, the vehicles under his control, and at the residence of 1409 East Avenue, Napa, Napa County, California, and request that a search warrant be issued.

Supplement Notes

SUPPLEMENT: OIS SAFETY STATEMENT

SUPPLEMENT:

On 03/13/15, I responded to the scene with [redacted]. Upon my arrival I spoke with [redacted] from the Napa Police Department to obtain the safety statement. [redacted] stated he obtained a safety statement from [redacted] who was on scene at the time of the shooting. [redacted] stated he was told Officer KEENER stated there was one suspect, he fired three rounds in a southeastern direction at the suspect.

EVIDENCE:

BC-1 Audio Recording of Safety Statement

RECOMMENDATION:

Attach to report.
Officer Thomas Keener
Napa Police Department
Badge # 159
SUPPLEMENTAL REPORT
OFFICER THOMAS KEENER INTERVIEW

INVESTIGATION:
On 03-13-15, Officer Thomas Keener of the Napa Police Department was reported as being involved in an Officer involved shooting. He was subsequently transported to Napa County Sheriff’s Department where he was sequestered with an uninvolved peer support officer. Off. Keener was processed by Napa County Detectives and provided substitute clothing to wear. At no time during the processing was Officer Keener questioned on the incident he had been involved in.

At the conclusion of the processing I spoke with Officer Keener with [redacted] from Goyette and Associates present. I informed Officer Keener that I would not be requesting an interview with him tonight, but wished to set one up within the next day or two. Officer Keener was agreeable and we planned to meet at Napa Sheriff’s Department on 03-15-15 at 0900 hours.

On 03-15-15 at approx. 0900 hours, I met with Officer Thomas Keener and [redacted] of Goyette and Associates at the Napa Sheriff’s Department. I escorted them into NSD interview room #3 (soft room). I advised them of the personnel who would be remote monitoring the interview and confirmed they would be ready to begin shortly.

It should be noted the interview was video and audio recorded. The recordings were later booked into NSD evidence. The following is a summary of the events on 03-13-15 as told to me by Officer Keener. It should be noted the events may be depicted below in an order not told during the interview. The report does not reflect his statement in its entirety and for full statement, see video and audio recording. Also present during the interview was [redacted] from the Napa District Attorney’s office and [redacted] from Goyette and Associates. The interview was observed remotely by [redacted] (NPD).

I advised Officer Keener of his rights per Miranda verbatim from and issued Miranda card. He stated he understood those rights by stating "Yes I do". I asked if he was good speaking with me having those rights in mind. He replied "Yes I am".

I advised Keener I wanted to confirm he was here voluntarily to provide a statement. He stated "Yes I am". He stated the statement he was about to give he would be doing so free and voluntarily. I advised Keener the doors to the interview room were unlocked and he could stop the interview at any time he wished.

Keener stated he did not feel anything would hamper him from providing a statement. He felt well rested and was
allowed ample time to process the events. During the interview, Keener did not display and signs of stress or difficulty in recounting the events. He communicated clearly and provide a concise and complete statement.

**Experience and Duties**
Thomas Keener stated he is currently employed with the City of Napa as a police officer. He has been an officer for little over 4 years. He is currently assigned to the Special Enforcement Unit (SEU).

Keener stated he attended the Napa Police Academy from July to December 2010. Prior to that he attended St Mary’s College where he obtained a Bachelor’s degree in Business Administration. After completion of the Academy, he completed a field training program and probation period with the Napa Police Department.

During his tenure as a police officer he has attended 11550 school, drug recognition class, Search Warrants A-Z class on two occasions, a Nuestro Familia class administered by Serrato and Associates (an STC certified law enforcement training provider), 2014 California Narcotics Officer Conference, 2015 Northern CA Gang Investigators Association conference and numerous in service trainings on topics to include but not limited to firearms, use of force, defensive tactics and report writing.

Keener stated he worked 4 years on patrol on a variety of shifts, teams and schedules. He began with the SEU team in January 2015. The SEU unit is comprised of [redacted] and himself. The unit is assigned to Quality of Life Issues within the city of Napa and address gang issues. They accomplish these tasks by creating proactive cases as well as other investigative techniques. The unit goes by call sign "2K1" or "2K2". On the day of the incident they went by the call sign "2K1". The normal shift hours for Keener are Tuesday thru Friday. On Tuesday thru Thursday they work noon to 2200 hours. On Friday nights they work from 1400 to midnight. On 03-13-15, they began their shift at 1100 and were scheduled to work until 2100 hours.

They have an unmarked unit assigned to their team. It is a silver Ford Explorer with emergency lighting and sirens. The emergency lighting consists of strobe emergency lighting in the front end and headlights and a red and blue light that flips down with the front passenger visor.

**Uniform**
Keener stated his normal duty uniform is tennis shoes, jeans, a black shirt and a tactical vest. Keener wears his metal Napa Police Badge on his belt. There is an embroidered badge on the vest. The word "POLICE" is clearly marked on the front and back of the tactical vest. He was wearing this attire on 03-13-15 and stated the items photographed depicted what he was wearing during the incident. All SEU personnel were similar attire.

On the day of the incident he was specifically wearing a black Under Armor t-shirt, his tactical vest which contained a radio, 2 handgun magazines for a Glock pistol each containing 15 rounds, 2 sets of handcuffs and an administrative pouch that contains a recorder and writing utensils. He carried a larger flashlight (on his belt) and a smaller flashlight. He carried his department issued Glock 22 pistol in a holster on his left hip. The weapon has a streamlight light attached to it. His Napa Police badge was attached to the right side of his belt. He does not carry a backup weapon. His issued Glock had a magazine containing 15 rounds and one round in the chamber, which is the standard way he carried the weapon. He stated the ammunition was Federal brand .40 caliber.

**Prior to Incident**
Keener stated he awoke at approx. 0800 hours. He performed some chores around his residence and ate breakfast. He arrived at Napa Police Department at approx. 1030 hours. The plan had been to attend the range to qualify with their firearms. Once at the police department, he met with [redacted] and [redacted]. Keener procured his equipment (tactical vest, belt. Handgun and rifle) and the three of them proceeded to the range.
Once at the Napa Police Range he completed his quarterly handgun and rifle qualifications. I asked him to explain the qualification process. This was a 10 round rifle and handgun qualification. They began handgun qualifications with a single round shot to the head from 3 yards, they moved back and were required to shoot 2 rounds to center mass and one to the head. They continued this procedure, moving back and increasing the distance until they were at the 25 yard line. Keener stated he missed one round from the 25 yard line and completed that portion a second time. Once there they fired 2 shots to center mass. The rifle qualification was similar but had greater distances and was completed at the 50 yard line.

At the completion of range, Keener cleaned and function checked his handgun. This was the same handgun that was used during the incident.

After the range, Keener and Keener departed the range and had lunch at Monticello Deli. Keener had a chicken sandwich, chips and water. Napa Sheriff’s who was off duty happened to come into the deli and joined them for lunch.

Keener recalled going back to the police department at some point but did not recall the particulars. The next thing he recalled was that they then performed a probation search at Greg Martin’s residence. They had observed Martin driving in the area and followed him to his residence. They were aware a wanted person was living at his residence. When Martin arrived, Keener approached the vehicle and discovered the wanted subject in the vehicle. He subsequently arrested her. While approaching, he did not have his gun drawn. They performed a probation search of the residence and cleared the residence. While enroute to the jail, the female subject admitted to having methamphetamine in her bra. She retrieved the methamphetamine and was subsequently booked at the Napa County Detention Center.

While the female subject was booked, Keener met with Deputy District Attorney regarding an unrelated incident. Keener returned to the jail and picked up and They left the jail and drove by 1409 East Ave. That address was of particular importance as Keener had authored a search warrant for the residence and one of its occupants, James Jimenez, 01-29-74. They did not locate Jimenez and returned to Napa Police Department where they picked up

**Search Warrant**

I asked Keener to explain the search warrant and why he had authored one. Keener stated he had gained information that James "Jaime" Jimenez, who resided at 1409 East Avenue had recently come into possession of a .380 caliber handgun. Jimenez had been introduced to who resided on . A deal was brokered for Jimenez to trade a guitar to in exchange for the handgun. The guitar was provided at that time, but the gun was to be procured at a later date. Keener also learned that Jimenez had been in possession of approx. 1 ounce of methamphetamine within the past week and was selling methadone pills. Jimenez had a prescription for methadone.

Keener conducted a records check of and confirmed he had a Hi-Point .380 caliber handgun registered to him. Keener authored a search warrant based on the information he had obtained as well as Jimenez’s previous criminal history, to include a previous search warrant Keener had authored. Keener also knew Jimenez was a prior convicted felon and could not be in possession of a firearm. The current search warrant was reviewed by and Napa DDA prior to being reviewed and signed by Napa Superior Court Judge Elia Ortiz. The warrant was signed on 03-10-15. The items sought in the warrant were firearms, methamphetamine and items related to the sale of methamphetamine or possession of firearms. The person and residence authorized to search in the warrant was James Richard Jimenez (01-29-74) at 1409 East Avenue in the city of Napa.

After having the warrant signed, Keener conducted an operational briefing and established surveillance on the target residence on 03-10-15. The briefing was attended by (NPD K-9 Handler) and at 4/13/2015 09:43
Keener stated he completed the Napa Police threat matrix to determine the level of force required for entering the residence. The threat matrix determines the level of threat associated with a particular residence and subject based on many factors, to include criminal history, nature of crimes, items sought among other indicators. The matrix calculates these factors into a number which indicates whether special precautions are required, such as SWAT teams. The number for inclusion of SWAT personnel is 25. In this case, the matrix indicated forced entry into this residence would require a SWAT callout with a matrix number of 40. The SEU team planned on surveilling the residence and waiting for James Jimenez to leave the residence. He would then be contacted away from his residence and searched pursuant to the warrant. and were not specifically assigned to the warrant, but made aware of the situation and were to be in the outlying area in marked units.

At the conclusion of the briefing, and Keener attempted to establish surveillance from multiple vantage points around the residence. They did not see Jimenez leave at any time and eventually left the area. On Wednesday, 03-11-15 and Keener briefed on the operation and search warrant for Jimenez. They again established surveillance on the residence, but were not able to locate Jimenez. They did not attempt to serve the warrant in Thursday, 03-12-15.

**Previous Search Warrant**

Keener had received information that Jimenez had been selling heroin and cocaine out of his residence at 1409 East Avenue. Keener established Jimenez resided at that residence though vehicles parked and registered at the residence. A criminal history check of Jimenez stated he had multiple convictions for prior narcotics sales, conviction for robbery, 

elon in possession of a firearm and assault with a deadly weapon. He had an arrest for resisting a peace officer and multiple parole violations. Most of the incidents were from Solano County, however Keener was aware of a particular incident in Napa County in which he had reviewed the report and spoke with the arresting Deputy. In that instance, in June 2014 (NSD) conducted a traffic stop in which Jimenez was the passenger. Jimenez had been attempting to conceal cocaine and a drawn out struggle and fight ensued with .

With that information, Keener authored a search warrant which was reviewed by and a deputy district attorney. The search warrant was then reviewed and signed by a Napa Superior Court Judge. Keener conducted an operational briefing with and Napa Special Investigations Bureau (NSIB) task force agents. The method of operation was similar to the most recent operation in that they would wait for Jimenez to leave the residence and contact him via a traffic enforcement stop or pedestrian stop away from the residence. Keener recalled the threat matrix being similarly high, resulting in the strategy to contact Jimenez away from the residence.

On this particular incident they observed him leave the residence and drive to Walmart. They contacted Jimenez and detained him pursuant to the warrant. Keener was wearing uniform clothing similar to what he was wearing on 03-13-15. He only recalled the only difference being a long sleeved shirt on under the tactical vest. The other officer’s involved in this detention were dressed in similar attire, civilian clothing with marked "raid" vests. Once at Walmart, Jimenez exited his vehicle and walked to the back of his vehicle. Keener detained Jimenez at gun point at this time. Jimenez immediately stopped when ordered and appeared to recognize them as police officers. Keener had his gun drawn and did not shoot Jimenez during this contact.

During this detention, Keener located a bottle of methadone during a search pursuant to the search warrant. A digital scale and 2 methamphetamine pipes were also found the vehicle. They returned to the residence and with the aid of a key provided by Jimenez, conducted a knock and notice and searched the residence at 1409 East Avenue. This search yielded approx. 100 rounds of 9 mm ammunition, indicia to Jimenez and a frame for a Walther handgun. Keener noted at the time that Jimenez had multiple guitars in the garage are of the residence, where Jimenez’s living area is. Jimenez was subsequently arrested by Keener for these offenses.
During an interview with Keener regarding this arrest, Jimenez stated he was a "Northern Structure" "drop out". Keener stated he knew the "Northern Structure" to be an organized prison gang. Jimenez stated he had spent 18 of 23 years in prison including a stint at Pelican Bay, a level 4 facilities. Jimenez stated he had "ordered hits" as part of his participation in the prison gang. I asked Keener what the term "hits" meant to him. Keener did not inquire further from Jimenez at the time, but from training and experience understood it to mean to include stabbings and assaults on other inmates or guards. Keener also searched Jimenez’s cell phone and observed conversation related to the sale of methadone pills and photos of a handgun. A subsequent forensic exam of the phone discovered information that Jimenez had been involved in the sale of a 12 gauge "tactical shotgun".

Keener transported Jimenez in the SEU silver colored Ford Explorer to NCDC and booked him on the charges. Keener stated Jimenez was inside the silver Napa PD Explorer and is aware that particular vehicle is a police vehicle.

**Previous History and Knowledge
Keener stated he saw Jimenez on one other occasion at Starbucks in Napa. On that occasion, Jimenez had multiple items of red clothing on. Keener knew red clothing was indicative of potential gang membership, particularly Northern Structure. Keener stated he knew from previous experiences that subjects attempt to hide their gang affiliation form law enforcement and will state they are "drop outs" when in fact they are not.

He additionally is aware that lower level narcotics dealers will ingest narcotics themselves. Under the influence of narcotics, person will act differently than normal. Further, lower level dealers will typically arm themselves to protect themselves from robberies, enemies and law enforcement.

Keener stated he did not particularly observe any notable tattoos on Jimenez. However, prior to contacting him he had spoken with Capacitors (NPD) who had a contact within the Ca Department of Corrections and Rehabilitation (CDCR). This contact was an agent within the Institutional Gang Investigations unit who informed Keener that Jimenez has a Huelga bird tattoo on his person. Keener knew the Huelga bird can be associated with the Northern Structure, Nuestro Familia gang. He had received this information while authoring the initial search warrant.

**Incident
Keener recalled getting nothing at the police department and not much else until the incident began. He recalled driving by the residence and noting nothing of significant change. They drove past the residence and eventually parked on a street which was perpendicular to East Avenue. The SEU team talked about an option of "soft knocking" the door at 1409 East Avenue and seeing if Jimenez would come to the door. Keener advised they would not be forcing entry into the residence.

As they had this conversation, Keener recognized Jimenez traveling on East Avenue on a small motorcycle. He turned onto the street they were parked on (Highland Drive).

At this point of the interview, Keener requested a bathroom break. We took a short break in which no member of the investigation team conversed with Keener.

Upon returning, Keener stated he wanted to inform me that on Wednesday, 03-11-15, he gained information that Jimenez had retrieved the .380 handgun from Independents the registered owner at approx. 0400 hours and was currently in possession of it.

Keener stated he saw Jimenez riding the motorcycle without a helmet and was easily able to recognize him. Keener was seated in the right rear passenger seat. Independents was driving, with Independents in the front passenger seat and Independents in the left rear passenger seat. The rear windows of the vehicle are tinted, but Keener initially observed...
Jimenez through the un-tinted windshield. The lighting conditions were daylight and he had a clear and unobstructed view of Jimenez. Keener stated he had no doubt in his mind that Jimenez was the operator if the motorcycle.

At this time I showed Keener a CalPhoto of James Richard Jimenez, DOB 01-29-74 with the identification data hidden. I asked if he recognized the person in the photo. He stated without hesitation that it was James Jimenez.

I produced 2 printed out photos from Google maps of the area around 1409 East Avenue. I asked Keener if he was able to point out their vehicle position on the maps. He initially looked at the maps, but eventually stated he would be guessing and did not want to guess. I later scanned the maps into the iLeads for reference.

Jimenez was wearing a flat billed baseball hat and had a lollipop in his mouth. He had on an oversized, zip up, hooded sweatshirt and dark colored jeans. Other SEU members communicated they recognized Jimenez as well and made a U-turn to follow Jimenez. As Jimenez passed, Keener observed Jimenez out the rear window of their Explorer and saw Jimenez looking back over his shoulder at them. Jimenez faced forward again and accelerated his motorcycle. He later stated he knew the motorcycle was accelerating because he saw the back end drop and additional flames exit the exhaust. Jimenez made a left hand turn (onto Hill Ave.) and continued to accelerate while continually looking back the SEU team. As he approached the next intersection (Spring Street) he attempted to make a left hand turn. Jimenez failed to negotiate the turn and fell off his motorcycle. The SEU team had activated their emergency lights and sirens prior to the accident. He specifically recalled flipping down the visor and telling Keener to activate the lights and siren. At that time Keener turned on his portable radio and attempted to notify dispatch of the pursuit by stating "2K1, code 33". He was unsure if the radio transmission got out.

As the motorcycle continued, Keener observed Jimenez look back at them while their lights and sirens were activated. After attempting to make the turn, the motorcycle skidded away from Jimenez and he was on his hands and knees face down. Jimenez was facing perpendicular the Keener's position. The motorcycle came to a rest somewhere in the middle of the intersection, with Jimenez not to far from it.

As the SEU team approached, Keener saw Jimenez look back at them and thought he would give up and "prone out". However, Jimenez got up quickly and began running away from them. He was not running very fast and Jimenez appeared to be reaching for something in the back, left portion of his waistband. He later stated his running was not at full speed because Jimenez appeared to be doing multiple things at once (locating police, reaching and running) causing him to slow down. As Keener described this, he imitated by reach easily with his left hand to the rear portion of his left hip at the waistline with his left hand.

stopped the vehicle, but Keener was unsure of where in correlation to Jimenez. Keener stated he exited the vehicle with his handgun drawn and pointed towards Jimenez. He estimated he was approx. 20 feet from Jimenez. He shouted multiple times "show me your hands!". Jimenez continued to reach with his hand towards the back area of his left waistline (Keener again imitated this motion). Keener clearly saw Jimenez's right hand in front of him and it did not appear to be doing anything and Keener continued to approach and shout commands to "show us your hands". Jimenez continued to reach towards his waistline. Keener heard say either "He as a gun" or "He has the gun" at which time Keener feared that Jimenez was reaching for a handgun in his waistband. Keener knew from training and experience that the waistband area is a common place for a firearm to be carried. He discharged his firearm three times at Jimenez. He observed one bullet strike Jimenez in the chest area, but was unaware of the location of the other shots. Keener did not know if Jimenez was left or right handed.

Post Shots fired
Jimenez fell onto his back and Keener clearly saw both of his hands in front of him. Keener maintained lethal cover while approached Jimenez. and retrieved a handgun from one of Jimenez's sweatshirt pockets. Davis placed the gun on the hood of the SEU vehicle.
Keener said he recognized the gun as a Hi-Point due to its large slide / barrel area and oversized "beaver tail". Keener said Jimenez was placed in handcuffs and began life saving measures.

Keener holstered his firearm and was soon met by the NPD. Keener then transported Keener back to Napa Police Department. No one asked him questions regarding the incident.

**Clarification and Human Factors**

I asked Keener some clarifying questions. He stated that as their vehicle came to a stop and he exited with his handgun drawn, he observed Jimenez turning towards them and reaching to his waistband. Again he imitated the movement by reaching with his left hand towards the left rear portion of his hip area at the waistband. I asked Keener where Jimenez was in relation to him as they exited the vehicle. Initially, Jimenez was in front of him, but with the flow of events Keener came off set with another who was very close in proximity to Jimenez. Keener estimated Jimenez was within 2-4 feet of Jimenez. He was to the left of Keener and they were both on the right side of Jimenez as he was running in a southeastern direction.

Keener explained Jimenez was not running away with his back to them, but running and turning towards them to gauge their location. He briefly looked forward but quickly looked back at the officers and maintained a visual while still reaching into his waistband area. Keener knew and were off to his left, but could not see them out of his peripheral vision.

I asked Keener what was going through his mind during this incident. Upon identifying Jimenez, Keener's initial feelings were to detain him for the warrant. As he saw Jimenez flee, he believed that he was involved in criminal activity as it was clear they were law enforcement and Jimenez had previous contacts with the SEU team. Keener believed based on Jimenez's actions after they turned around and activated their emergency lighting and siren, that he possessed either narcotics or a weapon.

Keener was aware of Jimenez's criminal history and that he was a "2 striker". Jimenez had spent a lot of time in prison and some individuals will do everything they can to avoid going back to prison. The actions Jimenez displayed indicated strongly that he did not want police contact and was going to avoid them. Keener believed that Jimenez was fleeing because he had the gun on his person and Jimenez was well aware from his own experiences that he would go back to prison if caught with a handgun. Further Keener was aware that Jimenez was currently out on bail for an arrest of felon in possession of a firearm. I asked if Jimenez appeared to be acting differently on this occasion compared to the initial search warrant. Keener stated yes. On the initial warrant Jimenez appeared shocked by the contact. Keener stated he did not find a gun on Jimenez's person during the first search warrant. On this incident Jimenez appeared "extremely motivated".

I asked Keener if he normally exits his vehicle with his gun drawn. Keener stated exiting the vehicle with a gun drawn is not normal, but based on the circumstances it was warranted for officer and civilian safety. Initially he had the gun at a "low ready" but raised and aimed it at Jimenez as he drew closer and he refused to show his hand. As he approached, he had his finger indexed on the weapon and moved it to the trigger prior to discharging the weapon 3 times in quick succession. Firing the weapon 3 times is consistent with the training he has received. He felt based on the criminal history and the actions taken by Jimenez that he was an "extreme threat" to his fellow officers and civilians. He noted the area in which this occurred was a residential area around 1700 hours on Friday, a time in which people are coming home and preparing for the weekend.

Keener was unaware if his fellow officers had their weapons drawn. I asked if he had his gun out. Keener stated he believed he did not and thought was preparing to go "hands on" with Jimenez. Keener described Jimenez as 6-1 tall approx. 220 pounds and a "stockier" build. He was wearing oversized clothing, consistent with a "gangster" or "thug" style. The large sweatshirt covered his waistband and pockets area. Additionally, the oversized clothing has
larger pockets and waistband, making it easier to conceal weapons. The sweatshirt was oversized and baggy enough that while running and turning the front of it could have swung to Jimenez's side or back area. The area in which Jimenez was reaching for was consistent with placement of a firearm towards the small of your back or the left hip area.

Keener stated the situation had a potential for danger as he approached Jimenez and he was reaching in his waistband. I asked what potential dangers he felt existed. Keener thought Jimenez was reaching for a firearm because he knew firearms are commonly stored in the waistband area. He was also aware that it was possible for Jimenez to get the firearm and fire a shot prior to Keener returning fire even though his gun is at a "low ready" position. Keener was aware that there have been extensive studies through the Force Science Institute that illustrate the officer disadvantage due to the reactionary nature of the situation.

Keener stated he knew firearms can cause great bodily injury or death to officers, bystanders and him. In that particular situation at that time, Officer Keener had great concern about the safety of himself, fellow officers and bystanders with regards to a firearm and the injury it could cause. Keener later stated that he was in "extreme fear" for himself and his fellow officers. He was well aware that even though they are wearing tactical vests, they can be shot in other areas that would cause great bodily harm or death. I asked how many times Jimenez reached back towards his waistband. Keener stated his left hand was back there the entire time and he appeared to be fumbling due to his oversized clothes.

When Keener heard [redacted] announce that Jimenez had a gun, he believed based on his position [redacted] may have had a better view of Jimenez's backside. Keener believed [redacted] had actually observed a gun on Jimenez's person and that it was Jimenez was reaching for in his waistband area. Keener has worked on numerous occasions and was assigned to his patrol teams prior to being in SEU. He has experience with [redacted] in high stress situations and is aware that he is a SWAT operator for 22 years with a vast knowledge of defensive tactics and use of force situations. When he said something, especially in regards to someone possessing a gun, Keener takes it at his word that he is 100 percent accurate.

I asked if he had any concerns regarding [redacted] going hands on in this rapidly moving engagement. Keener was concerned that [redacted] was in close proximity and may not have seen Jimenez with a gun. Further if Jimenez did draw a weapon, [redacted] would not have the reaction time to deal with that threat. If Jimenez was able to get the gun and discharge the weapon [redacted] would have most likely been shot. Further, Keener was worried if [redacted] went hand on with a subject with a gun, a shot could be easily discharged in the physical altercation and it severely limits any tactical advantage and becomes extremely unsafe.

**Medical / Alcohol / Previous Day**

Keener stated he had an unobstructed view of Jimenez during the contact.

The day prior to the incident, Keener had a training day at Napa Police Department. The morning consisted of use of force situations with simmunitions. They included potentially armed and suicidal subjects. They had instruction on the SAGE and Peperball guns in the afternoon. He finished training at 1700 hours, went home and ate dinner. He did not have any alcoholic beverages. He got approx. 9 hours of sleep and felt rested when he woke up.

He will drink alcohol on an occasional basis and does not normally drink during his work week. He had not had any alcohol in the previous 48 hours from the incident.
At this point in the interview we took a short break.

Upon our return I asked him Keener if he has any experience with where persons can hide weapons. He stated in 2014 he made a traffic enforcement stop in which it was later discovered the subject had a loaded .25 auto handgun in his waistband. He personally carried his off duty concealed in his waistband as do many other law enforcement officers. He has attended in service trainings in which it is discussed and shown that suspects carry firearms in their waistband area. He stated he was aware bullets could be fired through clothing and will easily continue their trajectory.

He has obtained training within the last year on his department policy concerning use of force and officer involved shooting protocol.

At this time I ended the interview.

RECOMMENDATIONS:
Case pending further investigation.

SUPPLEMENTAL REPORT
OFFICER [REDACTED] INTERVIEW

INVESTIGATION:
On 03-13-15, [REDACTED] of the Napa Police Department was reported as a witnessing officer in and Officer involved shooting. He was subsequently transported to Napa County Sheriff's Department where he was sequestered with an uninvolved peer support officer. [REDACTED] was processed by Napa County Detectives and provided substitute clothing to wear. At the conclusion of the processing, I spoke with [REDACTED] in interview room #3 (soft room) at the Napa County sheriff's Department. During the interview, [REDACTED] was able to communicate freely and easily. He did not appear to be under any duress or emotionally unable to converse at this time.

It should be noted the interview was video and audio recorded. The recordings were later booked into NSD evidence. The following is a summary of the events on 03-13-15 as told to me by [REDACTED]. It should be noted the events may be depicted below in an order not told during the interview. The report does not reflect his statement in its entirety and for full statement, see video and audio recording. Also present during the interview was [REDACTED] from the Napa District Attorney's office and [REDACTED] labor representative from Goyette and Associates. The interview was observed remotely by [REDACTED] (NPD), [REDACTED] (NPD) and [REDACTED] (NPD).

I advised [REDACTED] that he was under no obligation to speak with me and I was seeking his statement voluntarily. I explained that he was free to leave at any time and the door to the interview room was unlocked. He stated he understood and wished to provide a statement.

**Experience and Duties**
[REDACTED] stated he is currently employed with the City of Napa as a police officer. He has been an officer for 7.5 years and began his career at Calistoga Police Department. He was at Calistoga PD for approx. 5 years.

[REDACTED] went the Napa Valley Police Academy and graduated in June 2007. I asked him to tell me about schools and training he has attended during his career. He attended Interview and Interrogation School, POST Narcotics Investigation School, CalGang, Marijuana Eradication Investigation school, 11550 school, Drug Endangered children class, 2 gang related conferences and California Narcotics Officers association conference. He is currently assigned to the Napa Police Department Special enforcement Unit (SEU) team. The current team members are [REDACTED], Officer Thomas Keener and [REDACTED]. Their primary role is the investigation of gang related crimes, gang suppression and gang member documentation. They are also tasked with "quality of life" issues that rise in the community, to include sales and distribution of narcotics. He has been a member of the unit since February 2014.
His normal shift is Wednesday thru Saturday.

**Prior to Shooting**

I asked [person] to tell me how his day progressed after waking up on 03-13-15. He awoke in the morning at approx. 0830 hours after approx. 9.5 hours of sleep. He met his team members ([person] and Off. Keener) at Napa Police Department and they proceeded to the Napa Police Department Range. They arrived at the range at approx. 1045 hours and they qualified their handguns and rifles. This was an "open range" day and all members of the Napa Police Department could be present.

I asked [person] to explain the qualifications that he performed on this day. He stated they were required to shoot from distances of 3, 7, 15, 25 and a farther distance (he was unable to recall the exact distance) within a certain amount of time. Some of the distances required a head shot. After completing the qualification, he cleaned and functioned checked his handgun. The gun operated as designed. [person] qualified, cleaned, function checked and left the range with his department issued Glock 22.

After the range, [person] and [person] went to Monticello Deli for lunch. After lunch the three of them drove by the residence of James Jimenez, 1409 East Avenue in Napa. [person] was aware SEU had secured a search warrant for the residence and members of the unit had conducted surveillance on the residence the previous days. He had knowledge of the search warrant and target based on the preparation done by Officer Keener in the week leading up to signing of the warrant. That knowledge include information that Jimenez had obtained a gun and he may have it in his possession. They did not observe Jimenez or his vehicles at the residence and other members of the unit commented nothing appeared to have changed from previous surveillance. Therefore, the SEU team proceeded on from the residence without making contact.

[person] and Off. Keener proceeded to conduct a probation search at [person] residence, located at 2210 Sandra Drive. They had obtained information that a wanted person was staying at the residence. They attempted contact at the residence, but did not receive an answer at the door. During an area check they observed driving a vehicle towards the residence. They followed him to the residence and contacted in the driveway. The wanted subject was laying on the passenger floor of the vehicle and was subsequently taken into custody. She was then transported to Napa County Detention Center (NCDC) where she admitted to having methamphetamine in her bra. The narcotics were recovered and the suspect was booked into the jail.

The team did not maintain full time surveillance on the residence, instead deciding to drive by at random intervals looking for changes. They continued patrol type functions in the city of Napa as typical with their normal duties. They met with patrol officers at Walmart and conducted an investigation into two known Norteno gang members [person] arrested one of the suspects for a violation of probation and subsequently booked him into NCDC.

The team left the jail, got drinks at Fresh and Easy Market and went to Napa Police Department to pick up [person] had completed his duties as a range master and contacted the team to meet up. After getting [person], the SEU team (now consisting of [person], [person], [person], and Off. Keener) left the police department in their unmarked, silver colored Ford Explorer, unit number 2310. [person] could not recall the exact time but estimated it was approx. 1 hour prior to the incident.

After leaving the police department, the team drove by the target residence (1409 East Ave.) two more times. They continually drove by the residence in an effort to see if anything had changed, indicating James Jimenez might be present. Their intention was to serve the search warrant on that day. I asked if they had an operational briefing regarding the search warrant. [person] stated they did have a briefing in their vehicle prior to driving by the residence. During the briefing it was stated they would not be making a forced entry into the residence due to the "threat matrix" on the residence.
The threat matrix determines the level of threat associated with a particular residence and subject based on many factors, to include criminal history, nature of crimes, items sought among other indicators. The matrix calculates these factors into a number which indicates whether special precautions are required, such as SWAT teams. In this case, the matrix indicated forced entry into this residence would require a SWAT callout. The SEU team planned on surveilling the residence and waiting for James Jimenez to leave the residence. He would then be contacted away from his residence and searched pursuant to the warrant.

**Incident**

They continued to drive around the neighborhood, observing residences that Off. Keener knew to be associates of James Jimenez. He did not know the addresses of the residences they drove by. The team parked on the south side of Highland Drive, facing east discussing the possibility of knocking on the door of 1409 East Avenue. They were parked very close to the intersection of Highland Drive and East Avenue. was driving the unmarked silver Ford. was in the front passenger seat, Off Keener was seated in the right rear seat and was seated in the left rear seat. While there, observed a male subject riding a "scooter" came to the intersection of East Ave and Highland drive. The scooter stopped for a southbound vehicle and looked at the SEU vehicle numerous times. Stated the subject appeared to recognize them as it is not uncommon for gang members and civilians to recognize the un-marked vehicle as law enforcement. After looking at them, the subject accelerated and turned west onto Highland Drive and drove past the SEU team. As he passed, recognized the subject, who was not wearing a helmet as James Jimenez. had previously viewed photos of Jimenez. He informed the team members of his identification. Jimenez continued to accelerate past their position and looked back at them numerous times.

made a U-turn from their parked position and began following Jimenez. observed Jimenez make a left turn onto an unknown street (Hill Avenue) and continues to accelerate. attempted to catch up to Jimenez and placed the passenger side visor in the down position (viewable to the outside of the vehicle) because it contained the solid red emergency light and a flashing blue light. The vehicle additionally has "strobe wig-wag" lights in the front headlight assembly and the rear taillights. As they turned the corner onto Hill Avenue, told to activate the emergency siren and lights, which he did. The pursuit continued and it appeared obvious that Jimenez knew they were law enforcement. came to this conclusion because Jimenez continued to look back over his shoulder at their vehicle with the emergency lights and sirens activated. After looking, Jimenez continued to accelerate and showed no indication that he was going to yield. recalled seeing the motorcycle bouncing up and down on the street due to the speed and acceleration. He later recalled someone in their vehicle saying it appeared Jimenez was reaching for something while driving away from them. Based on his past personal experience with fleeing persons, Jimenez displayed many of the same traits on this occasion.

As Jimenez approached the next intersection (Spring Street) he crossed over center of the road to cut the corner and make a left turn. There was a large patch of dirt in the roadway which caused Jimenez to lose control of the motorcycle as he went through it at approx. 30-40 miles per hour. observed the motorcycle begin to "wobble" and then go down to the ground. He saw Jimenez hit the ground "hard", bounce up and hit the ground again. was unsure which part of Jimenez hit the ground initially. The motorcycle was to the front and left of their vehicle as it crashed. Once the motorcycle went down, it slid to the right. Once their vehicle stopped, Jimenez was in front of their vehicle and slightly to the left.

At that point, they closed the distance in their vehicle. parked the vehicle and quickly exited. Continually was able to observe Jimenez after he went down on his motorcycle. After hitting the ground, estimated he was down for approx. "half a second" and appeared to be shaken up. Jimenez looked directly at the SEU team and attempted to push himself up off of the ground, lost his balance and tried to push himself up again. During this time, stated Jimenez was reaching for his waistband. While making the statement,
physically indicating that Jimenez was reaching with his one hand into the front portion of his pants waistline. While at the same time, using his other hand to try and push himself up from a position on the ground. However, the kinetics and momentum of the movements would cause him to fall back down onto the ground. It was stated Jimenez appeared to lose his balance and fall back down onto the roadway again. As this is occurring, Jimenez is reaching to his waistband or lower sweatshirt areas, which were all in close proximity of each other. While stating this, again physically imitated the movement by reaching with one hand to the front portion of his waist band and shirt and making a grasping and fumbling type motion with one hand.

It was estimated he was approx. 30 feet away from Jimenez at this time and is approaching from Jimenez’s right side. After the fall, Jimenez got back up and was “on his side” and continued to reach into the left pocket on his sweatshirt. It was stated this happened within a few seconds, but recalled Jimenez reaching with his right hand as well. Again imitated the movements by reaching with his hands into the front portions of his waistband and lower shirt area. Jimenez was stumbling backwards at this time, but continually reaching into his waistband and lower sweatshirt area. It indicated the area of the sweatshirt near the stomach at the bottom of the sweatshirt. I understood him to be indicating this to be the area were the sweatshirt pockets would be normally located. It was stated he continued to close the distance by running towards Jimenez and was yelling commands to "stop" and "get your hands up" 3-4 times. It was stated it was their intention to take Jimenez into custody. Jimenez continued to back peddle and get away from them, however he continued to reach into his waist band. Jimenez fell onto the ground again and now appeared to be pulling something out of his waistband area. It was stated he could not see "what he was trying to do" but it appeared to him that Jimenez was attempting to retrieve a weapon or contraband. It knew from experience that this is an area where criminals keep contraband and weapons. I later asked what he thought Jimenez was reaching for and he stated there was no doubt in his mind that Jimenez was reaching for a weapon.

It was stated he had his firearm drawn and it was pointed at Jimenez as he approached and gave commands. It was the closest officer to Jimenez and did not see any of his fellow officers out of his peripheral vision. It came within approx. 15 feet and contemplated re-holstering his firearm and going hands on with Jimenez because he continued to backpedal and try to get away. At this time, heard three gunshots that he believed came from behind him and to his right; however he was unsure exactly where they came from. It was momentum continued to carry him towards Jimenez and into the path of where he thought the shots came from. He heard someone yell "He’s got a gun" or a similar statement. He later stated he thought it was who made the statement. Maintained lethal cover and retreated to a large tree for cover. Observed Jimenez was bleeding from his mouth area and saw Off. Keener to his left near the tree as well.

**Post Shots fired**
and were in the street. Jimenez was on the ground, moving and breathing. gave orders to Jimenez to not move and then told and to secure Jimenez. As they walked up he heard them say "there is a gun in his pocket" or something similar. Observed Jimenez on his back and his sweatshirt was "flipped out" physical imitated this by flipping his shirt up, exposing the underside of the lower portion of his shirt. Saw an "L shape" object outlined in his sweatshirt. Saw them obtain a handgun from what he believed to be the left sweatshirt pocket of Jimenez. He was unsure which officer retrieved the gun. They rolled Jimenez to his stomach to handcuff him.

At that point it was apparent Jimenez was no longer moving and they began providing first aid. Holstered his weapon and approached Jimenez. Applied first aid from a pouch he had retrieved from their vehicle. Lifted up Jimenez’s shirt and observed one wound which appeared consistent with a bullet in his upper right chest area. Jimenez appeared to be breathing and felt a slight pulse. Began CPR while applied dressings. He continued chest compressions until medical personnel arrived. During this observed a large amount of blood coming from Jimenez’s mouth.
i asked if he had ever made any radio transmission during the incident. said he did not. i asked what clothing jimenez was wearing. recalled a black and red, zip up, hooded sweatshirt. he did not recall the exact type of pants and he was wearing sneakers with red on them.

**clothing**

i asked what he was wearing during the incident. he stated he had on a long sleeved black shirt with "police" written on both arms. over the shirt was a black colored police raid vest with velcro white and gray colored npd badge and "police" velcro strips on the front and back of the vest. he displayed his metal napa police badge in his belt with his gun and holster on his right hip. he had on blue jeans and regular tennis shoes.

the equipment on his vest included a baton on the right side, a yellow colored tazer on his left side. there is a pouch which contains a velcro tab labeled "", a flashlight holder, a handcuff pouch and a utility pouch which contains a digital recorder and writing utensils.

**history**

was aware that off. keener had a search warrant signed by a judge earlier in the week. they work a staggered shift, so the warrant was signed on 's normal day off. he knew and off. keener had conducted surveillance on the search warrant target on tuesday, 03-10-15. had prior knowledge of jimenez from personal contact and other officer contacts. had personal contact with jimenez when he had been conducting scene security some time ago. the contact was largely uneventful and consisted of small talk and inquiries. he had received information from other officers that jimenez was involved in narcotic sales and utilizes motels for transactions. he was aware and det. keener had executed a previous search warrant at jimenez's residence a few months earlier. on that occasion, they recovered narcotics and a piece of a firearm. he had gained knowledge during the preparation of that search warrant that jimenez had a criminal history which included arrests and/or convictions for assault with a deadly weapon, robbery, firearms, and running from law enforcement.

**meds / alcohol**

i asked how he felt as he approached jimenez during the incident. stated there was a "feeling of fear" because jimenez was reaching and he did not know what he was doing. he understood that jimenez could be reaching for a gun and he was demonstrating actions which indicated he would use a firearm or weapon towards the officer's. based on jimenez's actions of continually reaching into his waistband and not following commands, was fearful of himself and his fellow officer's. he stated fear and uncertainty were the feelings that stick out to him the most during a situation like that.

we took a short break at this time. i returned the interview room and informed i wanted to clear up a few details.

i asked what type of injuries he observed on jimenez after the motorcycle went down. madrigal stated he did not see any injuries.

i asked to walk me through the thought process he had regarding going hands on with jimenez. stated he immediately drew his weapon after exiting his vehicle based on their prior knowledge that jimenez may have a gun. jimenez continued to back pedal and continually reach for his waistband and sweatshirt area. thought process to go hand on was based on the fact that he believed briefly that his fellow officers were close by and he could tackle him and possibly gain control. changed his mind on that strategy because jimenez continued to back
pedal and reach into his waistband area. He decided to wait on that because he was unsure were his fellow officers were and felt if he was able to grab a firearm from his waistband that Jimenez would have "absolutely shot at us". I asked if he could have done that from the position he was in. He said "absolutely".

At this time I asked if he had anything he wished to add. [redacted] stated he used latex gloves when prior to commencing CPR. At this time I ended the interview.

RECOMMENDATIONS:
Case pending further investigation.

*****[Redacted] Interview*******

AWARENESS:

On 3/13/15 at about 2310 hours, I met with Napa Police [Redacted] at the Napa County Sheriff's Office for an interview regarding the officer involved shooting that occurred on this date. Napa County DA Investigator [Redacted] and [Redacted]'s representative [Redacted], from the law offices of Goyette and Associates, were also present.

INVESTIGATION:

I explained to him that he was free to leave and this was a voluntary interview (Beheler Admonition) and he told me that he understood. [Redacted] told me the following in summary. He is [Redacted]. He works for Napa Police Department as a sergeant for their Special Enforcement Unit. He has worked at the Napa Police Department for twenty six years. He was a Community Service Officer for about one year prior to becoming a police officer.

I asked [Redacted] to tell me about his training and experience. He told me the following in summary. He attended a sixteen week police academy in 1990, several gang conferences and a one week gang school. He is a trained use of force instructor for chemical agents and the Orcutt Police Nunchucks for over ten years. He is a trained weaponless defense instructor. He was a narcotics detective, a property detective, a field training officer, Special Enforcement Unit officer, a patrol sergeant, a SWAT team member and a SWAT team leader.

The Napa Police Department Special Enforcement Unit has several functions they perform. The following is a summary of their duties: Gang enforcement and investigation, drug investigations, targeted enforcement and suppression activity for numerous types of crimes in problem areas and neighborhood policing activities.

Their unit uniform is as follows: jeans, black t-shirt and a marked ballistic load bearing vest. The vest has "POLICE" marked in white on the front and back. There is also a police badge star on the front of the vest.

He went to sleep on 3/12/15 at about 2130 hours and awoke on 3/13/15 at about 0700 hours. He has not any alcoholic beverages to drink in the past twenty four hours.

I asked him what days and hours he normally worked. He told me the following in summary. He normally works
Tuesday through Friday. Tuesday, Wednesday and Thursday he works noon to 2200 hours. Fridays he works 1400 hours to midnight. Today was different because they had a search warrant they were going to serve, so they went to the Napa Police Range at 1000 hours.

I asked [REDACTED] to tell me about when they obtained the search warrant they were going to serve today. He told me the following in summary. Officer Keener authored the search warrant and had it signed on March 10th. He read through the search warrant. They had the District Attorney’s Office review the search warrant and then took it to a judge for signing. The subject of the search warrant was James "Jaime" Jimenez. The crimes related to the investigation were narcotics and firearms type crimes. An operations order was completed, he reviewed it, forwarded it to his lieutenant for review, the lieutenant signed it and their unit briefed the operation. Officers Keener, [REDACTED] and [REDACTED] were present with [REDACTED] for the briefing. Their briefing was either on March 10th or 11th. He could not remember which day. During their briefing they discussed not making entry to Jimenez’s residence, but instead waiting for him to leave his residence to affect an arrest for safety reasons. That decision was made for the following reasons: an extensive criminal history including robbery and weapons charges, prison gang ties and they had conducted an investigation on this same subject at the same location a couple weeks prior. During the prior investigation they found part of a firearm (lower frame of a 9mm handgun), ammunition and narcotics in the possession of this same subject. During that last contact with this same subject they waited for him to leave his residence, arrested him without incident and then searched his residence. That type of contact was used to avoid a possible barricaded subject or other dangerous situations.

I asked him to tell me about his day today from when he went to work. He told me the following in summary. He went to the Napa Police Department at about 1000 hours. He went to the Napa Police Range at about 1030 hours with Officers Keener and [REDACTED] to perform the firearms qualification course. He did qualify at the range with his Sig Sauer P229 department issued handgun and the range AR15. After their qualification course, [REDACTED] Officer Keener and [REDACTED] all cleaned their firearms. Between 1130 and 1200 hours, He left the range and went to lunch with Officers Keener and [REDACTED]. [REDACTED] was working as a range instructor and stayed at the range until about 1500 hours. After lunch, [REDACTED] and Officer Keener all began the patrol portion of their shift. They drove by Jimenez’s residence three or four times throughout the afternoon to see if it appeared that he was home. They knew from prior contacts with Jimenez that when he was home, he would often leave the garage door on his residence partially open. They also made some other contacts and arrests that were unrelated to the Jimenez investigation that afternoon.

At around 1500 hours, [REDACTED] telephoned Officer Keener, told him that he was done at the range and asked if the Special Enforcement Unit would pick him up at the Napa Police Department. They went to Napa Police Department and picked up [REDACTED]. At about 1530 hours, they all got into one vehicle for this shift. They were all wearing their Special Enforcement Unit uniform. Some of them may have been wearing black long sleeve t-shirts with "POLICE" printed on the arms. They were in an unmarked silver Ford Explorer. The silver Ford Explorer is a Napa Police vehicle. The silver Ford Explorer is equipped with a forward steady red and flashing blue LED visor light system, strobe lights in all four corners of the vehicle and a siren. [REDACTED] was driving the vehicle.

While in the vehicle, the Officers further discussed possible safe options for serving the search warrant on Jimenez. They knew from prior contacts that Jimenez’s mother, sister and sister’s children lived at the same residence, they had a vicious dog and Jimenez was a methamphetamine and opiate user. They talked about possibly just knocking on the front door and asking for Jimenez to avoid an escalation in danger to the service of the search warrant. They even discussed just walking away from his residence if he would not come to the door.

They left the Police Department and drove by Jimenez residence again. They drove down East Avenue, turned west onto a side street, he could not remember what street, made a U turn and parked on the side of the road just west of East Avenue. They continued to discuss safe options for serving the search warrant on Jimenez residence. He saw Jimenez
riding a motorcycle turn from East Avenue westbound onto the same street they were parked on and drive past them on the driver's side of their vehicle. He saw Jimenez was not wearing a helmet; he had on long pants and a red sweatshirt. He noticed as Jimenez rode past them, that Jimenez looked right at them, his eyes opened really wide and he "gunned" the accelerator on the motorcycle to speed away from them. He saw Jimenez continue to accelerate away from them westbound down the road. He turned their vehicle around and pursued Jimenez westbound on that same road. Jimenez turned southbound at the next intersection, flipped down their visor so the forward steady red and flashing blue lights were visible. They followed Jimenez onto that next street southbound accelerating toward Jimenez. Jimenez was "flying" trying to get away from them. Jimenez approached the next intersection and tried to cut the corner to turn eastbound, but he went through a dirt patch and spun out his motorcycle. He could see Jimenez go down with the motorcycle and hit the ground. It appeared to be a significant accident. They were forty to fifty yards away from Jimenez when he first went down, was slowing down from forty to fifty miles an hour as they approached where Jimenez was located. They closed the distance quickly. When he finally stopped his vehicle it was approximately five yards from Jimenez motorcycle. Their vehicle never made contact with Jimenez or his motorcycle. He saw Jimenez roll, get up off the ground quickly and his sweatshirt swung out. He could see the imprint of a handgun in the sweatshirt pocket as it swung out. It looked like the outline of a handgun hanging in fabric. He did not see any obvious injuries on Jimenez at this point. The other officers were getting out of the vehicle. stayed in the vehicle thinking this was going to be a foot pursuit. Jimenez ran from the middle of the street to the other side of the street, stopped, turned toward them and reached into his sweatshirt pocket with his right hand or maybe both hands. yelled, "He's going for his gun! He's going for his gun!" He could hear the other officers yelling commands at Jimenez like "Get on the ground!" or "Hands up!" He was not sure on the commands, but saw that Jimenez did not comply. Jimenez kept reaching into his front sweatshirt pocket. was trying to get out of the vehicle as this was going on. He was able to get out, pull out his handgun and was going around the driver's side front of their vehicle. As he was moving to the front of his vehicle, he heard the gunshots. He could see the other officers to west of him. The other officers were also west of where Jimenez was located. was not across the street from Jimenez. Officers Keener and were both about twenty five feet from Jimenez at that point. They had and Keener maintain firearms pointed at Jimenez while and approached Jimenez, told where Jimenez had his firearm. Jimenez was not moving, so he told to get the firearm away from Jimenez. did remove the firearm. He could see it was a black semi automatic handgun. He could see the handgun had a magazine inserted. took the firearm over and placed it at their vehicle. They rolled Jimenez over to handcuff him but decided not to handcuff him. He told dispatch they had shot fired and asked for an ambulance with emergency response. He could see blood coming from Jimenez's mouth. The other officers were administering first aid to Jimenez. The officers put "Quick Clot" on his wounds and began chest compressions. Emergency medical personnel arrived on scene they turned Jimenez over to them for further medical assistance.

When he saw Jimenez going for the handgun in his pocket, he was afraid that Jimenez was going to shoot him or one of the other officers. He knew this situation was bad when Jimenez decided not to run away, but instead started reaching for his handgun. "There was no doubt in my mind" that Jimenez was going for his gun. He knew Jimenez was a "three strikes" candidate with a serious criminal history.

This entire interview was audio and video recorded. I put the recording onto a DVD and booked it into the Sheriff's Department evidence.

*****Officer [redacted] Interview*****

AWARENESS:

On 3/13/15 at about 2200 hours, I met with Napa Police Officer [redacted] at the Napa County Sheriff’s Office for an interview regarding the officer involved shooting that occurred on this date. Napa County DA Investigator [redacted] and [redacted], representative of [redacted], from the law offices of Goyette and Associates, were also present.

INVESTIGATION:

I explained to him that he was free to leave and this was a voluntary interview (Beheler Admonition) and he told me that he understood. He told me the following in summary. He is [redacted] He works for Napa Police Department as a police officer. He has worked there since November of 2001. He is currently working in the gang suppression unit. His call sign is "2 K 1".

I asked [redacted] to tell me about his training and experience. He told me the following in summary. He went to the police academy in 1999. He has a bachelor’s degree in criminal justice. He worked at the Sonoma Police Department for about two years prior to working at Napa Police Department. He is an instructor for "Less Lethal Options" uses of force. He is a tazer instructor. He is a pepperball instructor. He is a Field Training Officer/ Police Training Officer (FTO/PTO). He is a range instructor. He is an active shooter instructor. He is on the accident reconstruction team. He has recently attended two gang conferences.

He slept for about six and a half hours last night. He went to sleep at 0100 hours and awoke at about 0735 hours today. He has not had any alcoholic beverages today.

I asked [redacted] to tell me about his day today from when he awoke. He told me the following in summary. He woke up. He took a shower. He went to Napa to get his taxes done. He went to the Napa Police Department at about 0950 hours. He went to the Napa Police Range at about 1020 hours to work as a range instructor. He did some shooting and qualified at the range. He finished up at the range at about 1500 hours. He went back to the Napa Police Department to do some other work. He met up with the other officer on the gang suppression/ S.E.U. unit at about 1630 hours. S.E.U. is the Special Enforcement Unit.
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:23
Last Modified: 4/11/2015 20:14:16

I asked him what he was wearing when he joined the others in the S.E.U. for their shift. He told me the following in summary. He was wearing a black long sleeve t-shirt with "POLICE" printed on the sleeves of the shirt. He was wearing blue jeans for pants and tennis shoes. He was also wearing a black raid type vest. The vest had "POLICE" printed in white on the front and back. He also had a cloth star badge on the front chest area of his vest. He was carrying the following equipment: an ASP baton, a taser, pepper spray, a backup gun, handcuffs, medical supplies, extra magazines, a flashlight, a police radio and his handgun on his belt. His backup gun is a PD340 SW .38 caliber revolver. His duty handgun is a SIG P226 .40 caliber auto. He shot his SIG .40 caliber at the range today and cleaned it after he was done at the range. He believes he cleaned his PD340 SW .38 caliber after the last time he shot it. Both of his weapons were clean when he started his shift.

He met up with the other members of the S.E.U. team at the Napa Police Department. The other members of the team are Officer Keener and [redacted]. They were all wearing jeans and had on marked "POLICE" raid vests like [redacted]. They all got into one vehicle for this shift. They were in an unmarked silver Ford Explorer. The silver Ford Explorer is a Napa Police vehicle. The silver Ford Explorer is equipped with a red and blue LED visor light system, strobe lights in all four corners of the vehicle and a siren. [redacted] was driving the vehicle, Officer Keener was in the right rear passenger seat, [redacted] was in the front right passenger seat and he was seated in the left rear passenger seat behind [redacted].

Officer Keener told him earlier they were surveilling a house to serve a search warrant. The search warrant was related to possession of a firearm and possession of drugs. They all went to the area of that same house. He remembered they had done surveillance on this same house a couple days prior to this also for the purpose of serving the same search warrant. He had not read this search warrant. Either [redacted] or Officer Keener told him that this subject was part of a prison gang and had spent numerous years in prison. They were on East Avenue in Napa. They drove by the house two times to see if the person was home. The second time they drove by the house; they went just north of the house, turned west onto the next street, made a U turn and parked. They began talking about their options for serving the search warrant on the subject's house.

Shortly after they had parked on that street, he heard either Officer Keener or [redacted] say, "There's the guy from the search warrant! That's him!" He believes the subject was Javier Jimenez and did not recognize Jimenez. He did not know him. He saw the subject riding a small motorcycle from northbound East Avenue turning west onto the same street they were on. The subject appeared to be riding normally. He saw the subject ride right by the driver's side of their vehicle and look right at them. He saw the subject increase his speed. [redacted] made a U turn to follow and stop the subject. When they got turned around, they were several car lengths ahead of them. He could see the subject on the motorcycle look back at them and then turn south onto the next street. The subject cut the corner by riding in the oncoming lane. He believed that street was Hill Avenue. [redacted] turned on the emergency lights for their vehicle. Officer Madrigal flipped down the visor emergency lights. They pursued the subject onto Hill Avenue. They then turned on the siren. The subject appeared to be riding very fast. He saw the subject turn and look back at them again while they pursued him on Hill Avenue.

The subject approached Spring Avenue and began turning left. [redacted] then lost sight of the subject. He heard one of the other officers say "He went down." [redacted] pulled up to the corner of Hill and Spring Street. As they slowed, He saw the subject that was on the motorcycle now off of it and was walking and heading southeast, but lost sight of him again since he was in the back seat of the vehicle. He saw motorcycle was down in the middle of Spring Street on the east side of the intersection with Hill Avenue about three car lengths ahead of their vehicle. He took off his seatbelt and began to get out thinking the subject was trying to get away. He got caught up in his seatbelt.

He heard [redacted] say, "He's got a gun!" [redacted] said it very loud. [redacted] got out of the car and almost fell since their vehicle was still moving and coming to a stop. He moved up to the front of the driver's side of their vehicle. He did not remember if [redacted] was out of the vehicle yet or not. He did not know if the other two officers were

NSD15-001080  Printed by: [redacted]  at 4/13/2015 09:43
out of the vehicle yet. Their vehicle was now stopped and parked just east of the intersection and was facing east. He was at the front driver’s side of their vehicle and saw the subject. The subject was not running. The subject was just standing and facing west northwest. The subject was facing Officer Keener and ______. The subject was now on south side of Spring Street or just inside the front yard to the south of Spring Street. The subject was across the street from ______ at this point, ______ could see the subject "digging around" in his right front jacket pocket with his right hand. ______ could see a "boxy", "squared off outline" in the subject’s pocket. Because of what ______ had said and the shape he saw in the subject’s jacket pocket, he thought the subject had a gun.

______ jogged toward the subject and up to where Officer Keener and ______ were located facing the subject. He could see the other officers to his right and they had their handguns out and pointed at the subject. ______ was closest to ______. Officer Keener was on ______’s right on the other side of ______. He pulled out his handgun, because he thought the subject had a gun and was going to try to shoot the officers. He heard yelling, but cannot remember what was being said. The subject was staring at Officer Keener and ______ as he continued to reach into his right front jacket pocket. Davis moved up to within fifteen to twenty feet of the subject. The subject was still standing and was facing where Officer Keener was located. He continued to hear yelling, but could not remember what was being said. He then heard three gun shots. He saw smoke come out of Officer Keener’s handgun. He saw the subject was now in the front yard just south of the intersection. The subject "pulled in" and fell to the ground. They ordered the subject to show his hands, but the subject was not responding. He kept his handgun pointed at the subject. He then saw ______ come up on his left side. He first thought ______ had been shot. Just prior to hearing the shots, he saw ______ walking almost in front of Officer Keener. He looked over to see that Officer Madrigal was alright and standing up. He looked back at the subject on the ground and could see some blood on the subject’s face and neck area. They continued to give the subject commands. He could see the subject’s eyes were staring up and he did not appear to be coherent. ______ walked up to ______’s left side. ______ approached the subject. The subject was lying on his back to the left side. He could see that same squared off shape in the subject’s front right jacket pocket. ______ put gloves on, reached into the subject’s right front jacket pocket and immediately felt a handgun. He took it out and saw a small, black, automatic type handgun. He also saw the safety selector switch showed red. He then set the handgun on the windshield of their vehicle. He went back over to the subject.

He announced "shots fired" and their location on the radio. ______ requested emergency medical assistance for the subject on the radio. He went back to their vehicle and retrieved their trauma kit. He returned to the subject, but found him unresponsive. He lifted up the subject’s shirt and saw what appeared to be one gunshot wound on the subject’s chest. ______ applied a bandage to the wound, but there did not appear to be any blood coming out of the wound. ______ checked the subject for a pulse, but did not get one. ______ started chest compressions on the subject and continued until the emergency medical personnel arrived on scene and they took over. One of the EMS medical personnel asked ______ to take over compressions for a minute while they grabbed something. ______ did take over compressions for a very short period of time until the EMS personnel took over again.

______ arrived on the scene and told the involved officers to return to the Napa Police Department. ______ complied and returned to the Napa Police Department.

This entire interview was audio and video recorded. I put the recording onto a DVD and booked it into the Sheriff’s Department evidence.

DECLARATION and REQUEST FOR ORDER

SEALING SEARCH WARRANT DOCUMENTS

Your Affiant, [REDACTED], relates that this Search warrant sought pursuant to this Search Warrant / Affidavit, Statement of Probable Cause and the Return to Search Warrant and all documents relevant to this Search Warrant relate to an on-going investigation of [REDACTED]. It is expected that additional Search Warrants will be sought relating to this matter. If information contained in the above listed documents is made public, it would compromise the investigation and make it impossible to continue.

Your Affiant requests that the Search Warrant / Affidavit, Statement of Probable Cause and the Return to Search Warrant and all documents relating to this Search Warrant be ordered to be sealed. And that the Search Warrant / Affidavit, Statement of Probable Cause and the Return to Search Warrant and all documents relating to this Search Warrant remain sealed and in the custody of the clerk of the court until order of this court or other competent court having jurisdiction over this matter.

I declare under penalty of perjury that the related foregoing is true and correct to the best of my knowledge.

Date of 03/13/15, at 2200 A.M./P.M.

POINTER AND AUTHORITIES

ORDER

Based upon the foregoing Declaration and Request and a reading of the original Affidavit, Search Warrant, Statement of Probable Cause, and the Return to Search Warrant thereof referred to above, it is hereby ordered that the Affidavit, Search Warrant, Statement of Probable Cause and the Return to Search Warrant thereof, be sealed and maintained in a secure location in the custody of the clerk of the court until further order of this or other competent court having jurisdiction over this matter.

Date of 03/13/2015, at 10:28 A.M./P.M.

Francesca P. Tisher
(Signature of Magistrate)

Judge of the Superior Court of California, County of Napa, Superior Court.
STATE OF CALIFORNIA-
COUNTY OF NAPA

SEARCH WARRANT AND AFFIDAVIT

(AFFIDAVIT)

[Redacted], a Napa County Sheriff's Deputy, being sworn, says that on the basis of the information contained within this Search Warrant and Affidavit and the attached and incorporated Statement of Probable Cause, he has probable cause to believe and does believe that the property described below is lawfully seizable pursuant to Penal Code Section 1524 as indicated below, and is now located at the locations set forth below. Wherefore, affiant swears that the facts presented to the magistrate are true and correct and requests that this Search Warrant be issued.

(Signature of Affiant)

NIGHT SEARCH REQUESTED: YES ☒ NO ☐

(SEARCH WARRANT)

THE PEOPLE OF THE STATE OF CALIFORNIA TO ANY SHERIFF, POLICEMAN OR PEACE OFFICER IN THE COUNTY OF NAPA proof by affidavit having been made before me by Detective John Dunagan that there is probable cause to believe that the property described herein may be found at the locations set forth herein and that it is lawfully seizable pursuant to Penal Code Section 1524 as indicted below by "X"(s) in that it:

w as stolen or embezzled

X was used as the means of committing a felony

X is possessed by a person with the intent to use it as means of committing a public offense or is possessed by another to whom he/she may have delivered it for the purpose of concealing it or preventing its discovery.

X tends to show that a felony has been committed or that a particular person has committed a felony.

tends to show that sexual exploitation of a child, in violation of P.C. Section 311.3 has occurred or is occurring.
YOU ARE THEREFORE COMMANDED TO SEARCH:

THE PREMISES: 1409 East Avenue, Napa California 94558...including all rooms, basements, attics, safes, storage areas, crawl spaces, access spaces, surrounding grounds, garages, and outbuildings assigned to or part of the residence, and all containers which would contain any of the items sought. This residence can further be described as the following:

1409 East Avenue is a single story family residence on the west side of East Avenue. The residence is light green with a darker green trim. The bottom portion of the front of the residence has a rock façade. The front door of the residence is white in color with the number 1409 affixed directly to the right of the door. There is a single car garage on the north side of the residence with the driveway also on the north side.

THE PERSON(S): James Richard Jimenez, DOB: 01/29/1974, HMA, 5’1”, 220 Lbs, Blk Hair, Hzl Eyes, CDL: [Redacted]

THE VEHICLE(S): 1997 Ford Mustang white in color with California License Plate # [Redacted]

FOR THE FOLLOWING PROPERTY:

1. The body of deceased male James Richard Jimenez...to include all biological, trace, photographic, and firearm related evidence.
2. Any and all firearms, to include but are not limited to, One Hi Point .380 caliber semi-automatic handgun, serial # P8061898.
3. Any and all ammunition, cleaning kits, gun safes, gun manuals, any and all photos showing Jimenez in possession of any firearms, and all gun publications.
4. Any indicia that would tend to establish the identity of the person(s) in charge of, or in possession of the residence. This is to include, but not limited to: letters, photographs, telephone tolls, and / or bills, bank records, passports, utility bills, safe deposit keys and / or receipts, and any articles of personal property which would tend to establish the identity of persons in control of the premises, and containers they are kept in, such as drawers, cabinets, safes, boxes, etc.
5. Any cellphones under dominion and control of 1409 East Avenue.
6. Any and all phone records covering a hard line for the address of 1409 East Avenue.

And if you find the same or any part thereof, to seize and hold such property in your possession under California Penal Code 1536 or the photograph of the same to be taken if the items are not easily removable.
IT IS ORDERED that upon adjudication of the case(s) against all defendant(s) in this action, including the resolution of all appeals, and the written concurrence of the Napa County District Attorney's Office, that the property seized pursuant to this warrant be disposed of in accordance with the procedures set forth in Penal Code 1407 through 1422 without the necessity of further court order.

Given under my hand this 13th day of March, 2015, at 10 o'clock A.M. Wherefore, I find probable cause for the issuance of this Search Warrant and do issue it.

NIGHT SEARCH APPROVED:  YES (x)  NO ( )

(Signature of Magistrate)
Francisca P. Fisher
Judge of the Napa County Superior Court

STATEMENT OF EXPERTISE

Your affiant, [Redacted], is currently employed as Deputy Sheriff (pursuant to 830.1(a) PC) by the Napa County Sheriff's Department. I have been employed as a full-time peace officer for 21 years. I have worked for the Napa County Sheriff's Office for 13 years. Prior to that, I was Police Officer for the City of Merced, California for 8 years.

I have investigated numerous frauds, grand thefts, and burglaries: including commercial, residential and vehicular. The investigations included suspect, victim, and witness interviews, and I have made arrests based on those interviews. I have also had numerous informal interviews with the jail inmates and other persons in custody regarding their individual methods of operation as well as general techniques used to commit crime.
OFFICER INVOLVED SHOOTING CALLOUT AND ASSIGNMENT

03/13/2015 @ 1710 HOURS APPROX

On 03/13/2015 @ 1710 HOURS, I was notified that there had been an officer involved shooting in the 1400 Block of Spring Street in the City of Napa California. I was ordered to respond to the Napa Police Department for briefing and assignment.

I arrived and sat in a briefing conducted by lead. Officers present represented the Napa Police Department, The Napa County Sheriff’s Office, and The Napa County District Attorney’s Office (both D.D.A. and D.A. Investigations Unit).

Through this briefing I learned the following in summary:

Napa PD Officers Tommy Keener, and were involved in a surveillance and search warrant service operation on James Richard Jimenez (01/29/1974).

Jimenez was known to this team to have numerous narcotics convictions, as well as arrests for robbery, burglary, violation of parole, felon in possession of a firearm, and resisting an executive officer. His arrest record started in 1992 and continued until 2015.

The plan of operation was to conduct surveillance of 1409 East Ave., when Jimenez left, they were to conduct an enforcement stop and detain him, and then serve a search warrant at Jimenez’s residence at 1409 East Avenue.

This plan was in effect because Officer Keener developed information that James Jimenez was selling methamphetamine and methadone in the city of Napa. Jimenez was also attempting to or had already procured a gun from a subject in North Napa. Jimenez was a convicted felon.

A search warrant was authored and signed for Jimenez, his residence, and his 1997 Ford Mustang.

After briefing, I was assigned to author this search warrant to search 1409 East Avenue Napa California for evidence pertaining to this case. I was given a copy of Officer Keener’s search warrant.

I left the Napa Police Department and drove to 1409 East Avenue to get a legal description of the residence. I then drove to my office to write this search warrant. At my office, I read the Search Warrant authored by Officer Keener.
After completing the search warrant, I attached Officer Keener's old search warrant to mine (as Attachment A) and called the on call Judge. Judge Tisher was the on call Judge this date. I made arrangements to meet with Judge Tisher at her residence.

03/13/2015 @ 2200 HOURS APPROX

Judge Tisher reviewed my search warrant and Attachment A. She signed my warrant and approved my request for night service. From her residence, I drove to 1409 East Avenue and served the search warrant.

END SUP
SEARCH WARRANT SERVICE AT 1409 EAST AVENUE

03/13/15 @ 2230 HOURS APPROX

I drove to 1409 East Avenue from Judge Tishers residence. There I met with [redacted], [redacted], and [redacted].

As I walked up to the front door, [redacted] told me that they believed the residence was empty. They [redacted] and [redacted] had been at the residence since the family left to go to Queen of the Valley Hospital.

Through the open front door, we served the knock notice requirement by yelling loudly, Sheriff’s Office / Search warrant several times. There was no reply. We then entered. We cleared the residence, it was empty.

The house was a single story residence built into a hillside. The garage to the residence was cut into the hillside below the 2nd bedroom on the north side of the house.

The layout of the house was as follows:

From the front door you entered (west) into the living room. To your right (north) was a half stairwell that led to the upstairs secondary bedroom. Straight ahead (west) you entered into the dining room.

Standing in the dining room (facing west) to your right (north) was the kitchen. On the northeast wall of the kitchen was a door that led to the garage that sat directly below the secondary bedroom. The garage was converted into a living space.

Standing in the dining room again (facing west) to your left (south) was a short hallway that led to the primary bedroom (south east corner) and the one bathroom (south west corner).

Standing in the dining room again (facing west) straight ahead was the slider that led to the back yard. Walking thru the slider you were immediately standing on a covered patio.

Standing on the covered patio (facing west) there was an old broken down hot tub full of stagnant water and junk. Directly west was a squared back yard. The south wall of the squared back yard had a small covered shed area full of junk. The west wall of the squared back yard had a large out building. The outbuilding was also full of junk.
In the northeast corner of the squared back yard was a concrete pad with an old broken down BBQ and a few chairs. This is where the northwest corner of the house foundation sits.

On the north wall of the northwest corner of the house was an exterior door that led into the garage.

The grass in the backyard was approximately 2 to 3 feet tall and smelled of dog feces. The entire back yard looked like a junk yard with broken bikes, broken yard equipment, broken commercial painting equipment, and miscellaneous junk lying everywhere.

I was the Seizing/Collection Officer for the search warrant service. The following items were found in the following locations by the following officers.

JD-1 16GB iPad - living room floor off of front door - [redacted]
JD-2 Amazon Kindle w/ cord - kitchen counter - [redacted]
JD-3 Indicia of James R. Jimenez - garage sofa area on printer - [redacted]
JD-4 Broken Glass Meth Pipe w/ useable amount of controlled substance in the bowl - garage sofa area on printer - [redacted]
JD-5 (4) .380 caliber bullets - garage sofa armrest - [redacted]
JD-6 Protector Series Gun Case - garage sofa in purple purse - [redacted]

Photographs of the scene and the collected items were taken by [redacted].

I left a copy of the search warrant for the occupants. I filled out an NSO Property Record listing the property we collected. I left a carbon copy of the Property Record for the occupants as well.

While the others were searching the main residence, I searched the shed, the out building, and the Ford Mustang in the driveway. I did not locate any items of evidentiary value in any of those locations.

After the warrant was served and the items collected, I secured the residence. I then secured the evidence in the trunk of my unit and drove to the Napa County Sheriff’s Office. There, I placed all of the evidence in Investigations Evidence Locker 3.

I then returned to East Avenue for further assignment.

It should be noted that the iPad and the Kindle were not listed on the search warrant but were taken for their evidentiary value to this case. I know that these types of computer devices (like cell phones) might contain evidence such as text or cell communications, GPS locations, and other information.

I know that information can be revealed later (forensically) and aid in this investigation. I also know that information can be lost if these items are not taken and secured due to tampering or deletion by other individuals.

A separate search warrant will be written and sent to a judge for review for these items.

END SUP

A copy of the Property Record is included with this supplemental report.
SEARCH WARRANT RETURN / FILING

03/16/2015 @ 1030 HOURS APPROX

I filed out a Search Warrant Return for the search warrant I wrote to search 1409 East Avenue this morning at the start of shift. I took the original search warrant signed by Judge Tisher, the Search Warrant Return, and a Request To Seal Search Warrant Documents to the Napa County Superior Court building.

There, I met with Judge Stone. He reviewed all of the documents. He then swore me to the search warrant return and the sealing order. He then signed both.

I then took the Search Warrant, the Search Warrant Return, and the Sealing Order downstairs to the Napa County Superior Court Clerk's Office. There, I had the records supervisor file the entire package. She gave me the sealed case number.

I returned to the Napa County Sheriff's Office. There, I gave the sealed case number to (Case Lead Det.)

END SUP
Supplement Notes

On 3/13/15 at approximately 1900 hours, Napa PD Detective contacted me and requested I respond to the Napa PD for a Napa PD Officer Involved shooting. At approximately 2000 hours, I arrived and was assigned to assist Napa Sheriff Department (NSD) Detectives in a search warrant of 1409 East Street. On arrival to 1409 East Street I contacted scene security NSD Deputies and I noted Police yellow tape around the house and the front door was open. At approximately 2230 hours, NSD and and arrived with a signed search warrant by Judge Tisher. (Refer to NSD search warrant.)

Deputies and other Deputies announced Sheriff Department search warrant. We made entry into 1409 East Street. There was a main living room, kitchen, bathroom and bedroom on the first floor. There was a second floor loft bedroom. In the kitchen was a stairwell that led to a basement/garage area. I assisted with searching the living room, kitchen, second floor loft bedroom and basement/garage. In the basement I noted guitars hanging on the north wall, sofa (north wall), large TV and stand (south wall), coffee table and end table with printer (west end of couch). Sitting on the sofa cushion (east side) NSD and I located a purple purse/handbag. Inside the purse was a black plastic gun case. On the right side sofa armrest and in plain view (west side) I located a plastic bag. In the plastic bag I noted .380 caliber bullets. On the end table/printer was Indicia to James R. Jimenez and a glass smoking pipe. I advised and he collected the evidence. (Refer to below NSD evidence items and report.)

(D-3) Indicia of James R. Jimenez - garage sofa area on printer-
(JD-4) Broken Glass Meth Pipe w/ usable amount of controlled substance in the bowl - garage sofa area on printer-

(JD-5) (4) .380 caliber bullets - garage sofa armrest -
(JD-6) Protector Series Gun Case and gun trigger lock - garage sofa in purple purse -

At approximately 0100 hours, Napa PD Detective assigned NSD and me to do a neighborhood canvas of Sector 13. Sector 13 consisted of homes on the 200 block of East Spring and East Berna Street. had to drop of evidence that he collected on the listed search warrant of 1409 East Avenue. I went to East Spring and East Berna Street and conducted a canvas.

East Spring Street

No answer at the door.
No answer at the door.

Disposition:

No further action by this detective.
SUPPLEMENT:

On 03/13/15, at about 2300 hours, [redacted] from the Napa Police Department and I spoke with [redacted] at her home in St. Helena.

The following is a summary of what [redacted] told me.

[redacted] has lived at her mother’s house at [redacted] in Napa since she was 16 years old. About 7 years ago her brother Jaime, moved in when he was released from prison. Most recently Jaime was living in the garage which had been converted into a living space. Jaime had been dating [redacted] who he met about a year earlier. [redacted] stayed with Jaime at the house on East Avenue up until about three months earlier when [redacted] stole some personal items from [redacted]’s bedroom. From that point on, [redacted] was not supposed to be staying at the residence, but would still stay with Jaime for a few days at a time.

[redacted] told me her brother had a drug problem that was apparent based on his behavior. She stated she never actually saw him with drugs but knew he had a history of drug use and was still using.

[redacted] said there were times in the past where she knew he had guns and would then get rid of them. She then stated she actually did not know he had the guns in the past, but that Jaime had told her he had them. I asked [redacted] when the last time was she had seen or was aware Jaime had a firearm. The last time she could recall specifically was when the search warrant was served at her mom’s house and a piece of a gun was found.

[redacted] could not tell me much about Jaime’s friends or the people he would spend time with. She stated she was focused on raising her children and Jaime generally kept to himself.

I asked [redacted] to tell me about last 24 hours with Jaime. [redacted] told me Jaime, [redacted] went with a male and female friend to go fishing in Martinez. At about 4:00 AM on Friday morning, [redacted] was asleep on the couch in the family room and recalled Jaime returning home and using the bathroom in the house.

On Friday [redacted] stated Jaime was acting sad because their sister had taken back her dog that Jaime had at their mom’s house. Around 12:00 PM, Jaime and [redacted] met with a man at the house to discuss have debris from the earthquake removed from the property.

Later in the afternoon [redacted] remembered joking with Jaime about a movie and then seeing him talking to a white
male adult in the backyard. She stated the two appeared to be talking about Jaime’s dirt bike which was next to them. She was not able to see his face, but described him as having blond hair and a stalky build. [Redacted] was not sure if she would be able to recognize him since she only saw his back. About an hour after seeing Jaime and the man speaking she heard Jaime leave on the dirt bike but never heard him come back.

I gave [Redacted] my business card and thanked her for her time.

SUPPLEMENT:  

On 03/13/15, at about 2300 hours, [REDACTED] from the Napa Police Department and I spoke with [REDACTED] at her home in St. Helena.

The following is a summary of what [REDACTED] told me.

When she was living in Napa, [REDACTED] would see Jimenez daily, but since getting back with her husband and moving to St. Helena she wouldn’t see him much at all. Jimenez had been living with their mother’s house on East Avenue in Napa for about seven years. Over the past year, Jimenez’s girlfriend, [REDACTED] would stay with him a few days a week in the garage. She described Jimenez as quiet and that he would keep to himself.

[REDACTED] stated his original committing offense that sent him to prison was for armed robbery or attempted murder. [REDACTED] stated when he first got into prison he was affiliated with the prison gang Nuestra Familia, but was a drop out and no longer active. Over the years the majority of his violations stemmed from drugs and property related crimes. She stated he could have done better while being out of prison, but was able to discharge his parole which she never thought would happen.

[REDACTED] agreed that Jimenez did have a drug problem. She did not know much about Jimenez’s social life or his daily activities. She stated much of what they did hear or know was through what people were saying on the street. [REDACTED] said they would hear that Jimenez was, "On a mission," doing drugs, or back to his old ways.

[REDACTED] stated Jimenez took on the role of helping out with his nieces and nephews activities. She also stated he was into playing guitars and had collected a large collection through side jobs and trading things for them.

[REDACTED] stated she had never seen Jimenez to have a firearm. She had never heard that he had one until he was arrested during the raid a month earlier at their mother’s house.

[REDACTED] last saw Jimenez on 03/12/15, as he was leaving the house to go fishing. She did not recall Jimenez acting strange or hearing anything about him acting differently in the weeks or months leading up to the shooting.

I provided [REDACTED] with my business card and thanked her for her time.

SUPPLEMENT:

On 03/15, at about 2230 hours, I met with NSIB and I spoke with in St. Helena.

has lived at the residence for over fifteen years. stated Jimenez and his girlfriend were staying in the garage. daughter was also staying at the house with her children.

said she felt Jimenez was depressed and upset over the fact that was not allowed to live full time at the house on East Avenue with him. never made any specific statements to her regarding his emotions, but she felt her children did not tell her much and kept things from her.

had never seen Jimenez with a gun or known to have one. She stated a piece of a gun was found when the police most recently searched the house. Following the search, told Jimenez that guns were not allowed in the house because there were children present. He told her the police were lying about what they found.

described Jimenez as having all sorts of hobbies. She stated he loved sports and guitars specifically. She stated an average day for Jimenez would include working on his car and sleeping.

provided me the following summary statement regarding 24 hours leading up to the time of the shooting.

stated she spent Thursday night in St. Helena with her daughter On Friday 03/15, drove to her doctor's appointment and then to her house on East Avenue. When she got home she immediately went to bed.

When she woke up, stated she went to the backyard and saw Jimenez with his motorcycle. She returned to the house and heard him start the motorcycle in the back yard. Minutes later she heard Jimenez leave on the motorcycle south on East Avenue towards Spring Street. stated Jimenez used the dirt bike as his main mode of transportation and would often ride it to the 7-11 on Lincoln Avenue. It was not uncommon for Jimenez to leave to the south and take Spring Street to Silverado Trail when going to 7-11.

stated after hearing Jimenez leave to the south, she heard him pass back by the house heading northbound on East Ave. Based on how quickly he left and passed back by, she assumed he turned around and doubled back. Immediately after hearing Jimenez pass by going north she heard sirens. Moments later she noticed people walking past her house on East Avenue and traffic moving very slowly. told her daughter who was at the house that she thought something had happened. ran down the street and returned moments later yelling that she thought Jimenez was
involved. [Redacted] told me she had bad feeling about the situation before learning that Jimenez was involved.

[Redacted] had no other information to provide me at that time. I provided her with my business card and thanked her for her time.

SUPPLEMENT:

On 03/13/15, at about 1940 hours, D.A. Investigator __________ and I contacted __________ at Queen of the Valley Hospital. __________ said he was Jimenez’s brother-in-law and had known him for 11 years. __________ stated he last spoke with Jimenez three days earlier while picking up his children. He stated they had very little interaction due to a falling out from a couple of years ago.

I asked __________ to help me understand who Jimenez was and what sort of history he had. __________ said Jimenez had friends from many different backgrounds and cultures. He stated while Jimenez was incarcerated at Pelican Bay State Prison he was active in the Nuestra Family prison gang, but was no longer active. As far as he knew, Jimenez was doing his own thing in recent years.

I asked Jimenez had been participating in criminal activity in which he had not been caught. Lopez did not have a specific example, but stated he probably was.

I asked __________ what he knew about Jimenez’s drug use. __________ was unaware of any illegal drug use, but was aware that Jimenez was taking medications for his injured back.

I asked __________ what he knew or had heard about the shooting involving Jimenez. __________ told me while down he was standing next to the crime scene a heavy set white male was yelling there was a female police officer present who had prior issues of police brutality and contacts with Jimenez. Based on what he heard, __________ assumed the officer who shot Jimenez was the same person who beat Jimenez up the year before.

__________ said Jimenez was beat up and taken to jail a year earlier for resisting arrest. Following the criminal case, Jimenez had made threats to sue someone related to the case. __________ did not know if Jimenez ever followed through with any kind of suit.

__________ summarized Jimenez’s interaction with law enforcement when he told me Napa was a small town and that Jimenez was, “Kind of obvious” and had run ins with Napa Police. __________ said Jimenez’s history with Napa PD included a recent raid at Jimenez’s mother’s house one where either a full gun or a piece of a gun was found. Jimenez was arrested at that time and later bailed out.

On 03/13/15, at about 2300 hours, __________ with NSIB and I spoke with __________ again at his home in St. Helena. I asked __________ if he had ever seen Jimenez with a gun or if ever knew Jimenez to have a gun. The only information he was aware of was related to Jimenez’s offense that put him in prison years earlier and his arrest from the search warrant...
A month ago.

EVIDENCE:
BC-2 Audio recording of [redacted] Statement

RECOMMENDATION:
Attach to report.
SUPPLEMENT:

On 03/17/15, at about 1620 hours, [Redacted] from the Napa District Attorney’s Office and I spoke with [Redacted] at the Napa Sheriff’s Department. Prior to asking any questions I advised her she was speaking with us voluntarily and was free to leave at any time.

The following is a summary of what [Redacted] told me about Jimenez and the incident.

[Redacted] and Jimenez met over a year prior through a mutual friend. They began dating about a week after meeting and had been living together at Jimenez’s mother’s house for most of their dating relationship. Jimenez lived in the garage which was converted into a living space. [Redacted] would stay with him off and on but generally for 4-5 days at a time. The two slept on a black leather couch that was in the garage.

[Redacted] described Jimenez as a quiet guy who kept to himself. He had several friends whom he hung out with prior to the two of them dating. She stated he loved guitars and had at least ten of them in the garage.

[Redacted] agreed that Jimenez had an ongoing drug abuse issue, but stated she had never seen him get high in front of her. I asked [Redacted] how Jimenez would pay for the hotel stays, guitars and the other things he bought. [Redacted] told me she did not know how or where he got his money from.

[Redacted] was aware of Jimenez’s history with weapons which got him sent to prison the first time. She told me she had never personally seen him with a gun or heard that he had one.

[Redacted] told me the following summary information regarding the 24 hours leading up to the shooting. On Thursday, 03/12/15, they spent the afternoon cleaning up the garage and having dinner. After dinner the two went fishing in Martinez until about 11:00 PM and then drove to the San Pablo Casino where they stayed until they returned home between 3:30 AM - 4:00 AM. When they got home, they fell asleep until about 10:00 AM. When [Redacted] woke up, Jimenez was on his computer looking for parts for his car. The two fell back asleep and woke up in the late afternoon.

[Redacted] stated the second time she woke up, Jimenez was putting on his shoes and told her he was going to [Redacted]’s house. He stated when he got back they would get a movie to watch together. [Redacted] did not know exactly where she lived, but stated it was somewhere behind the house in the direction of Silverado Trail.

Jimenez left the house on his dirt bike while [Redacted] remained in the garage with the door closed. She stated in less
than five minutes after he left he heard gun shots. After hearing the gun shots, [redacted] texted Jimenez to see if he was okay but didn’t get a response.

[redacted] stated she did not hear any sirens prior to the gunshots, but did immediately after. Shortly thereafter, she heard upstairs screaming Jimenez was involved in whatever occurred down the street. [redacted] then ran to down the street where the crime scene had already been established.

[redacted] stated she spoke with several neighbors who told information third hand from other people that the officers on scene seemed to be doing a lot after shooting Jimenez. [redacted] told me she assumed they were turning on their sirens after shooting Jimenez. [redacted] also stated she was told by two witnesses that two plain clothed officers reached into Jimenez’s waistband and removed a gun from his body.

I asked [redacted] if Jimenez was nervous or acting strange in the days leading up to the shooting. [redacted] stated Jimenez didn’t appear more nervous, but was on guard since his last arrest a month earlier. She stated both of them had noticed several NSIB cars parked in the neighborhood and at Wal-Mart in the weeks leading up to the shooting.

[redacted] did not know who Jimenez would have gotten the drugs or the gun from that he had in his possession at the time of the shooting.

At this point in the interview [redacted] became upset that I could not answer her questions related to the case and left.

It should be noted that for unknown reasons, the video recording system stopped recording in the middle of the interview. The audio recording captured the entire interview. Both were booked into evidence.

### Supplement Notes

**INTERVIEW**

*03/14/2015 @ 0054 HOURS APPROX*

I returned to the intersection of East Ave. and Spring Street. This was the eastern edge of the crime scene and where crime scene tape had been placed to block of the eastern edge of Spring Street. I was standing by on perimeter with [redacted] (Napa PD) and [redacted] (Napa SO).

A white female adult approached us from the area of the Jimenez residence at 1409 East Avenue. She was crying heavily and was very upset. She begged to speak to one of us. I asked her to step over to my unmarked unit where we could speak.

The interview was audio recorded and witnessed by [redacted] (Napa PD).

[redacted] identified herself verbally. She said that her DOB was [redacted] and that she lived in Vallejo. I asked her what brought her here tonight. She said that Jimenez’s cousin [redacted] called her and told her about what had happened including that Jaime was supposed to have a gun on him and was shot three times.

[redacted] did not believe her and thought that Jimenez had put [redacted] up to this trying to get sympathy from [redacted] and get her to call him.

I asked [redacted] when the last time was that she had spoken to Jaime. She said that she had exchanged text messages with him two days ago and spoke to him on the phone three days ago. I asked her what they talked about.

She said that Jaime told her that he was busy and that he would talk to her later. She then asked me if he was dead. I confirmed that he was. She broke down crying even harder. She asked if he had a gun. I confirmed that he did. She said, "Why did he do that? Did he pull it on you guys? Did he shoot somebody? Did he shoot somebody? Why would he have done that?"

I told her that I did not know and asked her if she knew why he might have done that. She said that she did not know. She said that she was Jaime’s ex-girlfriend. They had been together for 10 years but did not kids together. They had been broken up for 6 years but remained friendly.

She then said that 1409 East Avenue was [redacted]’s house (Jaime’s mother). [redacted] also lived there with
she was Jaime's sister. She then begged to see Jaime saying that she wanted to touch him. I explained that she could not and explained the numerous reasons why.

She then asked (again) why he would pull a gun. I said that I did not know and asked her why she thought he did. She said, "Because he's fucking retarded." She then said that she had no idea why.

I asked her if he worked. She said that he hadn't worked in a while. I explained that we needed to paint as honest a picture of Jaime that we could. I asked her if he was involved in drugs or drug sells. She started to skirt the issue. I then told her that I knew of his arrest history.

I asked her if Jaime ever used drugs. She said that he did and that he took pain pills daily. She believed it was methadone. She said that the last time he was released from prison he came out with a methadone habit. She said that it was a whole new habit. I asked her what his old habit was. She said that he used to use methamphetamine. She then added that was a long time ago. I asked her about how much Jaime would use. She did not want to answer and stated that she couldn’t remember.

I explained that she and I were adults and that we both knew about the cycle of drug use and theft. She agreed. I explained that I knew of Jaime's arrest record from 1992 to 2015. She agreed and did not try to lessen its severity or lie about it.

She said that Jaime hid all that stuff from her...sheltered it from her...because she would not talk to him if he was using. I asked her why. She said because he was scary when he used. I asked her to explain. She said that she didn't want to talk about that.

When I pressed her, she said that when Jaime used he was not a very good person. I asked her if he had ever pulled a weapon on her when he was like this. She said, "Not on me." She then clarified that his demeanor would be "intimidating."

I asked her when he was loaded (on drugs) would he be violent. She said, "I mean if he pulled a gun on you guys...I mean yeah." I explained that when I first explained to her that Jaime was in possession of a gun she did not act surprised. I asked her if that was an honest / fair statement for me to say. She nodded in the affirmative.

She then asked about the exact parameters of the case... who fired from where...what injuries were sustained. I explained that I could not go into the exact parameters of the case.

I asked her when the last time she talked to Jaime face to face was. She said that it was 7 days ago at his house (1409 East Ave).

I asked how he was at that time. She said that he was in a fine mood. They played X-Box together in the garage. She said that the garage was where he hung out mostly (this is the area where drugs, a loaded meth pipe, a gun case, bullets, and indicia for Jaime was recovered on the search warrant service earlier).

We then talked about According to did not like and did not like . It was an ex-girlfriend / current girlfriend thing. She had no other information on .
HI-POINT .380 Caliber
Serial # P8061898
GLOCK 22 GEN4 .40 Caliber
Serial # RYG553
SUPPLEMENT: SUSPECT'S FIREARM SERIAL NUMBER

SUPPLEMENT:
On 03/13/15, at approximately 1655 hours, Napa Police Officers advised Napa Central Dispatch that shots were fired and a suspect was down on Spring Street in the City of Napa. At approximately 1730 hours, [redacted] and I arrived at the scene to take control of the investigation.

Upon arrival, I was told that a gun was removed from the suspect, James Jimenez after the shooting and that [redacted] placed the gun on the hood of his police vehicle. I saw a black semi-automatic pistol lying on the vents near the right windshield wiper of [redacted]'s vehicle. [redacted] who was present stated he could not see the serial number on the gun and did not want to move it.

I walked to [redacted]'s vehicle and began looking at the gun which was lying on its right side (ejection port down). Without touching or moving the firearm I was able to see the serial number on the bottom of the frame of the gun in front of the trigger guard. I recorded the serial number (P8061898) and provided it to [redacted].

I then called Napa Sheriff's Records and requested they run the serial number in an attempt to locate the registered owner of the gun. The serial number returned to [redacted] at [redacted] with the [redacted]. I passed the owner information for the gun on to [redacted].

I did not do anything else with the gun or the information obtained from the serial number in this case.

RECOMMENDATION:
Attach to report.

Supplement Notes

Case Number: NSD15-001080
Reporting Detective: [Redacted]
Date of Report: 3/13/2015
Type of Report: Supplemental

Summary:

On 3/13/2015 [Redacted] and I interviewed [Redacted] regarding a pistol he owned which was involved in an investigation of an Officer involved shooting.

Narrative:

On 3/13/2015 I was directed by Napa Major Crime Task Force (NMCTF) lead [Redacted] to contact and interview [Redacted] regarding a handgun located at a crime scene of a Officer Involved Shooting. I was told that the serial number of the handgun was P8061898 and had been confirmed by [Redacted] as registered to [Redacted] at [Redacted]. I queried the name [Redacted] in police database and located an address of [Redacted].

On the same date at approximately 1816 hours, [Redacted] and I went to [Redacted] the entire contact was audio recorded and later downloaded to a CD (evidence item AO-1).

At the front door we were greeted by a female later identified with a identification card as [Redacted]. I asked if [Redacted] resided at the residence and she said he did. I requested if I could speak with him and she stated she would go get him. A male came to the door who identified himself as [Redacted], later identified himself with a California ID card as [Redacted]. I explained to [Redacted] that I need to talk to him regarding a handgun he owns. I asked [Redacted] if he would come to the police department voluntarily. [Redacted] states he was cooking dinner but welcomed us inside the residence.

[Redacted] initially told us the following, [Redacted] stated he owns three guns. A shotgun, revolver, and a CF380. [Redacted] stated he thought all guns would be in his safe. [Redacted] took us to his safe and I opened it with keys from a set on his person. Inside the safe we located the revolver and the shotgun along with airsoft guns. I explained to [Redacted] he wasn’t under arrest and he was consenting to a search of the safe. The CF380 was not in the safe.

[Redacted] stated he was concerned but did have a spare key to the safe hanging in the garage. [Redacted] showed us to the garage and stated the key was missing. [Redacted] went on to tell us that he had a house sitter in mid-February when he and his girlfriend [Redacted] went away for a couple days. The house sitter suspected someone had been inside the

NSD15-001080 Printed by [Redacted] at 4/13/2015 09:43
nouse, however no other items were missing. had expensive guitars hanging in a family room, no other weapons appeared to be missing and no other items of value were missing. stated he last fired the 380 last year and did maintenance on the handgun approximately a month ago and then placed the gun back in the safe.

After explaining the importance of being honest in an investigation of this sort stated he had traded the gun for a guitar and had not transferred the paperwork yet. stated the following in summary.

stated he traded the gun to a "friend of a friend." stated his friends name is unknown last name. The person he traded the gun to was named Jaime. He did not know the last name of Jaime. The gun was traded with a empty magazine, a black vinyl case and a box of ammunition, hollow point rounds. described Jamie as a Hispanic male, 5 feet, 11 inches, unknown height and build since he was wearing baggie clothing but averages build. Jaime had possibly long hair, some facial hair and knew about guitars. then traded the guitar to "All star guitars inventory". stated this occurred towards the end of February and it was the first time he met Jaime and the last time he had seen him. When was looking at the guitar he offered Jaime a 22 long rifle, Jaime requested something better for home defense. When Jaime left he took the gun with him. He attempted to get a hold of both and Jaime to transfer the name on the handgun but was unable to.

I thanked for his time and told him that I possibly would have other questions at a later time or other detectives may have follow up to do with him. He stated he understood and would be available. The interview was terminated and I left the residence.

On 3/16/2015 I was tasked to conduct a follow up interview with as he had been calling the Sheriff’s office over the weekend and had more questions. I contacted by phone and he agreed to meet me at the sheriff’s office on 3/17/15 at 0930 hours.

On 3/17/2015 at approximately 0930 hours, I met with in the interview room of the Napa Sheriff’s office with Napa County probation officer . The interview was video and audio recorded. (Item AO-2). asked if he was going to be liable or prosecuted for selling a handgun and failing to register it. No promises were made to however explained to him that it was not a focus in our investigation. did state that the handgun was not given to Jaime when he first met him and was present. He later spoke with Jaime via telephone and they agreed that was going to leave the gun in the pickup truck I the drive way and Jaime was going to pick it up later that evening. never saw Jaime again however the firearm was gone that evening.

The interview was terminated and left the Sheriff’s office.

On 3/17/2015 at approximately 1500 hours, I received a phone call from who stated that the day he met Jaime was March 5th.

Both CD were booked at the Napa Sheriff’s office.

All the findings were reported to :

Disposition:

No further action pending from this officer at this time.

Supplement Notes

Case number: NSO15-001080
Reporting Detective: [Redacted]
Date of report: 3/18/2015
Report Type: Supplemental

Narrative:

On 3/18/2015 at approximately 1000 hours, I met with [Redacted] at the Napa Sheriffs office to conduct follow up interview regarding the Officer Involved shooting in the City of Napa. Present at the interview was NSIB task force [Redacted] (California Highway Patrol). The interview was conducted in the interview room and was audio recorded and video recorded.

[Redacted] identified himself verbally with his name and date of birth. I explained to [Redacted] that during the course of the investigation a gun recovered from the crime scene returned to a [Redacted]. I explained to [Redacted] that during the interview with [Redacted] stated that [Redacted] was present during the transaction when [Redacted] traded the gun to a Jaime for a guitar. [Redacted] stated that [Redacted] knew Jaime as well. [Redacted] stated the following in summary [Redacted] told us that Jaime Last name was Jimenez. [Redacted] stated he knew [Redacted] through a cousin. [Redacted] stated he was there for the initial meeting when Jaime took a guitar and amplifier to [Redacted]. The meeting took place approximately a week before the shooting. [Redacted] and Jimenez went to [Redacted] residence and Jimenez took a guitar. [Redacted] was off to the side when [Redacted] and Jimenez were negotiating and didn’t hear the conversation. [Redacted] never saw a gun and never saw Jimenez with a gun. As far as [Redacted] knew it was the first time [Redacted] and Jimenez had met.

The interview was concluded and [Redacted] left the Sheriffs Office.

I contacted [Redacted] via telephone and asked him some follow up questions. [Redacted] stated Jimenez did not take gun when they all met. He later left the gun in the cab of his truck and Jimenez where it would be. When he woke up the following morning the gun was gone.

I reported my finding to [Redacted].

Disposition:

No further action pending from this officer at this time.
SUPPLEMENTAL REPORT:

On 03/13/2015, at approximately 2000 hours, I assisted NSD with processing several witnesses and collecting evidence related to NSD15-001080. Refer to NSD’s report.

I collected the following items of evidence:

Item KE01 - Glock 22 .40 caliber pistol s/n: RYG553 with attached Streamlight TLR-1s flashlight. Recovered from NPD Officer Keener’s belt holster.

Item KE01A - Glock 22 .40 caliber pistol magazine removed from item KE01.

Item KE01B - Thirteen (13) apparently serviceable .40 caliber rounds of Federal brand ammunition removed from items KE01 and KE01A. Chambered round differentiated by marking primer with felt pen.

I removed the magazine (item KE01A) from the pistol (item KE01), and rendered the pistol safe by locking the slide in the rearward position.

Items KE01 (pistol) and KE01A were packaged together in a cardboard firearms storage box.

Item KE02 - Two (2) Glock 22 .40 caliber magazines removed from NPD Officer Keener’s vest.

Item KE02A - Thirty (30) apparently serviceable .40 caliber rounds of Federal brand ammunition removed from item KE02.

Item KE03 - CD containing photographs of firearms.

I also temporarily seized the firearms, magazines and ammunition from witness NPD, NPD, NPD and NPD.

I documented the condition of each firearm, the magazines and ammunition with photographs and visually inspected the following firearms, ammunition and magazines.

NPD
Glock 22 .40 caliber pistol s/n: PHY343. The firearm appeared clean and unfired.

NPD’s pistol contained one (1) Glock 22 .40 caliber magazine, loaded with fifteen (15) apparently serviceable .40 caliber cartridges. The maximum capacity for the magazine is fifteen (15) rounds.

NPD’s pistol contained one (1) chambered apparently serviceable .40 caliber cartridge.
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:20
Last Modified: 4/11/2015 20:14:16

APD: 

Sig Sauer P229 .40 caliber pistol s/n: AM52745. The firearm appeared clean and unfired.

NPD: 

Pistol contained one (1) Sig Sauer P229 .40 caliber magazine, loaded with twelve (12) apparently serviceable .40 caliber cartridges. The maximum capacity for the magazine is twelve (12) rounds.

NPD: 

Pistol contained one (1) chambered apparently serviceable .40 caliber cartridge.

NPD: 

Sig Sauer P226 .40 caliber pistol s/n: U860595. The firearm appeared clean and unfired.

NPD: 

Pistol contained one (1) Sig Sauer P226 .40 caliber magazine, loaded with twelve (12) apparently serviceable .40 caliber cartridges. The maximum capacity for the magazine is twelve (12) rounds.

NPD: 

Pistol contained one (1) chambered apparently serviceable .40 caliber cartridge.

Smith & Wesson 342PD .357 caliber revolver s/n: CFA2072. The firearm appeared clean and unfired.

NPD: 

Revolver contained five (5) unfired, apparently serviceable cartridges.

I also inspected the magazines from NPD: , NPD: and NPD: s vests.

NPD: s vest contained two (2) additional Glock 22 .40 caliber magazines, each loaded with fifteen (15) apparently serviceable .40 caliber cartridges. The maximum capacity for each magazine is fifteen (15) rounds.

NPD: s vest contained two (2) additional Sig Sauer P229 .40 caliber magazines, each loaded with twelve (12) apparently serviceable .40 caliber cartridges. The maximum capacity for each magazine is twelve (12) rounds.

NPD: s vest contained two (2) additional Sig Sauer P226 .40 caliber magazines, each loaded with twelve (12) apparently serviceable .40 caliber cartridges. The maximum capacity for each magazine is twelve (12) rounds.

NPD: s and NPD: s firearms, magazines and ammunition were later returned to them with any equipment not seized as evidence.

RECOMMENDATION:
Attach to original report.
SUPPLEMENTAL REPORT:
On 03/18/2015 I removed item KE01 (Glock Pistol) and KE01A (Glock pistol magazine) from temporary storage.

I requested a records check on item KE01 (Glock pistol). The check returned that the pistol was not stolen and was unregistered. I booked items KE01 (Glock pistol) and KE01A (Glock pistol magazine) into the NSO property room with the records check print-out.

RECOMMENDATION:
Attach to original report.
SUPPLEMENTAL REPORT
KEENER GLOCK 22 HISTORY AND RANGE QUALIFICATIONS

INVESTIGATION:
On 03-16-15, I requested [redacted] provide me with the information Napa Police Department had on file concerning the Glock 22 pistol, serial number RYG553 which had been collected from Officer Keener during his processing.

On 03-17-15, I received an email from [redacted] which had been forwarded from [redacted]. The email stated the following:

Officer Tommy Keener was issued a department-owned Glock, Model 22, serial #RYG553 in .40, on or about 5/13/12, after an OIS. The pistol was fully disassembled / inspected on 3/12/15 and returned to Officer Keener.

--End email--

Additionally, on 03-17-15 [redacted] provided me with an invoice copy from LC Action Police Supply, indicating 1 Gen 4 Glock 22 pistol, .40 caliber with serial number RYG553 was purchased by Napa Police Department on 06-30-11. I was also provided with a copy of a Glock Pistol Inspection form for "T. Keener #169" for a model "22" with serial number "RYG553" on 03-12-15. The form stated the gun had been inspected and passed all inspections prior to being placed back into service. Two small parts were replaced and the gun was inspected by [redacted]. I had both forms scanned into the report.

On 03-18-15, I requested [redacted] provide me with the most recent documentation regarding Off. Keener’s pistol qualification. On 03-19-15, I spoke with [redacted] who stated Off. Keener stated it was OK to release his most recent qualification (03-12-15) from his personnel file. I received via email a sign in sheet for 03-12-15 which showed a handwritten signature "Thomas Keener 169" on the 6th line. I was also provided with a Napa Police Department Range Qualification card for "T. Keener #169" on 03-12-15. The card showed at 0800 hours and 1130 hours, Off Keener qualified per department protocols with his issued Glock 22 pistol. The qualifications were witnessed by Napa Police Range masters. I had the forms scanned into the report.

RECOMMENDATIONS:
Case pending further investigation

Remarks: REPLACED RSA, IF CP CRACKED - REPLACED BOTH

Reassembly—After the component parts of the "detailed stripped" pistol have been found to be acceptable (or have been corrected), and they have been cleaned, the pistol will be reassembled. The reassembled pistol will then be reinspected to ensure functionality.

SUPPLEMENTAL REPORT
FORENSIC TESTING OF GUNS

INVESTIGATION:
On 03-19-15, I requested the Napa County Sheriff’s Department Crime lab initially process the two guns collected in this case. Off. Keener’s weapon was initially collected and inspected by [redacted] on 03-13-15. See his report for condition of gun at time of collection. James Jimenez’s weapon was recovered by [redacted] at the scene on 03-13-15. The gun was then transferred to [redacted] and transported to Napa Sheriff’s Department. Both guns were later booked into NSD evidence.

Officer Thomas Keener - Evidence number KEO1 - Glock 22 pistol, .40 caliber with 1 inserted magazine (KEO1A). Removed from the gun and magazine were 13 rounds of Federal .40 caliber ammunition (KEO1B).

Suspect James Jimenez - Evidence number TF-6A - Hi-Point CF380 pistol with one magazine. I was informed by [redacted] on 03-13-15 that the gun was loaded with a magazine (TF-6B) containing 8 rounds, the safety was in the off position (ready to be fired) and there was not a round in the chamber when it was collected.

On 03-19-15, [redacted] photographed, fingerprinted and swabbed the above items for DNA at my request. She collected the items from Napa Sheriff’s Department Property division and performed the tests in the Napa Sheriff Crime lab. Her report indicated she was unable to obtain and usable ridge friction detail on the guns for analysis. In obtaining DNA swabs from each weapon and magazine she created the following evidence items:

KEO1-1 thru KEO1-9 - swabs collected from the Glock handgun
KEO1A-1 thru KEO1A-3 - swabs collected from the Glock handgun magazine
TF-6A1 thru TF-6A8 - swabs collected from the Hi-Point handgun
TF-6B1 thru TF-6B3 - swabs collected from the Hi-Point handgun magazine

On 03-23-15, I collected the above items from [redacted] and later booked them into NSD evidence, locker #25. The items had already been packaged and sealed by the crime lab and were not required for analysis at this time.

On 03-23-15, I collected the following items from [redacted] to take to the Contra Costa County Sheriff’s Department crime lab:

KEO1 - Glock 22 pistol
KEO1A - Glock magazine
KEO1B - .40 ammunition from Glock (13 count)
TF-6A - Hi-Point .380 pistol
TF-6B - Hi-Point .380 magazine
TF-30 - Federal .40 casing
TF-42 - Federal .40 casing
TF-7 - Federal .40 casing
DKB-15 - Expended bullet recovered from Jimenez during autopsy

I requested the crime lab perform a function test of each weapon and check for any modifications. I also requested a ballistics comparison from the expended bullet and shell casing to the Glock 22 collected from Off. Keener. I provided the Contra Costa crime lab with one additional box of ammunition for each weapon. The ammunition supplied for use with the Glock was provided by Napa Police Department and was the same brand and type as used on the day of the incident. The ammunition provided for the Hi-Point was Gold Dot .380.

At approx. 1300 hours, I provided the Contra Costa County Crime lab with the above items to be processed.

RECOMMENDATIONS:
Case pending further investigation
REPORT OF LATENT PRINT PROCESSING AND POSSIBLE BLOOD/DNA COLLECTION - NSD #15-001080, EVIDENCE LAB #150026D

Description of Evidence:

Evidence Item #KE01: Glock G22 .40 Pistol. Evidence Item #KE01 consisted of a black colored metal and composite handgun, "Glock 22 Gen 4 .40", serial number RYG553. Attached in front of the trigger guard and below the barrel was a "Streamlight TLR-1`s" flashlight.

Evidence Item #KE01A: Glock .40 magazine. Evidence Item #KE01A consisted of a black colored metal gun magazine, with black colored composite material on bottom end, empty.

Evidence Item #TF-7: .40 shell casing. Evidence Item #TF-7 consisted of a silver colored "S&W .40 Federal" shell casing.

Processing:

Evidence Items #TF-7, #TF-30 and #TF-42 were digitally photographed only.

Prior to print processing, Evidence Item #KE01 and #KE01A were digitally photographed.

Evidence Item #KE01: Approximately two (2) swabs were taken from inside the barrel and from the outside edge of the barrel of the Glock handgun for possible blood/DNA prior to print processing.

Evidence Items #KE01 and #KE01A were processed with cyanoacrylate for the development of latent prints. No sufficient clear friction ridge detail was developed or collected for comparison purposes.

Additional Swabs:
Evidence Item #KE01: Approximately seven (7) swabs for possible blood/DNA were collected from:

- Trigger
- Trigger Guard
- Grip - front, back, right side, left side
- Flashlight Housing - bottom

The bottom of the flashlight housing contained an area of possible blood. This area was presumptive tested for blood with a Hemastix (Lot #404047, 2015-10), with inconclusive results.

Evidence Item #KE01A: Approximately three (3) swabs for possible blood/DNA were collected from:

- Bottom of Magazine
- Top of Magazine
- Front of Magazine

Disposition:

Evidence Items #KE01, #KE01A, #TF-7, #TF-30 and #TF-42 will be retained in the Napa County Sheriff’s Department Property Room. The nine (9) swabs from Evidence Item #KE01 and the three (3) swabs from Evidence Item #KE01A will be retained in the Napa County Sheriff’s Department Property Room pending analysis. The digital photographs will be retained in the Napa County Sheriff’s Department Digital File Management database.
REPORT OF LATENT PRINT PROCESSING AND POSSIBLE BLOOD/DNA COLLECTION - NSD #15-001080, EVIDENCE LAB #L150026E

Description of Evidence:

Evidence Item #TF-6A: Highpoint Semi-Auto .380 Handgun. Evidence Item #TF-6A consisted of a black colored composite material handgun, "Hi-Point Firearms Model CF380", serial number P8061898, no magazine.

Evidence Item #TF-6B: High Point .380 magazine. Evidence Item #TF-6B consisted of a black colored metal gun magazine with black colored composite material on bottom end, containing approximately eight (8) rounds.

Processing:

Prior to print processing, Evidence Items #TF-6A and #TF-6B were digitally photographed.

Evidence Item #TF-6A: Approximately two (2) swabs were taken from inside the barrel and from the outside edge of the barrel of the Hi-Point handgun for possible blood/DNA prior to print processing.

Evidence Items #TF-6A and #TF-6B were processed with cyanoacrylate for the development of latent prints. The eight (8) rounds remained inside Evidence Item #TF-6B during processing. No sufficient clear friction ridge detail was developed or collected for comparison purposes.

Additional Swabs:

Evidence Item #TF-6A: Approximately six (6) swabs for possible blood/DNA were collected from:

- Trigger
- Trigger Guard
- Grip - front, back, right side, left side

Evidence Item #TF-6B: Approximately three (3) swabs for possible blood/DNA were collected from:

- Bottom of Magazine
- Front of Magazine
- Last loaded round in magazine
Disposition:

Evidence Items #TF-6A and #TF-6B will be retained in the Napa County Sheriff's Department Property Room. The eight (8) swabs from Evidence Item #TF-6A and the three (3) swabs from Evidence Item #TF-6B will be retained in the Napa County Sheriff's Department Property Room pending analysis. The digital photographs will be retained in the Napa County Sheriff's Department Digital File Management database.
SUPPLEMENTAL REPORT
RESULTS OF FORENSIC PROCESSING OF GUNS

INVESTIGATION:
On 03-24-15, I received a call from the Contra Costa County Sheriff Forensics Services Division regarding the processing of guns I had brought them on 03-23-15. [REDACTED] informed me he had completed the processing of the guns and they were ready to be returned. On 03-25-15, I met with [REDACTED] and retrieved the following items, which I booked into NSD evidence:

KEO1 - Glock 22 pistol
KEO1A - Glock magazine
KEO1B - .40 ammunition from Glock (13 count)
TF-6A - Hi-Point .380 pistol
TF-6B - Hi-Point .380 magazine
TF-30 - Federal .40 casing
TF-42 - Federal .40 casing
TF-7 - Federal .40 casing
DKB-15 - Expended bullet recovered from Jimenez during autopsy

Additionally, [REDACTED] packaged the test fires and bore patches with each pistol respectively. They are labeled in his report as

1-1-A - Bindle: dry patch from bore with residue (Glock)
1-1-B - Plastic bag: three test fires created from lab supplied ammunition from Glock pistol
2-1 - Bindle: dry patch from bore with residue (Hi-Point)
2-2 - Plastic bag: three test fires created from lab supplied ammunition from Hi-Point pistol

On 03-26-15, I received an approved report from the Contra Costa County Forensics Services Division outlining the testing performed on the pistol in this case. I printed out the report and had it scanned into iLeads. The report is summarized as follows but should be reviewed for specific details:

[REDACTED] performed the requested testing of the weapons submitted. He examined Off. Keener’s Glock 22, serial number RYG553 and found that it had no unusual wear, damage or defects. The pistol safeties, magazine release and attached Streamlight light functioned as designed. The pistol functioned normally when test fired. [REDACTED] microscopically compared the test fired cartridges to each other and found sufficient marks for
identification. He then examined the three casing provided which were collected at the scene. In comparing the test fired cartridges to the collected cartridges he found that all class characteristics agreed and found sufficient agreement for identification in the individual characteristics (firing pin aperture shear marks) and concluded the collected cases had been fired from Off. Keener's Glock 22 with serial number RYG553.

He examined the bullet obtained from the decedent's body during the autopsy. He noted that it was a .40 caliber bullet fired through a barrel with six lands and grooves with a right handed polygonal twist. The bullet class characteristics matched the Federal HST ammunition that was packaged with Off. Keener's magazine. Typically bullets fired through this type of barrel do not bear marks suitable for comparison. He did not attempt to compare the collected bullet with test fired bullets; however this could be done in the future if required.

He examined the Hi-Point pistol and noted no unusual wear, damage or defects. The designed controls and safeties were functional. He test fired the pistol with three lab - supplied cartridges. The pistol functioned normally when fired.

RECOMMENDATIONS:
Case pending further investigation.
DATE: 03-23-15
TO: Contra Costa County Crime Lab - Firearms
FROM: [Redacted]

On 03-13-15 at approx. 1647 hours, Napa Police Department Officer Keener was involved in a shooting incident when attempting to serve a search warrant on a suspect for guns and narcotics. After a short pursuit, Off. Keener approached the suspect who was not complying with commands. Subsequently, Off. Keener fired his service pistol, a department issued Glock 22, serial number RYG553; 3 times at the suspect. The suspect was struck 2-3 times and subsequently died from his injuries. During autopsy, a bullet was recovered from Suspect Jimenez’s lower left torso area.

Off. Keener was photographed, processed and his weapon and ammo were collected. The weapon was inspected and later processed for fingerprints and DNA swabs by the Napa County Sheriff’s Department Lab.

The suspect, James Jimenez, DOB 01-29-74, had a HiPoint .380 pistol in his waistband which was recovered at the scene. The serial number for the gun is P8061896 and is registered to [Redacted] who has been contacted. The weapon has been photographed, fingerprinted and swabbed for DNA by Napa County Sheriff crime lab personnel.

I am requesting both weapons be function tested and checked for modifications. Further, I would request, if possible for ballistics comparison of the bullet recovered in the body and or the shell casings recovered at the scene to the weapon short by Off. Keener. I have included the following items for evaluation:

KEO1 - Glock 22 pistol (with associated swabs)
KEO1A - Glock magazine (with associated swabs)
KEO1B - .40 ammunition from Glock (13 count)
TF-6A - HiPoint .380 pistol (with associated swabs)
TF-6B - HiPoint .380 magazine (with associated swabs)
TF-30 - Federal .40 casing
TF-42 - Federal .40 casing
TF-7 - Federal .40 casing

If there are any questions or concerns, please do not hesitate to contact me at the below numbers or email. Thank you.

**Examination Results and Conclusions:**

I examined Officer Keener's pistol and noted no unusual wear, damage, or defects. The magazine release had been relocated to the right side of the frame. The Streamlight light attached to the rail and designed controls and safeties were functional. The magazine for his pistol and 13 unfired Federal HST cartridges were packaged separately. I collected a dry patch of the residues from the bore and designated it as laboratory item 1-1-A. I test fired the pistol with three laboratory-supplied cartridges and designated the test fires as laboratory item 1-1-B. The pistol functioned normally when test fired. I microscopically compared the test-fired cartridge cases to each other. I found the marks to be reproducible and sufficient for identification.
I examined laboratory items 5, 6, and 7 and determined them to be three fired .40 S&W caliber cartridge cases. All had been marketed by Federal and had nickel-plated brass cases and primers. I microscopically compared the three cartridge cases to a representative test-fired cartridge case. I found all class characteristics to agree. I also found sufficient agreement for identification in the individual characteristics, including firing pin aperture shear marks, and concluded that the three cartridge cases had been fired in Officer Keener's pistol. I documented my comparisons with photographs and notes.

I examined, weighed, and measured laboratory item 8 and determined it to be a nominal .40 caliber fired bullet. The bullet had been fired through a barrel with six lands and grooves with a right-hand polygonal twist. The bullet's class characteristics matched the Federal HST ammunition that was packaged with Officer Keener's magazine. Bullets fired through polygonal barrels typically do not bear many individual marks suitable for comparison. I did not attempt to compare the fired bullet and the test-fired bullets at this time. This work can be done in the future, if needed.

I examined the Hi-Point pistol and noted no unusual wear, damage, or defects. The designed controls and safety were functional. The Hi-Point's magazine, loaded with eight unfired cartridges, was packaged separately. I collected a dry patch of the residues from the bore and designated it as item laboratory 2-1. I test fired the pistol with three laboratory-supplied cartridges and designated the test fires as laboratory item 2-2. The pistol functioned normally when test fired.

I entered a representative test-fired cartridge case into the laboratory's ballistics imaging database, Evofinder. Evofinder is a replacement for the Integrated Ballistics Imaging System and is in the early stages of populating its database. No high confidence hits were found at this time. An investigator from your agency will be contacted if any high confidence hits are found.

**Strength of Associations Made in the Identification of Firearm-Produced Toolmarks:**
The identification of cartridge cases with a pistol is made to the practical, not absolute, exclusion of all other firearms. This is because it is not possible to examine all firearms in the world, a prerequisite for absolute certainty. The conclusion that sufficient agreement for identification exists between two firearm-produced toolmarks means that the likelihood another firearm could have made the questioned mark is so remote as to be considered a practical impossibility.

**Disposition:**
The test fires and bore patches from each pistol were packaged with their respective pistols. The evidence will be released to [redacted] on 3/25/15.

I uploaded the digital images to the laboratory's digital image server.
SUPPLEMENTAL REPORT
ETRACE OF GUNS

INVESTIGATION:
As part of this investigation, I submitted Etrace reports on both guns through the Alcohol Tobacco and Firearms (ATF) online, secured website. The requests were submitted on 03-19-15. I received a Firearms Trace Summary on each weapon, printed them out and scanned them into iLeads. The reports for each gun are summarized as follows:

*Glock 22 - The report was completed on 03-24-15 and indicated that Glock, 22 Gen 4, .40 caliber pistol with serial number RYG553 was traced to a government and / or law enforcement agency. It stated the weapon was shipped to Napa Police Department at 1539 First Street in Napa on 06-30-2011.

**HiPoint 380 - The report for this firearm was completed on 04-08-15 and indicated the HiPoint, CF380 pistol with serial number P8061898 was last purchased by a [redacted] on 04-24-13 from Darins Gun Exchange at 950 Randolph Street in Napa, CA. It was shipped to Darins on 02-08-13. Prior to that the gun was located in Ohio.

RECOMMENDATIONS:
Attach to original report.

OFFICER PROCESSING
SUPPLEMENTAL REPORT:

On 03/13/15 an Officer Involved Shooting occurred in the City of Napa. The "[redacted]" requested that I process the involved officers. The officers who were processed were Ofc. Keener, "[redacted]" and "[redacted]". "[redacted]" did all evidence collection of the firearms, ammunition, etc. Refer to his supplemental report for details.

At 1920 hours, Ofc. Keener arrived at NSO. I took photographs of Ofc. Keener and his equipment. At 1945 hours, I was instructed to stop processing in order to wait for additional personnel. At 2000 hours, I resumed processing Ofc. Keener for evidence. When I took Ofc. Keener's raid vest, I left the equipment in their pouches except for his firearm magazines, which were given to "[redacted]". I did not question Ofc. Keener about the incident. At approximately 2017 hours, Ofc. Keener consensually submitted to a buccal swab and AMR took a sample of his blood. The following is a list of items taken from Ofc. Keener:

NH1: Keener Raid Vest
NH2: Keener Benchmade folding knife
NH3: Keener Napa PD Badge #200
NH4: Keener black belt
NH4A: Keener flashlight and carrier
NH4B: Keener black holster
NH5: Keener shirt
NH6: Keener pants
NH7: Keener shoes
NH8: Keener buccal swab
NH9: Keener blood sample

"[redacted]" was processed next. I took photographs of "[redacted]" and his equipment. "[redacted]" had given a pair of shoe covers because there was possible blood evidence on his shoes. "[redacted]" also had blood on his left pant leg. When I took "[redacted]"s raid vest, I left the equipment in their pouches except for his firearm magazines, which were given to "[redacted]". "[redacted]" gave me a paper bag which contained the latex gloves he was wearing when he performed CPR. I did not question "[redacted]" about the incident. At approximately 2045 hours, "[redacted]" consensually submitted to a buccal swab and AMR took a sample of his blood. The following is a list of items taken from "[redacted]":

Raid Vest and equipment

Last Modified: 4/11/2015 20:14:16

[NH10] Socks
[NH11] Gloves
[NH12] Long Sleeve Shirt
[NH13] Pants
[NH14] Shoes
[NH15] Shoe Covers
[NH16] Short Sleeve Shirt
[NH17] CPR gloves
[NH18] buccal swab
[NH19] blood sample

... was processed next. I took photographs of [redacted] and his equipment. [redacted] had given [redacted] a pair of shoe covers because there was possible blood evidence on his shoes. When I took [redacted] raid vest, I left the equipment in their pouches except for his firearm magazines, which were given to [redacted] for [redacted]. I did not question [redacted] about the incident. At approximately 2059 hours, [redacted] consensually submitted a buccal swab and AMR took a sample of his blood. The following is a list of items taken from [redacted]:

Raid Vest and equipment

[NH20] Shirt
[NH21] Shoes
[NH22] Pants
[NH23] unused gloves
[NH24] Shoe Covers
[NH25] buccal swab
[NH26] blood sample

... was processed next. I took photographs of [redacted] and his equipment. When I took [redacted] 's raid vest, I left the equipment in their pouches except for his firearm magazines, which were given to [redacted] for [redacted]. I did not question [redacted] about the incident. At approximately 2115 hours, [redacted] consensually submitted to a buccal swab and AMR took a sample of his blood. The following is a list of items taken from [redacted]:

Raid Vest and equipment

[NH27] Pants
[NH28] Shirt
[NH29] Shoes
[NH30] buccal swab
[NH31] blood sample

After all the officers were processed, the evidence was secured in the Investigations Bureau pending booking. I transferred the photos from a media card to a CD (NH32). The photo sequence is as follows:

Ofc. Keener photos 1-45
[redacted] photos 46-92
[redacted] photos 93-125
[redacted] photos 126-158

On 03/16/15, NSO [redacted] processed different areas of the raid vests belonging to [redacted], [redacted], and [redacted]. She was unable to locate areas of blood. With approval from the Napa County DA's Office, their raid vests and equipment were released to Napa PD [redacted]. The officers clothing, shoes,
etc. were retained as evidence. All of Ofc. Keener's property was retained.

On 03/17/15, I booked all evidence items into NSO Evidence.

SUPPLEMENTAL REPORT
DISPATCH AUDIO AND PHONE CALLS

INVESTIGATION:
On 03-24-15, I was contacted by Napa Dispatch concerning my request for phone calls and radio traffic on 03-13-15 at the time of the incident. She provided me with a CD-R which she produced containing the requested audio files. A copy of the event chronology for event E150304903 regarding the incident on Spring Street was also included. I booked both items into NSD evidence.

I reviewed the audio files on the CD-R. While the vast majority of the radio traffic was associated with guiding incoming units and requesting additional resources, the following important transmissions on 03-13-15 are summarized below:

Beginning at 16.54.00 there are several "mike clicks" indicating a microphone transmission button is being pressed. No audible voices are heard. It should be noted that the involved officers were identified by the call sign "2K1".

16.54.18 - A code 33 is requested and granted. A unit ID is requested, however it is not provided. The unit then states "shots fired". Unit "2K1" then requests medical code 3 for suspect down and repeats that shots have been fired.

16.55.27 - "2K1" requests road closures for the scene.

16.55.48 - "2K1" advises there are no outstanding suspects and they have one in custody.

16.57.24 - "2X1" arrives on scene and blocks traffic.

16.57.34 - A phone call is received from a citizen. She stated 3 minutes prior she heard gun shots in the direction of Highland and Spring Street.

16.57.44 - "2X10" and several other Napa PD units arrive on scene.

16.59.24 - "2K1" advises they are conducting CPR and requests that medical personnel be expedited. They are informed medical is responding code 3.

17.07.08 - "2X10" advises the scene is code 4 at this time.
RECOMMENDATIONS:
Case pending further investigation.

SUPPLEMENTAL REPORT

On March 13, 2015, at approximately 1721 hours, I received a phone call from [redacted] requesting the deployment of the evidence team related to this investigation. [Redacted] informed me there had been an officer-involved shooting in the City of Napa, California. I contacted the Napa Sheriff's Department Records Division and requested the evidence team be paged out to this location. I responded in plain clothes in my unmarked Napa Sheriff’s Department vehicle to the Napa Sheriff’s office. I drove the Napa Sheriff’s Department crime scene investigations van to the scene of this incident. I met with Detectives on scene, along with Crime Scene [redacted] from the Napa Police Department.

I assisted Detectives, Crime Scene Specialists and members of the California Highway Patrol’s, MAIT team with the processing of this crime scene as it relates to this investigation. I assisted with the overall scene security and identification of numerous items of evidence as it relates to this investigation. During the course of this investigation, the California Highway Patrol MAIT team was tasked with the responsibility of mapping and measuring points of reference, including evidence item markers as identified by members on scene. I assisted on scene investigators with the collection of numerous items of evidence from the intersection and area where this incident occurred.

EVIDENCE

I assisted on-scene investigators with the collection, bagging and identification of the evidence as it relates to this investigation. All items of evidence were moved to my evidence vehicle for transport to the Napa Sheriff’s Department property room [redacted] and I transported all items of evidence to the Napa Sheriff’s Department property room for booking [redacted] followed to the Napa Sheriff’s Department Property Division. All items of evidence were placed into Evidence Drying Room No. 2 for processing. Several items of evidence were placed on drying racks to provide ventilation and allow for the biological fluids to dry and be preserved. I processed each item of evidence and confirmed its specific identification and packaging needs.

On scene of this investigation, [Redacted] and I assisted with the identification and removal of the unmarked police vehicles related to this investigation. The blue Ford Explorer SUV was removed from the scene and determined not to be of evidentiary value. The silver Ford Explorer SUV was preserved intact, removed from the scene by flatbed tow truck, and transported to the Napa Sheriff’s Department to be secured in the property evidence room, vehicle bay.

RECOMMENDATIONS

Case pending further investigation- I request a copy of this report be forwarded to [redacted] for further review.

On March 13th, 2015, at approximately 5:25 pm I had been requested by and to respond to the Police Department for a briefing on an Officer Involved Shooting scene. I arrived at the Napa Police Department (NPD) on March 13th, 2015 at approximately 5:55 pm. I went to the NPD training room for the briefing of the case. Napa Sheriff's Department (NSD) gave the briefing.

At the briefing NSD had informed me about the following: That there were two vehicles, a silver Explorer and a Motorcycle, that are a part of the scene. The silver Explorer and Motorcycle were located on the east side of the intersection at Hill Ave. and Spring St. A blue Explorer belonging to NPD was near the northeast corner of the intersection at Hill Ave. and Spring St., but had entered the scene after the shooting had occurred. There is blood, medical equipment, and other evidence located in the front yard of 45 Spring St. Spring Street has cross streets of Vale Ave. and East Ave. had picked up a handgun and placed it near the
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:20
Last Modified: 4/11/2015 20:14:16

Front windshield (exterior) on the passenger’s side of the silver Explorer. Three shots had been fired in a southeastern direction near the south curb of 45 Spring Street. The subject had been taken to the Queen of the Valley Hospital is deceased. Most of the deceased subject’s clothing had been located in the front yard of 45 Spring Street.

NSD [redacted] assigned me as lead forensics to process the scene at the intersection of Hill Ave, and Spring St and the front yard of 45 Spring St. CHP MAIT team lead by [redacted] assisted me by completing a diagram of the scene and evidence. NPD [redacted] and NPD [redacted] assisted me in searching for evidence, and collection of evidence. NPD [redacted] also assisted me as a scribe. NSD [redacted] and NSD [redacted] assisted me in searching for evidence on scene, and towing the silver Explorer and Motorcycle so that the vehicles could be processed at a later date/time. See supplemental reports for the above Officer’s for further information about assigned tasks.

I arrived on scene on March 13th, 2015 at approximately 7:51 pm. Upon arrival the scene had been secured with Police Personnel and barrier tape. I met with NPD [redacted], NPD [redacted] and CHP MAIT [redacted] to discuss the diagram.

The crime scene processing team entered the scene from the west side of the intersection at Hill Ave. and Spring St. CHP MAIT team entered from the North side of the intersection at Hill Ave. and Spring St. On the east side of the intersection at Hill Ave. and Spring St., near the northeast corner, there was a silver Explorer and a Motorcycle. A gun was located on the exterior passenger’s side of the silver Explorer; between the front windshield and the hood. Medical equipment surrounding bloody clothing had been located on the south side of Spring St. in the front yard of 45 Spring St. An expended cartridge was located near the southeast side of the tree. See CHP MAIT’s diagram for further information. Crime scene processing consisted of photography, measurements, scene diagram, and collection of evidence.

I began by documenting the scene with a Canon EOS 5D Mark III digital camera, and a Sony Handycam HDR-CX430V video camera. The photographs were downloaded to a CD as evidence item TF-43, and the video was downloaded to a DVD as evidence item TF-0. Item TF-43: photos. and TF-0: video were given to NSD [redacted] on March 16th, 2015 at 9:00 am per his request to book into NSD property/evidence room. ****The direction in parentheses is the direction that the camera was facing when the photograph was taken.

CZ --- (southwest) truck along the north curb of Spring St. between 6 Spring St. and residence on the northwest corner of the intersection at East Ave. and Spring St.

On March 13, 2015, at approximately 9:16 pm I assisted City of Napa employee’s [redacted] and [redacted] in setting up large flood lights in the crime scene.

On March 13, 2015, at approximately 9:56 pm [redacted] informed me that there was evidence from case 15-1567 in glove box of the Silver Explorer. I photographed and examined the interior of the glove box. In the glove box on the top was a medium size clear Ziploc bag that contained a plastic bag. The plastic bag contained some white substance. I turned over the Ziploc bag and contents to [redacted]

EC --- (northeast) rear side of the blue explorer, evidence stands 2 and 3, and the silver Explorer

ED --- (north) rear side and passenger's side of the blue Explorer, and numbers stand 1-3

EE --- (northwest) rear side and passenger's side of the blue Explorer, and numbers stand 1-3

EF --- (west) number stands 2 and 3

EG --- (west) number stands 2 and 3

EH --- (southwest) east side of the intersection and the motorcycle

EI --- (southwest) motorcycle on the center, east side of the intersection

EJ --- (south) number stands 4, 5, and 11

EK --- (southeast) rear side of the silver Explorer and number stand 5

EL --- (east) rear side of the silver Explorer

EM --- (north) passenger's side of the silver Explorer, number stands 5 and 6
EN --- (west) front side of the silver Explorer, the motorcycle, and number stand 4
EO --- (northwest) front side of the silver Explorer, the motorcycle, and number stand 4
EP --- (northwest) silver and blue Explorers and TF-1: start of scuff
EQ --- (northwest) 34 Spring St. residence on the north side of the street
ER --- (north) 34 Spring St. residence on the north side of the street
ES --- (southwest) front side and driver's side of the silver Explorer, number stands
ET --- (southwest) front side and driver's side of the silver Explorer, number stands
EU --- (west) silver and blue Explorer's near the northeast corner of the intersection
EV --- (west) blue Explorer near the northeast corner of the intersection
EW --- (southwest) number stands in the front yard of 45 Spring St.
EX --- (south) number stands in the front yard of 45 Spring St.
SY --- (southeast) number stands in the front yard of 45 Spring St.
EZ --- (east) south side of Spring St.
FA --- (west) number stands in the front yard of 45 Spring St.
FB --- (southwest) number stands in the front yard of 45 Spring St.
FC --- (south) number stands in the front yard of 45 Spring St.
FD --- (southeast) number stands in the front yard of 45 Spring St.
FE --- (southeast) number stands in the front yard of 45 Spring St.
FF --- (east) number stands in the front yard of 45 Spring St.
FG --- (west) number stands in the front yard of 45 Spring St.
FH --- (northwest) number stands in the front yard of 45 Spring St.
FI --- (northwest) number stands in the front yard of 45 Spring St. and the motorcycle and silver Explorer in the street
FJ --- (northwest) number stands in the front yard of 45 Spring St. and the motorcycle and silver Explorer in the street
FK --- (northwest) number stands in the front yard of 45 Spring St. and the silver Explorer in the street
FL --- (northwest) number stands in the front yard of 45 Spring St. and the silver Explorer in the street

FM --- (north) 34 Spring St. residence

FN --- (west) number stands in the front yard of 45 Spring St.

FO --- (northwest) number stands in the front yard of 45 Spring St.

FP --- (northwest) number stands in the front yard of 45 Spring St. and the silver Explorer

FQ --- (northwest) number stand in the front yard of 45 Spring St.

FR --- (south) 11 Spring St. residence

FS --- (southeast) 11 Spring St. residence

FT --- (southeast) south side of Spring St.

FU --- (east) north side of Spring St.

FV --- (northeast) 12 Spring St. and 6 Spring St. residences

FW --- (north) 12 Spring St. residence

FX --- (northwest) 34 Spring St. residence

FY --- (northwest) 34 Spring St. residence, motorcycle, silver Explorer

FZ --- (west) number stands in the front yard of 45 Spring St., motorcycle in the street and silver explorer in the street

GA --- (southwest) number stands in the front yard of 45 Spring St.

GB --- (south) 11 Spring St. residence

GC --- (southwest) vehicle on south curb, in front of 11 Spring St. residence

GD --- (southwest) 11 Spring St. residence

GE --- (south) driveway at 11 Spring St. residence and 7 Spring St. residence

GF --- (east) south side of Spring St.

GG --- (southeast) 7 Spring St. residence

GH --- (southeast) mailbox at 7 Spring St. residence

GI --- (east) south side of Spring St.
GJ --- (northeast) residence on the northwest corner of the intersection at East Ave. and Spring St.

GK --- (north) 6 Spring St. residence

GL --- (northwest) 34 Spring St. and 12 Spring St. residences

GM --- (west) Spring St.

GN --- (east) truck on the north curb of Spring St. between 6 Spring St. and the northwest corner residence from the intersection of East Ave. and Spring St.

GO --- (northeast) driver way of 6 Spring St.

GP --- (north) 6 Spring St. residence

GQ --- (northwest) 6 Spring St. residence

GR --- (northwest) 12 Spring St. and 6 Spring St.

GS --- (west) north side of Spring St.

3T --- (southwest) south side of Spring St.

GU --- (south) 7 Spring St. residence

GV --- (southeast) street sign on the southwest corner of the intersection at East Ave. and Spring St.

GW --- (southeast) street sign on the southwest corner of the intersection at East Ave. and Spring St.

GX --- (south) 3 Spring St. residence

GY --- (southeast) south side of the intersection at East Ave. and Spring St.

GZ --- (east) intersection at East Ave. and Spring St.

HA --- (northeast) north side of the intersection at East Ave. and Spring St.

HB --- (north) residence at the northwest corner of the intersection at East Ave. and Spring St.

HC --- (west) south side of Spring St.

HD --- (northeast) license plate of truck in front of 6 Spring St.

HE --- (northwest) 12 Spring St. residence

HF --- (west) north side of Spring St.

HG --- (southwest) MAIT team in front of 11 Spring St.
HH --- (southwest) MAIT team in front of 11 Spring St.
HI --- (southwest) passenger side and front of blue Explorer
HJ --- (southeast) front side of the blue Explorer
HK --- (southeast) driver's side of the blue Explorer
HL --- (south) front license plate of the blue Explorer
HM --- (southeast) VIN near the front windshield on the driver's side of the blue Explorer
HN --- (east) driver's side of the blue Explorer
HO --- (east) driver's side of the blue Explorer
HP --- (north) rear side of the blue Explorer
HQ --- (north) rear side of the blue Explorer
HR --- (west) interior side of the trunk door of the blue Explorer
HS --- (north) interior side of the trunk door of the blue Explorer
HT --- (west) passenger's side of the blue Explorer
HU --- (west) passenger's side of the blue Explorer
HV --- (south) numbers stands 1-3 near the northeast corner of the Explorer
HW --- (southwest) number stand 1 near northeast corner of intersection
HX --- (southwest) number stand 1 near northeast corner of intersection
HY --- (west) number stand 1 near northeast corner of intersection
HZ TF-1 (west) start of a scuff in the dirt located near the northeast corner of the intersection - PHOTOGRAPHED ONLY
IA --- (west) TF-1: start of scuff
IB --- (south) TF-1: start of scuff
IC --- (north) TF-1: start of scuff and number stand 2
ID TF-2 (north) end of a scuff in the dirt located near the northeast corner of the intersection - PHOTOGRAPHED ONLY
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:21
Last Modified: 4/11/2015 20:14:16

IE  TF-3  (east) start of scrapes on the pavement located near the northeast corner of the intersection
       - PHOTOGRAPHED ONLY

IF  ---  (east) TF-3: start of scrapes

IG  ---  (southeast) TF-2: end of a scuff and TF-3: start of scrapes

IH  ---  (south) scrapes from TF-3 to number stand 4

II  ---  (south) scrapes from TF-3 to number stand 4

IJ  ---  (southwest) scrapes from TF-3 to number stand 4

IK  ---  (north) scrapes from TF-3 to number stand 4

IL  ---  (north) scrapes from TF-3 to number stand 4

IN  ---  (northwest) scrapes from TF-3 to number stand 4

IO  ---  (northwest) scrapes from TF-3 to number stand 4

IP  TF-4  (west) end of scrapes on the pavement located under the motorcycle near the center of Spring St.
       - PHOTOGRAPHED ONLY

IQ  ---  (west) TF-4: end of scrapes

IR  ---  (west) TF-4: end of scrapes

IS  ---  (west) TF-4: end of scrapes

IT  ---  (west) TF-4: end of scrapes

IU  ---  (northwest) TF-4: end of scrapes

IV  ---  (northwest) TF-3: start of scrapes

IW  ---  (northwest) passenger’s side of the blue Explorer

IX  ---  (northwest) passenger’s side of the blue Explorer

IY  ---  (northwest) rear passenger’s door on the passenger’s side of the blue Explorer

IZ  ---  (northwest) rear passenger’s seat on the passenger’s side of the blue Explorer

JA  ---  (west) rear passenger’s seats on the passenger’s side of the blue Explorer

JB  ---  (northwest) front passenger’s seat of the blue Explorer
JC --- (northwest) passenger’s front dash board in the blue Explorer
JD --- (west) front passenger’s seat of the blue Explorer
JE --- (north) driver’s door of the blue Explorer
JF --- (northeast) driver’s seat of the blue Explorer
JG --- (east) pockets on the driver’s door of the blue Explorer
JH --- (east) front seats of the blue Explorer
JI --- (southeast) VIN sticker on the driver’s door frame of the blue Explorer
JJ --- (south) VIN sticker on the driver’s door frame of the blue Explorer
JK --- (east) steering wheel of the blue Explorer
JL --- (north) rear passenger’s door on the driver’s side of the blue Explorer
JM --- (east) rear passenger’s seats on the driver’s side of the blue Explorer
JN --- (east) rear passenger’s seats on the driver’s side of the blue Explorer
JO --- (east) rear passenger’s seats on the driver’s side of the blue Explorer
JP --- (east) rear passenger’s door on the passenger’s side of the blue Explorer
JQ --- (north) driver’s side of the trunk in the blue Explorer
JR --- (northeast) passenger’s side of the trunk in the blue Explorer
JS --- (northeast) passenger’s side of the trunk in the blue Explorer
JT --- (north) driver’s side of the trunk in the blue Explorer
JU --- (north) rear, exterior side of the blue Explorer
JV --- (southwest) northwest side of the intersection
JW --- (southwest) number stands 1-3 near the northeast corner of the intersection
JX --- (south) number stands 1-3 near the northeast corner of the intersection
JY --- (southeast) number stands 1-3 near the northeast corner of the intersection
JZ --- (south) number stands 1-3 near the northeast corner of the intersection
KA --- (south) south side of the intersection

KB --- (southwest) southwest side of the intersection

KC --- (west) TF-1: start of a scuff

KD --- (south) TF-1: start of a scuff

KE --- (south) TF-1: start of a scuff

KF --- (south) TF-2: end of a scuff, TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KG --- (southeast) TF-1: start of a scuff, TF-2: end of a scuff, TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KH --- (southeast) TF-1: start of a scuff, TF-2: end of a scuff, TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KI --- (southeast) TF-1: start of a scuff, TF-2: end of a scuff, TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KJ --- (southwest) TF-2: end of a scuff, and TF-3: start of scrapes

KK --- (south) TF-3: start of scrapes

KL --- (southeast) TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KM --- (southeast) TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KN --- (southeast) TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KO --- (northwest) TF-4: end of scrapes, and motorcycle

KP --- (west) TF-4: end of scrapes, and motorcycle

KQ --- (south) front motorcycle tire

KR --- (south) front motorcycle handle bars

KS --- (east) front motorcycle handle bars

KT --- (east) right side of motorcycle

KU --- (east) right side of motorcycle

KV --- (north) TF-1: start of a scuff, TF-2: end of a scuff, TF-3: start of scrapes, TF-4: end of scrapes, and motorcycle

KW --- (north) number stand 5 between the motorcycle and the silver Explorer
(north) SF baseball hat had been located on the east side of the intersection; between the motorcycle and the silver Explorer; collected by [redacted] and turned over to [redacted] for storage/preservation.

KY --- (north) TF-5: hat

KZ --- (north) TF-5: hat

LA --- (northeast) passenger's side of the silver Explorer

LB --- (northeast) passenger's side of the silver Explorer

LC --- (west) front side of the silver Explorer

LD --- (northwest) front side of the silver Explorer

LE --- (northwest) front side of the silver Explorer

LF --- (northwest) front license plate of the silver Explorer

LG --- (southwest) front side and driver's side of the silver Explorer

LH --- (southwest) driver's side of the silver Explorer

LI --- (south) driver's side of the silver Explorer

LJ --- (southwest) driver's side of the silver Explorer

LK --- (southwest) TF-2: end of a scuff and TF-3: start of scrapes

LL --- (southeast) rear side of the silver Explorer

LM --- (southeast) front passenger's door of the silver Explorer

LN --- (east) dash board in front of the front passenger seat of the silver Explorer

LO --- (northeast) front passenger's seat in the silver Explorer

LP --- (northeast) front passenger's seat in the silver Explorer

LQ --- (southeast) driver's door in the silver Explorer

LR --- (south) driver's seat in the silver Explorer

LS --- (southeast) driver's door of the silver Explorer

LT --- (south) driver's seat in the silver Explorer
LU --- (south) VIN on the driver’s door frame in the silver Explorer
LV --- (southeast) rear passenger’s door on the driver’s side of the silver Explorer
LW --- (south) rear passenger’s seats on the driver’s side of the silver Explorer
LX --- (east) rear side of the silver Explorer
LY --- (southeast) rear license plate of the silver Explorer
LZ --- (southeast) trunk of the silver Explorer
MA --- (southeast) trunk of the silver Explorer
MB --- (southeast) rear passenger’s door on the passenger’s side of the silver Explorer
MC --- (northeast) rear passenger’s seats on the passenger’s side of the silver Explorer
MD --- TF-5: hat
ME --- TF-5: hat
MF --- TF-5: hat
MG --- TF-5: hat
MH --- TF-5: hat
MI --- (north) number stand 6 on the silver Explorer
MJ --- (northeast) number stand 6 on the silver Explorer
MK TF-6A (northwest) Hi Point CF 380 380 ACD handgun with a serial number P8061898 was located near the front windshield on the passenger’s side of the silver Explorer- collected by [redacted] and turned over to [redacted] for storage/preservation
MK^ TF-6B (northwest) a loaded magazine had been located in TF-6A: handgun; number of loaded rounds to be determined by NSD crime lab- collected by [redacted] and turned over to [redacted] for storage/preservation
ML --- (northwest) TF-6A: handgun and TF-6B: magazine
MM --- (northwest) TF-6A: handgun and TF-6B: magazine
MN --- (northwest) TF-6A: handgun and TF-6B: magazine
MO --- TF-6A: handgun and TF-6B: magazine; side "A"
MP --- TF-6A: handgun and TF-6B: magazine; side "A"
MQ  ---  TF-6A: handgun and TF-6B: magazine; side "A"
MR  ---  TF-6A: handgun and TF-6B: magazine; side "B"
MS  ---  (southwest) number stands in the front yard of 45 Spring St.
MT  ---  (southwest) number stands in the front yard of 45 Spring St.
MU  ---  (southwest) number stand 7 near the tree
MV  TF-7  Federal 40 S&W expended cartridge had been located on the southeast side of the tree in the front yard of 45 Spring St. - collected by [REDACTED] and turned over to [REDACTED] for storage/preservation
MW  ---  TF-7: cartridge
MX  ---  TF-7: cartridge
MY  ---  TF-7: cartridge
MZ  ---  TF-7: cartridge
NA  ---  TF-7: cartridge
NB  ---  front side of the motorcycle
NC  ---  left side of the motorcycle
ND  ---  left side of the motorcycle
NE  ---  the street underneath the motorcycle
NF  ---  the street underneath the motorcycle
NG  ---  center of the left side of the motorcycle
NH  ---  left side of the rear wheel on the motorcycle
NI  ---  left side of the seat on the motorcycle
NJ  ---  left side of the middle of the motorcycle
NK  ---  left side of the handle bars on the motorcycle
NL  ---  left side of the front tire of the motorcycle
NM  ---  rear side of the motorcycle
(northwest) the street underneath the silver Explorer

undercarriage near the rear tires of the silver Explorer

undercarriage near the rear tires of the silver Explorer

rear passenger’s tire on the passenger’s side of the silver Explorer

undercarriage near the rear tires of the silver Explorer

undercarriage near the middle of the silver Explorer

undercarriage near the front tires of the silver Explorer

undercarriage near the front tires of the silver Explorer

The crime scene tape was taken down on March 14th, 2015 at approximately 3:33 am. I left the scene on March 14th, 2015 at approximately 4:00 am. I followed NSD [redacted] and NSD [redacted] to the Napa Sheriff’s Department to turn over the evidence. I placed the evidence in NSD’s blood drying room number 2 with NSD [redacted] and NSD [redacted] assistance. I left the NSD on March 14th, 2015 at approximately 4:35 am.

SUPPLEMENTAL: Crime Scene Processing

On 03/13/15, at about 1745 hours I was off duty and was in the City of Napa. I received a phone call from Napa Police asking me to assist, in the capacity of a Crime Scene Specialist (CSS), with the investigation of an officer-involved-shooting that had occurred in the area of Spring Street and Hill Avenue.

At 1805 hours I arrived at the Napa Police Department. [Redacted] and I were waiting for an incident briefing when we were directed [Redacted] to respond to Queen of the Valley Hospital to assist in scene security, as there was concern there may be a disturbance related to the shooting. [Redacted] transported me to QVH. At approximately 1930 hours it was determined that there was no longer a need for officers to remain at QVH. [Redacted] and I left QVH and later responded to the area of Spring Street and Hill Avenue.

At approximately 1950 hours [Redacted] and I arrived in the area of Spring Street and Hill Avenue. Once there I assisted [Redacted] Napa County Sheriff's along with two other Napa Police CSS officers, [Redacted] and [Redacted] were also present during the crime scene processing. My primary duty was to assist [Redacted] in searching for evidence and packaging evidence, all of which was supervised by [Redacted].

At approximately 0345 hours I left the scene.

DISPOSITION:

No further actions pending by this officer.
SUPPLEMENTAL: Crime Scene Processing

On 03/13/15, at about 1700 hrs., I received a phone call at home from Napa Police asking me to assist with the investigation of an officer-involved-shooting that had occurred involving Napa Police Special Enforcement Unit members.

At 1730 hrs. I arrived at the Napa Police Department.

At about 1845 hrs. I attended a briefing led by the lead investigator, Napa County Sheriff's Office, with the processing of the crime scene, at the intersections of Hill and Spring Streets. The briefing lasted until about 1930 hrs.

At 1950 hrs. I drove to the intersections of Hill and Spring Streets. Once there I assisted along with two other Napa Police CSS officers and Napa County Sheriff's were also present during the crime scene processing. My primary duty was to act as a scribe for writing notes regarding the descriptions and locations of items of evidence. I also helped facilitate the return of several pieces of medical equipment which had been left in the crime scene, to the Napa Fire Department (Engine 1).

At 0300 hrs. myself and the other evidence processing personnel cleared the scene.

DISPOSITION:
No further actions pending by this Detective.

Supplement Notes

Supplemental: Crime Scene Processing

On 03/13/15, at about 1700 hours I was off duty when I was notified of an officer-involved-shooting. I got dressed in full NPD Police Uniform and responded to the area of the scene, Spring Street and Hill Avenue. I received a phone call from Napa Police [redacted] asking me to assist with processing the crime scene as a Crime Scene Specialist (CSS).

At about 1800 hours, I arrived at the Napa Police Department. I was asked by [redacted] to be present for the incident briefing. I was sitting in the briefing room when I was approached by [redacted] and [redacted] and directed [redacted] and me to respond to Queen of the Valley Hospital to assist with security. We were told that there may be a disturbance at the hospital due to the shooting.

At about 1930 hours it was determined that we were no longer needed at the hospital and I left the hospital and returned to the police department. Once at the police department we were told to respond to the scene to assist with the investigation.

At about 1950 hours [redacted] and I arrived in the area of Spring Street and Hill Avenue. While on scene, I assisted [redacted], [redacted] and [redacted] also assisted [redacted]. While assisting [redacted], my duty was to search for evidence and package evidence. I also assisted [redacted] with a flashlight while she was video recording the scene.

[redacted] and I cleared the crime scene at about 0345 hours.

Disposition:

No further actions pending by this officer.

Supplement Notes

Evidence Collection:

On 3/13/15, at approximately 1716 hours, I responded to an officer involved shooting at the intersection of Spring St. and Hill Ave. in the city of Napa. I responded Code 3 in a marked patrol vehicle and was in full police uniform. I arrived on scene and parked my patrol vehicle at the intersection of Hill Ave. and Highland Drive. I ran to the intersection of Spring Street and observed a motorcycle lying on the ground. I observed medical personnel performing CPR on a male subject later identified as James Jimenez. I was requested by [redacted] to accompany [redacted] to conduct an interview with a potential witness.

After the interview, I was assigned to respond to Queen of the Valley Emergency room for evidence collection from Jimenez. I arrived at the ER and contacted [redacted] who was observing medical personnel as they performed life saving measures on Jimenez. Officer Smith advised the blanket Jimenez had been lying on from his transport to the hospital had already been collected and placed in a paper bag. I asked if he had processed Jimenez for Gun Shot Residue (GSR) and he stated he had not. There were numerous medical personnel working on Jimenez and I was unable to access his hands for processing. I instructed [redacted] to retrieve some paper bags and seal them around Jimenez’s hands. [redacted] and [redacted] placed his hands in bags and sealed them with tape.

Once Jimenez was pronounced deceased, I photographed his entire body for evidence purposes. I photographed several possible gunshot wounds with a measurement standard. Medical staff advised they had placed one of the chest tubes in his upper right chest through one of the bullet holes. I located a possible gunshot wound on Jimenez’s right forearm, his right upper chest near his nipple, and the right side of his neck. I was advised by medical personnel there was a possible exit wound on the left side of Jimenez’s neck. I attempted to photograph the wound, however it was secreted in the fold of his neck. Due to Jimenez being deceased, I did not touch him nor manipulate him in any way for the photographs.

I returned to the police department and uploaded the photographs into my CSS folder. I burned a copy of the photos onto a CD-R and turned the photos over to [redacted] with the Napa Sheriff’s Department.

Disposition:
No further action pending by this officer.
Supplement- Crime Scene Security:

I heard a faint radio transmission state, "Code 33." I then heard a voice state, "Shots fired, Code 33 suspect down." The location of the shots fired was broadcasted as Spring Street and Hill Avenue.

I began driving to the location of the shooting when I heard a radio transmission advising that an AMR ambulance (MED64) would be enroute, Code 3, to the Queen of the Valley Hospital (QVH). I advised that I would respond to QVH and begin scene security with the suspect.

I arrived at QVH and waited for MED64 to arrive. [redacted] arrived and I instructed him to retrieve some paper bags for evidence collection of clothing that may be on the suspect.

At approximately 1733 hours, Med64 arrived with the suspect, later identified as S-James Jimenez. James was escorted on a gurney by AMR, QVH and NFD staff into trauma room #1. After James was moved from the gurney to the hospital room bed, I followed AMR staff and observed them remove the gurney bedding (blue sheet and grey blanket) and place the items into a red bio hazard bag. [redacted] and I collected the sheet, blanket and bio hazard bag and placed them into a brown paper bag for evidence. [redacted] took control of the evidence. See report by [redacted] for further details.

While QVH staff was providing James medical treatment, I placed a paper evidence bag over James's left hand and secured it with medical tape.

After James was declared deceased, [redacted] took several photographs as evidence. I remained to assist officers with evidence collection and overall security until members of the Napa Sheriff's Department arrived to collect James' remains.

Following the coroner's arrival, I remained at QVH until the family of the deceased was notified.

I then drove to the Area of Spring Street and Hill Avenue and took over the crime scene log at 2140 hours and remained there until I was relieved by [redacted] at 0315 on the morning of 3/14/15.

No further action by this officer.
Disposition:

Closed.
Supplemental: Evidence collection and photos.

On 03/13/2015 at approximately 1708 hours, [redacted] was on duty in full police uniform driving marked NPD patrol car #2238. I responded to 1000 Trancas Street (Queen of the Valley Hospital) regarding a shooting. Dispatch advised, the suspect, was being transported by American Medical Response (Med 64) to QVH. I arrived at 1000 Trancas Street at approximately 1708 hours.

I made contact with [redacted] outside of the emergency room and was advised to obtain evidence bags. I located several paper evidence bags in the trunk of my patrol vehicle and brought them into the QVH emergency room for evidence collection.

American Medical Response arrived at QVH at approximately 1733 hours with the suspect (later identified as S-James Jimenez). James was escorted on a gurney by AMR, QVH and NFD staff into trauma room #1. After James was moved from the gurney to the hospital room bed, I followed AMR staff to the emergency room hallway and observed them remove the gurney bedding (blue sheet and grey blanket) and place it into a red bio hazard bag. I collected the sheet, blanket and bio hazard bag and placed them into a brown paper bag as evidence. The sheet and blanket both contained suspected blood on them.

I walked back into trauma room #1 and observed QVH staff provide James medical attention. While staff was working on James, I placed a paper evidence bag over James’s right hand and [redacted] secured it with medical tape. I also observed [redacted] place an evidence bag over James’s left hand.

After James was declared deceased, I assisted [redacted] with photos. Officer Elia provided me with a Napa Police Department issued measuring device (ruler) and I held the measuring device next to James’s wounds while she took digital photographs.

Following the coroner’s arrival, I remained at QVH until the family of the deceased was notified. It should be noted that I did no hear or see the family provide any statements while at QVH.

I then drove to the Napa Police Department and created an evidence (ILEADS) voucher for the bio hazard bag containing the blue sheet and grey blanket (BS-1).

At approximately 2234 hours, I drove to the Napa Sheriff’s Department and made contact with [redacted]. [redacted] directed me to the Napa Sherriff’s Department drying room and advised me to hang the blue sheet and grey blanket inside of drying room #3. A piece of white butcher paper was placed on the ground.
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:33
Last Modified: 4/11/2015 20:14:16

below the drying rack. I removed the blue sheet and grey blanket and hung them above the butcher paper to dry. The evidence bag and hazmat bag were also left inside of the drying room. The drying room was labeled with the case number on the outside of the door.

I then contacted [REDACTED] and provided him with the evidence voucher.

This concluded my involvement in the incident.

Disposition:

No further action pending this officer.

Supplement Notes

On 3/12/15 I received an Evidence Team callout to assist with an OIS scene that occurred on Spring Street in Napa. I first responded to Napa PD and attended a short briefing and received an assignment to assist with the scene. I was also tasked with assisting with tows of vehicles related to the scene.

I arrived at the scene at approximately 2115 hrs and was signed in to enter the scene. I entered the scene and viewed evidence, however I did not participate in the collection or processing of evidence other than to assist with vehicle tows. The two vehicles I was asked to have towed from the scene was an SUV driven by Officers involved in the OIS and a motorcycle operated by the suspect. I observed the SUV be loaded on the flatbed tow truck and assisted with loading the motorcycle onto the same tow truck (Napa Valley Tow). I exited the scene at approximately 1230 hrs and followed the towed vehicles back to the Napa Sheriff’s Office and assisted placing them in the vehicle evidence bay and secured the bay. Refer to CHP 180 for vehicle info.

Recommendation: To case file.
SUPPLEMENTAL REPORT

VEHICLES - FORD EXPLORER AND KAWASAKI MOTORCYCLE

INVESTIGATION:
On 03-13-15, I observed three vehicles (2 police and 1 motorcycle) located within the scene upon my arrival. During the investigation it became apparent one police vehicle (CA license [redacted]) was not associated with the incident as was one of the first responders. The two following vehicles were involved in the incident and subsequently towed to the Napa Sheriff's Department vehicle bay for evidence processing. [redacted] was assigned to monitor and secure the vehicles. The vehicles are as follows:

1. Kawasaki motorcycle, VIN [redacted] black in color, not registered. This vehicle operated by James Jimenez during incident.

2. Ford Explorer, CA License plate [redacted] silver in color, registered to Napa Police Department. This vehicle was operated by [redacted] with [redacted] Off. Keener and [redacted] as passengers during the incident.

On 03-16-15, I requested [redacted] to process the Ford Explorer secured in the Napa Sheriff Evidence Bay. I requested photographs, function checking of the emergency lights and siren and swabs of areas where there appeared to be blood or an evidentiary need (if any). She later informed me that the vehicle had been processed and photos taken. The emergency lights and sirens functioned as designed and she did not locate any damage, blood or other foreign substance which would be associated with the incident. The vehicle was released to [redacted] of Napa Police Department on 03-23-15. See [redacted]'s supplemental report for full details.

On 03-17-15, I requested evidence [redacted] to process the Kawasaki motorcycle. She photographed and inspected motorcycle. She noted damage which appeared to be from the accident, but did not locate any blood or items of evidentiary value. See her report for full details. The motorcycle will be subsequently released to the Jimenez family.

RECOMMENDATIONS:
Case pending further investigation.
Napa County Sheriff's Office #NSD15001080
Napa Police Department #NPD15001573
Napa County Sheriff's Office Evidence Laboratory #L150026A

AGENCY ASSIST—REPORT OF THE PROCESSING OF A NAPA POLICE DEPARTMENT VEHICLE-FORD EXPLORER (CA: [redacted]):

Preliminary Information:

On March 16, 2015, at approximately 10:00 a.m., I received a verbal request from Napa County Sheriff's Office [redacted] to process a vehicle that had been involved in an officer involved shooting scene. The scene had occurred on March 13, 2015. The vehicle had been placed in secure storage at the Napa County Sheriff's Office, in the vehicle bay. The vehicle had been driven to the scene location by Napa Police Department officers, and the vehicle belonged to the Napa Police Department.

[redacted] requested that I photographically document the vehicle, and examine the vehicle to determine if there were any signs of the vehicle being involved in a traffic collision, determine if there were any visible bloodstains on the surfaces of the vehicle, and determine if the emergency lights and siren were/are functioning properly.

I entered the vehicle bay on March 16, 2015, at approximately 11:00 a.m., to begin the processing of the vehicle.

Description Of The Vehicle:

Exterior:

The vehicle was a light silver colored, four-door with a rear hatch, Ford Explorer. The front and rear California license plate number of the vehicle is [redacted]. The vehicle identification number, located on the top left side of the front dash, is [redacted]. All of the doors and the rear hatch of the vehicle, were in the "closed" position, and all of the windows were in the "closed" position. The front left/driver's side door was not locked, but the remaining doors were in the "locked" position.

The exterior surfaces were dusty, and slightly soiled, and there was no obvious disturbance to the dust on the front windshield. There was no major damage, or visible signs of involvement in a traffic collision, to the exterior surfaces. There were no apparent visible signs of blood on the exterior surfaces of the vehicle.
Located one white paper apparent "candy" stick, and one penney, on the exterior side of the front windshield base, at the left side of the left wiper base. I collected these items to retain as evidence.

Interior:

I entered the vehicle by accessing the front left door, and unlocked the remaining doors. The keys to the vehicle had been placed on the front left seat cushion.

The front dashboard of the vehicle is comprised of tan, dark brown/black, and silver colored textured vinyl-like material and plastic. The vehicle has an "automatic" transmission, and the electronic mileage display read: 11413.1 miles. The interior door panels are comprised of tan, dark brown/black, and silver colored textured vinyl-like material and plastic. The seats of the vehicle are comprised of tan colored fabric material. The front seats are a "bucket" style with a front center console, and the rear seat is a "split" style with a fold-down armrest between the seats. The interior floorboards are comprised of black carpet, with black carpet mats.

There were several miscellaneous items located inside the vehicle. These items included: Personal items, a computer, equipment, papers, an empty long gun case, clothing, and two rolls of yellow colored plastic barrier tape.

I collected no items from the interior of the vehicle.

Documentation Of The Vehicle:

- photographically documented the exterior and interior of the vehicle.

Processing Of The Vehicle:

I visually examined the vehicle, and located no signs of traffic collision involvement, or apparent bloodstains on the exterior or interior surfaces.

I function-tested the horn, the emergency lights, and the siren of the vehicle. All light and sound functions operated normally, and properly.

Completion Of Processing Of The Vehicle:

Upon completion of processing, I left the keys to the vehicle on the front left seat cushion, I secured the vehicle inside of the vehicle bay, and left at approximately 11:55 a.m.

I notified [REDACTED] of the completion of processing, at approximately 12:00 p.m.

Description Of Evidence Collected:

Item #DKA-1: One 3 3/4" long white paper apparent "candy" stick, and one penney, collected from the exterior windshield base, at the left of the left wiper base, of the vehicle. Collected by [REDACTED], on 3/16/15, at 11:20 a.m.

76 digital images, taken during the processing of the vehicle, by [REDACTED]. Taken on 3/16/15, at 11:00 a.m. - 11:55 a.m.

Disposition:
Evidence item #DKA-1 was submitted to the Napa County Sheriff's Office Property Room, on March 24, 2015, at approximately 10:45 a.m.

The 76 digital images were submitted to the Veripic digital file management system database, on March 19, 2015, at approximately 2:30 p.m.
REPORT OF PHOTOGRAPHIC DOCUMENTATION OF VEHICLE AND POSSIBLE SWAB COLLECTION - NSD #15-001080, EVIDENCE LAB #L150026C

Preliminary Information:

On Tuesday, March 17, 2015, at approximately 12:00pm, I received a verbal request from [redacted] to photograph and possibly collect swabs from a vehicle involved in this case. At approximately 4:05pm, I entered the Napa County Sheriff's Department Vehicle Bay, where the involved vehicle was being stored.

Description of Vehicle:

The vehicle consisted of a black and silver colored "Moto Scorpions" AMA Motorcross motorcycle, with red colored scorpion logos, no license plate, VIN # [redacted], manufactured by Kawasaki, approximately 5' in length, 3' 4" in height at right handle bar (parked), and 2' 2" at rear fender.

Left Side of Vehicle:

Several areas of damage were noted on the left side of the motorcycle and consisted of:

Left hand handle bar - rubber grip scraped, ground off

End of left handle bar - silver colored metal cap bent slightly inward

Left side front panel - red and black logo scraped and torn

Left side panel - black plastic and silver and black logo sticker scraped and torn

Left side footrest - end bent, broken with scrape marks

Left side front fender - black plastic and black and silver label scraped, torn

Left side front wheel pin - dry plant material adhered

Right Side of Vehicle:
Case Summary Report

Agency: NSD          Case Number: NSD15-001080          Date: 4/13/2015 09:43:32

Last Modified: 4/11/2015 20:14:16

Right handle bar - black plastic casing around gas/gear shift cracked

Right handle bar - scrape on silver metal hand brake

No other areas of damage noted.

The seat consisted of a black colored vinyl (may have been green previously), good condition

The two (2) dirt bike type tires were also in good condition.

Overall digital photographs of the motorcycle and close range digital photographs of the damage were taken. No areas of possible blood were noted on the surface of the motorcycle. No swabs were collected.

I departed from the Napa County Sheriff’s Department Vehicle Bay at approximately 5:00pm.

Disposition:

The digital photographs will be retained in the Napa County Sheriff’s Department Digital File Management database.
SUPPLEMENT:
On 03/26/15, at approximately 1830 hours, I met [redacted] at the Napa Sheriffs Department and released the dirt bike James Jimenez was riding at the time of the shooting to her. A copy of the CHP 180 was attached to the report.

RECOMMENDATIONS:
Attach to report.

## Supplement Notes

**EVIDENCE BOOKING / FORENSIC PROCESSING**

03/17/2015 @ 0800 HOURS APPROX

At the start of shift this date, I began writing the supplemental reports I had for this case file to date. While writing the report of my interview with [redacted], I transferred the audio recording to CD and added the CD to my evidence list for this case.

To date I have 7 items of evidence. They are listed below:

- JD-1 iPad
- JD-2 Kindle
- JD-3 Indicia for Jaime Jimenez
- JD-4 Glass Meth Pipe/Bong with useable amount of controlled substance
- JD-5 (4) .380 caliber bullets
- JD-6 Gun Case containing small sized trigger lock
- JD-7 CD of Milo interview

I turned the iPad and the Kindle (JD-1 / JD-2) over to [redacted]. He will author a search warrant for these devices and perform a forensic evaluation on both.

I booked the indicia, glass meth pipe w/ controlled substance, bullets, gun case with lock, and the CD (JD-3 thru JD-7) into the Napa County Sheriff's Office Property Division.

END SUP
SUPPLEMENTAL REPORT
DESTRUCTION OF EVIDENCE ITEMS BS-1 (SHEETS FROM HOSPITAL)

INVESTIGATION:
On 03-13-15, 2 sheets were collected by Napa Police at Queen of the Valley Hospital. The sheets were from the gurney that James Jimenez was transported on. [Redacted] collected the items and provided them to us at the Napa Sheriff’s Department on the same night. [Redacted] placed the items in the drying room as they had blood on them. See [Redacted]'s report for details.

On 03-31-15, I observed and reviewed the sheets located in the secured drying room. The blood was dry and there did not appear to be anything else of evidentiary value on the sheets. Based on the status of the investigation at the time, I ordered the sheets be disposed of in the proper way for biological fluids. On 03-31-15, [Redacted] disposed of the sheets, evidence item BS-1 at my request.

RECOMMENDATIONS:
Case pending further investigation.
SUPPLEMENTAL REPORT
EVIDENCE TRANSFER

INVESTIGATION:
On 03-26-15, I received the following pieces of evidence from Napa Police Department personnel. I booked the items into NSD evidence.

JG-1 - Photos of scene from [redacted]
TF-44 - Sketch of scene from [redacted]

RECOMMENDATIONS:
Case pending further investigation.
On 3-13-15 at about 1655 hours, I was driving home on Silverado Trail, just north of Trancas Ave, when I heard advise over the radio of "shots fired" and that there was a "suspect down". I heard the location as Spring St at Hill Avenue. I was driving my unmarked Investigations car and I turned on my "Code Three" lights and siren and drove directly to Spring St at Hill Ave following Silverado Trail.

I arrived shortly thereafter and parked my car behind several patrol cars that were outside and west of the scene on Spring St. I observed Napa Fire Department medical personnel, who appeared to be doing CPR on a male, who was laying on the front yard of 45 Spring St. I noted that was still on-scene and was by standing next to the Napa Police Special Enforcement Unit's (SEU) Silver Ford Explorer, which was parked at an angle blocking the westbound lane of traffic on Spring Street. was standing next to the SEU Explorer, by the hood, and advised me he was maintaining chain of custody of a handgun that had been in the suspect's possession.

asked me if could take my Investigations car back to the police department and I advised he could and directed to where I parked it.

I assisted with directing incoming units to secure scene and document any potential witnesses in the immediate area. I contacted to advise of the incident and she retuned my call shortly after and advised that the Major Crimes Task Force was being activated and the Napa Sheriff's Department would be taking primary Investigative responsibility on the case. She directed me to wait for the Lead Detective, who was enroute to the scene.

Shortly thereafter, Napa arrived. I stayed with him and assigned Napa PD personnel, at his direction, to various assignments in the initial investigation. He requested Napa Police and whomever she needed, to assist for the forensic evidence processing at the Spring/Hill location. I contacted Napa Police by telephone and she advised she would be enroute. I assigned and to assist Napa Police with the evidence processing. At about 1817 hours, and I left the Spring Street scene and went to Napa Police Department for a briefing. After the briefing, assigned me to coordinate the neighborhood canvass, going out about a three block radius from Spring and Hill. I utilized the City of Napa GIS maps and broke the area down into a grid of 1-16 and assigned out several teams of detectives to some of the grids.

The following Major Crimes Task Force (MCTF) Investigator Teams conducted the neighborhood canvass on the night of 3-13-15:
-NSD
-NPD
-NPD

(Grid 1,2,3)
(Grid 5,6,8)
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:25
Last Modified: 4/11/2015 20:14:16

Refer to the above referenced MCTF Investigators’ reports for any details regarding the canvass.

I drove to the Napa Sheriff’s Office and continued to assist [REDACTED], as needed.

On 3-14-15, [REDACTED] conducted an operations briefing at the Sheriff’s Office at about 1500 hours, which I attended. [REDACTED] elected not to complete Grids 11, 12, 14, 15, 16 due to their distance from the incident location. During that briefing, [REDACTED] assigned the following teams to finish up the Neighborhood Canvass:

- NDA [REDACTED] (Grid 6)
- NDA [REDACTED] (Grid 5)
- NDA [REDACTED] (Grid 7)

Refer to the above referenced MCTF Investigators’ reports for any details regarding the canvass.

I assisted [REDACTED] by transporting several Napa Police Officer’s sealed evidence items and vouchers and items to be scanned to him: [REDACTED] (Crime Scene Log/ East and Spring), [REDACTED] (Crime Scene Log/ Spring and Hill), [REDACTED] (Recorder, CD), [REDACTED] (DVD), [REDACTED] (Prison gang email). I also obtained a box of Federal Ammunition of the same Make and Caliber that was in Officer Keener’s firearm from [REDACTED] and provided it to [REDACTED] for DOJ testing.

Disposition:
No further action taken by this officer at this time.
The suspect's residence is marked as 1409 East on the map. The scale of the map is 1:1,980.

Supplemental:

On 3/13/15 at approximately 1655 hours I was working as a Detective, assigned to the Napa PD Investigations Bureau. I was wearing plain clothes at Napa PD when I heard [redacted] (unit 2K1) announce shots fired via police radio. I responded "code 3" in unmarked Napa PD vehicle 2307 to the 100 block of Spring St and blocked Hill Ave & Spring St. I arrived on scene at 1658 hours and I was directed to block off Hill Ave and Spring St with my vehicle.

When I arrived on scene I contacted [redacted], who directed me to maintain visual line-of-sight on a firearm he advised was taken off the suspect. [redacted] pointed to where the firearm was placed against the windshield of the silver Ford Explorer driven by the Special Enforcement Unit. The firearm remained there untouched until I was relieved by [redacted]. I called Napa Dispatch and ran the firearm, a Hi-Point CF380, Serial# P8061898, .380 caliber. Napa Dispatch advised the firearm was clear.

I then went and spoke to two neighbors who I had seen in front of their house at 34 Spring St.

I first spoke to [redacted] at [redacted] in the driveway. I recorded the interview on my department issued digital recorder. [redacted] told me the following in summary:

[redacted] stated that she had come home from a hair appointment and her husband [redacted] had been home when the incident occurred. [redacted] indicated that she came down Hill Ave and parked on the side of the house due to Spring St being closed. [redacted] said she was driving the titanium colored Buick LaSabre. I asked [redacted] if she knew the gentleman that had been injured in the incident and she stated she didn't see him so she didn't know. [redacted] also indicated she used to work with probationers. [redacted] also asked if the incident was drug related. I told her I didn't know. End Statement.

I then spoke with [redacted] outside in the drive way. [redacted] provided the following statement in summary:

[redacted] told me that he was lying in his recliner watching television. I asked him which way the recliner faced and he indicated south. [redacted] heard a scraping sound in the gravel which he said sounded like the motorcycle "going down". [redacted] told me he stood up, looked out the window over the A/C, and saw the vehicle come to a stop. I clarified which vehicle and he pointed to the silver SEU Explorer. He then heard "Bam Bam Bam". [redacted] walked to the front window and saw the officers with their guns pointed at the man on the grass. He then saw one of the officers go over and check the man for a weapon. [redacted] indicated that he saw one officer by the truck parked in the driveway and two
Others (he pointed) by the tree in the front yard. He then heard officers talking about a gun or a weapon, and the officers then went over and picked a gun out of his hand and carried it to the car. _____ pointed to the silver Explorer as the destination for the handgun.

I asked _____ if the subject was face up on the grass like when I arrived and he said no. _____ showed me with his body that the subject was face down on the lawn with his arms outstretched from his body. I clarified with _____ that his head pointed toward the aluminum fishing boat and his feet were toward the street at a 90 degree angle with the boat.

I then clarified that _____ saw one officer near the truck, one near the tree and one in the street. After the officers spoke briefly they then approached the subject and one officer reached down and retrieved a gun. _____ stated that his (man on grass) arms were outstretched with his left arm farther away from _____ and the right arm closer. _____ said it looked like the gun was taken out of his left hand. _____ added that the officer did not have to take it out of his pants, he picked it right up. I asked him to clarify and _____ did not see whether the gun was in the hand or on the ground, but it was near the left hand area. _____ went on to say it wasn't "on him" like in a holster, the officer picked it up like it was out. That officer then took it to the silver Explorer but did not see where it was placed. _____ stated then the officers started to push on his chest, but not blow in his mouth, until paramedics arrived. End Statement.

I explained to the _____ that the street and the surrounding area of their house was going to be blocked by evidence technicians for quite a while. That concluded my contact with the _____.

I then spoke to NPD _____ who advised me he had recorded a brief interview with a female, _____, who had responded to his perimeter position at East Ave & Spring St. The female had identified herself as the suspect's wife/fiancee. _____ advised me at the conclusion of the conversation _____ stated she lived at the _____ address and was going back there to wait.

I then spoke to NSD _____, and advised that the suspect, whom I recognized from prior police contacts as James "Jaime" Jimenez, lived around the corner at 1409 East Ave. _____ asked me to freeze the residence as Sheriff's Department detectives were in the process of writing a search warrant for the suspect's residence. _____, _____, and I went to 1409 East Ave.

I knocked on the front door and an elderly female answered who identified herself as Jimenez's mother. Two small children came outside and I contacted another female inside who identified herself as _____, I asked all of the occupants of the residence to stand outside while we cleared the residence. After it was secured I spoke to _____ and explained to her where Jimenez was and why we evacuated the residence. NSD Deputies _____ and _____ responded and secured the scene.

I then responded to Napa PD for a Napa County Major Crimes Task Force Briefing. I was then assigned to be partnered with NSD _____ for a neighborhood canvass in the area of Highland St, Summit Ave and East Ave area. Refer to _____'s supplemental report.

On 3/17/15 I was partnered with Napa County _____ to canvass the Banks Ave and East Ave area. Refer to _____'s supplemental report for further details.

On 3/16/15 I met at Napa Sheriffs Department for a briefing. NSD _____ and I were assigned to conduct an interview with a possible involved subject, _____, and I went to _____ and located _____, I explained to him we needed him to come to NPD for an interview and he agreed. I transported him to NPD Investigations to an interview room which is covertly recorded. _____ and I spoke with him in the interview room.
Case Summary Report

Agency: NSD  
Case Number: NSD15-001080  
Date: 4/13/2015 09:43:18  
Last Modified: 4/11/2015 20:14:16

provided the following in summary:

stated that he knew Jaime through Jaime’s girlfriend [], whom he knew from local schools. explained his wife lived in the same Alta Heights neighborhood as Jaime and they would see each other from time to time. stated he had never been invited to Jaime’s house but had seen him last Thursday while walking in the neighborhood. Jaime had been out riding his dirt bike and he and [] had a 15-20 minute conversation. described the conversation as “small talk”. stated that he and [] had never used drugs together and that since his marriage has stayed away from drugs. had gotten out of custody roughly six weeks ago and had been trying to stay away from people who use drugs.

I asked about Jaime and if he knew anything about his character. said he had never heard of anything good or bad about Jaime. He said he knew from that the police had raided their house a few weeks ago. did not have any knowledge about the outcome prior. told that Jaime left the house on his dirt bike, and then she heard 3 gun shots when she was in the house and she found out it was him. had told that Jaime used to ride around the neighborhood.

went on to say that he was down the street when the incident took place and but would not give us the actual location. then said he was down the street from Big D Burgers near the lot lot. After they saw the police activity saw that the streets were blocked off and contacted on Facebook. told that her "dude" got shot by the cops. had stated that Jaime woke her up when he left the house and told her he was going for a ride when he left. then admitted he wasn’t really sure what said exactly.

then asked his exact location of where he was. said he was near the lot lot and cut through to his wife’s house on Vale. I pointed out that his course wouldn’t take him directly to Vale suspecting that he was not being truthful. Through my police contacts I know that lives right across from the lot lot which is the exact same area that is saying him was at. I suspected that did not want to admit he was with and using drugs. then said he was at his grandmothers house when he spoke to . stated that told him the police were coming back to the house and they shot Jaime. asked if he knew anything about what was going on at the house, specifically about the raids. said he never asked and did not wish to ask for fear of being labeled a snitch. I asked if he knew anyone else in the neighborhood that he may have seen or visited and he said no. said he walked up the street from Silverado Trail past the lot lot.

asked if his wife knew of the shooting. He said he did not know because he never made it back there and he and his wife were having problems and were getting divorced. We then questioned statement and he became upset saying that when he and his wife got into a fight he left and took a walk around the neighborhood. told we were trying to do follow up about what happened to Jaime and said he was probably running away the cops were harassing him the week before and the same cop that shot him shot somebody else. said he runs too so because he is usually doing something wrong and he would rather run then get caught. End statement.

and I transported back to his residence at

On 3/17/15 I was assigned to contact in regards to this case. NSD [] and I went to ’s house at We located him there and he agreed to accompany us back to the Napa Sheriff’s Office for an interview. I transported him to the Sheriff’s Office Investigation Bureau. While enroute to the Sheriff’s Office asked me spontaneously, "Is this about what happened to Jaime?" I told him yes it was. [] and I spoke to him in an interview room which was covertly recorded.

provided the following statement in summary:
stated he knew Jaime and he lived right around the corner to him. He said he met Jaime when someone
recommended he do some IT work for Jaime on a computer. said he worked for Vintage Communications as a
tech consultant. stated he wasn’t working currently but intended to go back to work shortly. He later admitted
his methamphetamine habit prevented him from working for the last few months. During the last few months
stated he would go to Jaime’s house and they would smoke methamphetamine frequently. During the past year
stated he went to Jaime’s house at least once a few for the past 4-5 months, almost always by himself or with a girl
named admitted him and Jaime would smoke methamphetamine together on a regular, basis, in his
estimation 2 times a month. ’s estimation was that he smoked with Jaime between 25-50 times over the past
year. He said he never saw smoke meth. stated Jaime was very secretive and did not mix groups of people.

stated he did not know much about Jaime but said he knew him to be a former member of a Norteno gang, and
heard that through a mutual friend. A kid named introduced Jaime and is also a fellow
methamphetamine user. He doesn’t know ’s last name but described him as a white male about 30 heavy set
maybe 180-200 lbs. said usually rode a bike.

went on the say that he had never purchased meth from Jaime as the prices were too high. said one or
both of them would have meth and they would get together and share it. Apparently Jaime’s prices were too high and
preferred to go to Vallejo to get his drugs, mainly Vallejo. apparently quoted too much for a
"teener" (sixteenth of an ounce) but he did not end up buying it. said he saw another guy named go to
Jaime’s house but he could not be sure of ’s last name, he thought it could be or something similar. recalled Jaime trying to sell him a dirt bike. He also identified the garage as being Jaime’s area, describing it to be on the
right side of the house. would usually drive by the house and knock on the garage door and Jaime would
invite him in. He also described the house as possibly being two story, although had never been inside the
actual house.

stated Jaime’s room was a cluttered mess with little or no room to spare. They would smoke meth and play
video games with Jaime and never spent more than 30 minutes at the house. stated that Jaime never sold in
front of him, if another person showed up he would have leave or have the people come back another time. He
estimated that he saw other people arrive at the house about half of the time he was already there. stated there
was a little traffic at the house, "maybe traffic like a drug dealer, I don’t know." He also said that Jaime was private
and purposely didn’t mix groups of friends. said he never saw Jaime have any problems with Jaime but did
have a lot of property that he asked about.

advised that Jaime would come to his house but not when his wife was there. explained that among
other tattoos, Jaime had a tear drop tattoo under his eye which he thought meant he killed someone. said he
wouldn’t want Jaime around other people, especially his kids. also never saw any weapons, real or fake, at
Jaime’s house. The house was also very cluttered so he wouldn’t really know.

asked what text messages would be on his cell phone. said about two weeks ago he tried to buy
a "teener" from Jaime but he refused. On Friday, said he and were at his house and Jaime planned on
coming by his house. left and never saw Jaime and heard the next day he was "gone". said he and
were using together because they had both broken up with their wives/girlfriends. described a four day meth
binge which consisted of the last week. He purposely left the house with to avoid see Jaime at his house when his
wife was there.

told he was downloading his phone per his probation terms. explained that there was
a gap in the text conversations from Thursday to Saturday. said that he asked either Thursday or Friday for
Jaime to bring a "teener" by his house but he refused because it was too expensive. was a little fuzzy on his
Case Summary Report

Agency: NSD  
Case Number: NSD15-001080
Date: 4/13/2015 09:43:18
Last Modified: 4/11/2015 20:14:16

A timeline due to his admitted drug binge last week. He remembered that Thursday he tried to buy the "teener" and Friday they arranged to meet. I asked if he had seen Jaime on Tuesday or Wednesday and he said no. He then went on to say that he has actually bought dope from Jaime, but it was a small amount, maybe $10-20. I asked when the last time they had a drug transaction, and he estimated first a month ago, then changed it to a couple weeks ago. He then said he got "4-5 greens", or 15 mg of Oxy for $10, from Jaime. I asked if he had traded items for drugs, and he estimated more than 15 times. He would act as a middle man for Jaime and arrange to trade the items for drugs. I confirmed that Jaime was coming to his house on Friday to either talk or "smoke a bowl".

I asked him aside from the tear drop tattoo, which of Jaime’s tattoos he remembered. He said Jaime did not look like someone you would want around. He said he knew he went to prison and yet other people said he was a gentle giant, he was a scary looking guy but very nice to him and other people. He said he didn’t see Jaime as a fighter. He went on to explain his living situation and how his drug use had progressed over the past couple months.

I asked what he thought when he heard about the shooting and he thought that Jaime had shot a cop. He said he heard that Jaime had a gun on him and that he "pulled it". He said that it didn’t surprise him because of the tattoos on his arms and face, and that if he was a cop and Jaime had gone for anything he would have done the same thing because of the way he looks. He asked him to elaborate and he said that he thought a police shooting meant a cop got shot. He went on to say that he could picture Jaime could do that because he’s been to prison and the way he looks. He said the face tattoo meant he has killed someone. He added that if someone had a tattoo on their face he would at least pull his Taser. He backtracked a little and said that he thought that maybe Jaime could pull a gun on someone but he didn’t really know.

He continued by saying that if he was in the officers’ position and he saw Jaime with the tattoo on his face and the way he looks, reaching for anything, he would have "told him down" based on all the circumstances. He added that Jaime had "the look"; baggy clothes, long hair in a pony tail, face tattoos, and maybe even a "grill" or set of gold teeth. He went on to say he thought he was portraying a tough guy image, but looked like a criminal. He thought he may be trying to portray that image because of his gang affiliation. He said that most of his contact with Jaime wasn’t about his past but more about hanging out, smoking meth, and trading electronics for meth. He estimated that in the last month he had made about 4-5 transactions, and 15-20 times over the course of the last couple months. He said he traded him a mini fridge, head phones, and a blue tooth speaker over the last month. End Statement.

I transported back to his residence.

On 3/18/15 and I delivered a copy of our digital recordings and DVD video to NSD to be booked into evidence.

Supplement Notes

Supplemental: Initial Response and Interview with Witness at [redacted]

On 3/13/15, I was working in the Investigations Office at Napa Police Department. At about 1655 hours [redacted] advised me of a report of shots fired at approximately in the area of East Avenue and Spring Street. I responded from the Napa Police Department Code 3 behind [redacted].

While en route, [redacted] got in front of us and we continued Code 3 to Spring Street accessed by Silverado Trail from the west. I stopped my unmarked vehicle on Spring Street about 50 yards west Hill Street. I exited my vehicle and noticed there was a small motorcycle lying near the center of Spring Street, a silver-colored Ford Explorer, which I recognized as a Napa Police Department Special Enforcement Unit vehicle, and I noticed SEU Detectives in the street on the south side of Spring Street near the yard of 45 Spring Street. There was a large Redwood tree in the yard. Just east of the Redwood tree there was an SEU Detective applying CPR to a man lying on his back. The man's feet were in a generally north direction and head to the south. I could not see his face.

I applied yellow crime scene tape from the west side of the garage of 67 Spring Street across to Hill Street, closing off the west side of the immediate scene and then I continued the crime scene tape to close off Hill Street north of the immediate scene.

[redacted] requested that I attempt to contact any witnesses near the scene. [redacted] was with me. I contacted [redacted] in his side yard at [redacted] which is the next-door neighbor of [redacted]. I spoke with [redacted] inside of his house at his kitchen table. I used a digital recorder to record our conversation. The following is a summary of [redacted]'s statement.

[redacted] was on his computer, which is in the downstairs southwest corner of the home. One of the sliding doors was open to the room. He heard sirens that he thought may have been an ambulance. He then heard some sort of automobile skid. Shortly after, he heard three pops, which he described as "pop, pop, pop" in quick succession. [redacted] realized it could have been a shooting. He then walked out the front of his house to his driveway and stood behind his truck. He noticed dust in the air crossing the back of his truck (which was parked in his driveway on Spring St).

[redacted] then saw multiple people that were clearly marked as police officers giving verbal orders to the person who was lying on the ground near the large Redwood tree at 45 Spring Street. The officers then communicated with each other to approach the man. [redacted] saw one of the officers walk over to the man lying on the ground and appear to be standing directly above the man, reach down, and pick up a pistol, which was black in color, with some kind of light-colored stripe, hammerless, and appeared to be a compact semiautomatic. [redacted] said the gun appeared to be in very close proximity to the person lying on the ground. [redacted] mimicked the movement made by the officer who
retrieved the firearm. Based on the way [redacted] motioned, it appeared the firearm was quickly and easily located by the officer. [redacted] did not see the gun until it was picked up by the officer. [redacted] then saw the officers bring some kind of black kit out of their vehicle over to the man and start tending to the man.

At that point, [redacted] said he did not hear any speaking or verbal commands prior to hearing the three pops. I concluded the conversation with [redacted] and ended the recording.

At about 1734 hours, I was flagged down by [redacted] again, who was standing in his front yard of [redacted]. He said he had been thinking again about the incident, and [redacted] said he remembered some additional details. He heard the sirens, followed by a skid noise, and then he heard multiple loud voices before he heard the shooting. [redacted] said it was in multiple voices that he heard prior to the shots. [redacted] lives at [redacted] and is a retired Federal Law Enforcement Agent (INS).

At approximately 1745 hours, we approached [redacted], [redacted], [redacted], and [redacted] and I went to 1409 East Avenue, which is the known residence of Jimenez. We had received information from patrol officers that Jimenez’s family members were initially standing by near East Ave and Spring St. The family returned back to their home (1409 East Ave).

We contacted [redacted], [redacted], and two young children, who were family members, [redacted] and [redacted]. They were instructed to come outside and remain out of the residence until the investigation was finished. [redacted] and I cleared the residence finding no people. There were also no people in the backyard. There was a large crowd gathering in the area. [redacted] was attached to an oxygen-breathing apparatus. [redacted] requested that I retrieve three oxygen tanks out of her bedroom inside the house; which I did.

I did not take any statements regarding the incident from anyone while at 1409 East Avenue.

Shortly after, two adults arrived with two more children. They were [redacted] and [redacted] (family of Jimenez). I told both [redacted] and [redacted] that the house was not to be accessed. They assisted in arranging transportation for [redacted] and [redacted], and the two children.

[redacted] and [redacted] stayed on scene. [redacted] and I left 1409 East Avenue to further assist in the investigation.

My further investigation of this incident included a neighborhood canvass (see my additional supplement). My digital recording of the interviews with [redacted] at [redacted] were saved on a disk with the rest of neighborhood canvass.

Disposition:

Further action pending this Detective.
Supplemental: NEIGHBORHOOD CANVASS 3/13/14

On 3/13/15, I [REDACTED] was assigned to the Major Crimes Task Force. I was assigned to conduct a neighborhood canvass for witnesses on the shooting. I was partnered with [REDACTED] who conducted the interviews with me. I recorded (with a digital recorder) all interviews with prospective witnesses.

The following is a summary of the interviews including witness names, contact information, location at time of the incident and statement. I was wearing a marked POLICE vest with NPD badge.

3/13/15 at 2020 hours contacted at [REDACTED] who was in Santa Rosa at time of incident. [REDACTED] cousin [REDACTED] was present during incident.

3/13/15 at 2230 hours contacted at [REDACTED] In driveway cleaning/vacuuming truck. He heard three gunshots, walked to corner of Spring St. and East Ave. looked west and saw a "guy" laying on the ground with 4 Officers with guns drawn. Lucas saw more officers arrived; saw paramedics come to give medical help. [REDACTED] does not know anyone involved.

3/13/15, 2030 hours contacted at [REDACTED] At time of incident she was eating at [REDACTED] and heard three gunshots; shots seemed close. Came outside to East Ave at Spring St. Saw motorcycle in middle of street. Saw a guy on the lawn, getting medical attention. [REDACTED] was with her mom and husband at the time.

Continued recording with [REDACTED] who as at [REDACTED] eating, heard sirens; suddenly heard three gunshots then the sirens got closer. [REDACTED] went to East Ave at Spring St saw three law enforcement men wearing vest near a person on the ground. Looked like officers were trying to resuscitate the man. [REDACTED] saw an onlooker trying to antagonize the police and was upset by that.

Continued recording with [REDACTED] mother-in-law of [REDACTED]. She was inside when heard 3 shots; she saw police and a lot people in the area.

3/13/15, 2046 hours at [REDACTED] no answer at door, business card left.

Continued recording at [REDACTED] In bedroom reading, did not hear anything until she heard sirens. Left house at 1730; got information from the news or friends. 13
year old son did not have information, not a witness. Her husband was not home at the time, no statement from him.

3/13/15, 2053 hours at [redacted]. No answer, business card left at door.

3/13/15, 2055 hours at [redacted]. [redacted] worked all night as nurse at QVH. Slept through incident. Woke up to helicopters. No further information.

3/13/15, 2058 hours at [redacted]. Home all day and had no idea what happened.

-BELOW ARE TWO POTENTIAL EYE WITNESSES OF JIMENEZ ON MOTORCYCLE JUST PRIOR TO THE SHOOTING (They were interviewed separately)

3/13/15, 2101 hours at [redacted]. [redacted] and [redacted] said he and [redacted] were walking their dogs on northbound East Ave. Noticed man on small motorcycle westbound Spring St at East Ave (on east side of intersection); pulled into the intersection, man paused looked side to side, then turned right onto northbound. Man rode out of sight; heard sirens, then heard three gunshots. Described the siren as sounding like law enforcement, not EMS. About 30-40 seconds elapsed between first sirens and shots. Continued his walk to the park with dogs; realized commotion has happened, turned around and walked back to East Ave at Spring St. Noticed a lot of people coming outside and more emergency personnel. Saw the motorcycle in street and thought it was the same motorcycle. Described person riding motorcycle as light skinned Latino male with long dark and grey braided pony tail, no helmet. Clothes looked similar to Chicago Bulls, black and red. Further described motorcycle rider as pausing in intersection and looking both ways for extended time. When riding north the motorcycle was going "quick". Lost sight of motorcyclist over crest of East Ave. Total time between seeing the man ride away and hearing shots 40-50 seconds.

Continued recording with [redacted] who was walking dogs with [redacted] at East Ave and Spring St. Saw motorcyclist wearing red and black at intersection who appeared "sort of out of sorts", "Sat there for a good amount of time". Motorcyclist took a right onto northbound East Ave. Continued walking, about 30 to 40 seconds later heard three pops while near Highland and East Ave. She did not think it was loud. Motorcyclist had dark pony tail hair and was driving quickly. Ended up seeing small motorcycle in the road near incident. Saw man being resuscitated; chest moving up and down. Was unsure if he was the same man she saw on the motorcycle. [redacted] did not know the man, not familiar with him.

3/13/15, 2120 hours at [redacted]. Not home during incident; got home around 1730 hours.

3/13/15, 2123 hours at [redacted]. [redacted] was at home said she heard 3 gunshots. Look over back fence to the west and heard a lot of sirens. She saw people on street corner with their hands up. She was scared and unsure what happened.

3/13/15, 2128 hours at [redacted]. No answer, business card was left.

3/13/15, 2129 hours at [redacted]. No answer, business card was left.

3/13/15, 2130 hours at [redacted] who was home with granddaughter at the indoor piano on south end of home when she heard 4 gunshots then later heard sirens.

3/13/15, 2139 hours at [redacted] who was home inside with his baby child. Heard 4 gunshots at about 1700 hours. Looked outside and saw three (possibly) police or
NSIB members with guns drawn downwards. Noticed they had identifying vests on. Has heard from local mailman that there was a problem house in neighborhood and [redacted] pointed out 1409 East Ave. [redacted] has seen man from that house often riding small motorbike late at night. [redacted] had also spoke with neighbors who told him about night activity at 1409 East Ave.

2146 Hours. [redacted] was home in backyard and heard three gunshots. [redacted] had no further info; she was with her wife [redacted]. According to [redacted] her wife would have the same statement.

Continued recording to [redacted] contacted three people who were all at residence [redacted] who inside her kitchen and heard police sirens then 3 gunshots. Heard woman screaming and looked out toward East Ave saw young woman having a breakdown on the corner; possibly saying "he's my brother". [redacted] pointed out 1409 East Ave and has had ongoing suspicions of the house and has made calls on the house regarding high activity and poor child care. Described Jimenez's physical appearance and advised he used to have a lot of people at odd hours going in and out of the garage of 1409 East Ave. Also has noticed people who look like social workers going to house. [redacted] has heard fighting at the house also.

Continued recording at [redacted] who was visiting sister sitting on couch reading. Heard distant sirens then heard 3 quick shots. Got up looked out of window; saw officers on scene. He noticed a woman having breakdown saying "that's my brother".

Continued recording at [redacted] sitting on west side of house when he heard 3 shots. [redacted] advised there has been "unusual activity" at 1409 East Ave.

3/13/15, 2205 hours [redacted] had no answer, card was left at door.

3/13/15, 2211 hours [redacted] came home after the crime scene was placed. Advised she has had ongoing problems with [redacted] (1409 East Ave); high activity; had spoken to a local detective in the past about the problems at 1409 East Ave. Compared house to a "drive thru" and has had to tell people to not park in her driveway. Advised other neighbors has noticed (this week) a lot of traffic in and out of the house. [redacted] advised her husband [redacted] was asleep during incident.

3/13/15, 2226 heard 4 shots but thought they were fireworks. She heard sirens but thought they were downtown, then heard the 4 shots. [redacted] did not go outside to look.

3/13/15, 2231 hours [redacted] was not home at the time of incident; not a witness.

3/13/15, 2234 hours at [redacted] and his wife [redacted] have a newborn and were sleeping in their house and were both woken up by helicopters.

3/13/15, 2237 hours, [redacted] who was not home at the time of incident and came home to notice the streets coned. No one else lives at home.

3/13/15, 2241 hours [redacted] no answer at door; card was left.

3/13/15, 2243 hours [redacted] who said he was near Highland Dr and Silverado Trail and heard 3 shots and ambulances. He came home and saw a police officer rolling
(over his neighbor [redacted] then pointed to 1409 East Ave). [redacted] saw one officer holding a gun and two officers checking the man and rolling him over, possibly checking him for weapons. [redacted] said the officers were giving him medical aid. [redacted] was watching from corner of East Ave and Spring St. The man was wearing a white and red jersey, has tattoos and a pony tail. [redacted] thought officers were giving the man medical aid, CPR. Saw man being loaded onto ambulance [redacted] was suspicious the man was "not a good guy"; [redacted] has seen the man steal things from the nearby 7-11. [redacted] has heard the man was into drugs.

Continued recording and spoke with resident/ brother [redacted] at 2053 hours contacted resident [redacted] who was in the front yard of the residence with the ten year old younger brother. They went inside and he heard three gunshots. [redacted] went outside and saw his next door neighbor near the corner of East Ave and Spring St. [redacted] saw three officers pointing guns at a guy on the ground. [redacted] said one of the officers was rolling the man over. [redacted] recognized the man as his neighbor [redacted] pointed to 1409 East Ave.).

Continued recording at [redacted] at 2053 hours contacted resident [redacted] who was home at the time of the shooting. He was watching NASCAR and hear "POP, POP, POP". He eventually went outside and looked down Spring St. to notice officer who were rolling the man on the ground. [redacted] said his wife [redacted] was also inside and only heard the three shots.

3/13/15, at 2300 hours at [redacted] the residents were standing by on East Ave. Contacted [redacted] was sitting on the south side of her house, watching TV and heard three shots. [redacted] said she heard yelling after the shots. Her front door was open but did not hear anything else before or after. Waiting a short time then went outside to see what happened. [redacted] saw a man on the ground with officers having their guns drawn. [redacted] knows that the man [Jimenez] possibly lives down the street. [redacted] child has gone to preschool with a child ( [redacted] related to Jimenez. According to [redacted] used to threaten to kill kids in preschool. [redacted] 12 year old daughter was home, but did not see what happened.

3/13/15 at 2311 hours, at [redacted] no answer; home appeared to be vacant/ unoccupied.

3/13/15 at 2315 hours, at [redacted] initially no answer. Took new recording after resident answered. [redacted]

3/13/15, 2318 hours at [redacted] no answer and appeared vacant/ unoccupied, left business card.

3/13/15, at 2326 hours at [redacted] no answer, business card left.

3/13/15, at 2329 hours. [redacted] was not home and did not witness anything.

3/13/15, 2332 hours at [redacted] who was at work and did not witness anything. Her 13 year old son ( [redacted] was home alone and heard 3 shots, possibly 4, but he did not see anything.

Continued at 2324 hours to [redacted] no answer initially. Started a new recording and a resident [redacted] answered. Only heard noise of helicopters. Did not hear or see any part of shooting.

3/13/15, 2337 hours, [redacted] who was not home during shooting. About 2 weeks ago, a neighbor told him there was possibly a meth lab at the house [redacted] [indicating 1409 East Ave].
3/13/15, 2345 hours: [Redacted] with no answer; left a business card.

3/13/15, 2346 hours: [Redacted] contacted [Redacted] who said her daughter ([Redacted]) was home at the time. According to [Redacted], he was in the backyard and heard the motorcycle and a car driving passed their house during the time of the incident.

3/13/15, 3251 hours: [Redacted] contacted [Redacted] who said he and his girlfriend came home after the incident. (Girlfriend’s name is [Redacted].)

3/13/15, 2355 hours: [Redacted] no answer; business card was left.

3/14/15, 0005 hours: [Redacted] no answer; business card was left.

3/14/15, 0007 hours: [Redacted] contacted residents [Redacted] and his wife [Redacted] were home did not hear anything. Only noticed sirens and activity.

3/14/15, 0026 at: [Redacted] contacted [Redacted] who heard 3 or 4 shots. In about three or four minutes and more police came. He did not hear anything else or see anything. He was home alone at the time.

3/14/15, 0031 hours: [Redacted] contacted [Redacted] was not home. [Redacted] was home but most likely in the shower and did not hear anything.

The following residences appeared to be shut down for the night; I left business cards at each house and did not digitally record.

[Redacted] (0022 hours), [Redacted] (0023 hours), [Redacted] (0025 hours), [Redacted] (0036 hours), [Redacted] (0038 hours), [Redacted] (0039 hours), [Redacted] (0040 hours), [Redacted] (0040 hours).

On 3/14/15, at about 1840 hours, [Redacted] and I began further canvassing. All contacts were digitally recorded. [Redacted] will be preparing a written report on our contacts (refer to her supplement).

I created two (GS-1 and GS-2) CD’s containing all my digital recordings from my initial response to the incident and my canvassing with [Redacted]. I subsequently delivered the CD’s to [Redacted] (NSD).

See the attached evidence receipts.

Disposition:

No further action by this Detective.
SUPPLEMENT REPORT
Neighborhood Canvas
On 03/13/15, at approximately 1710 hours, I received a text from [redacted] regarding Napa Police Officers involved in an Officer Involved Shooting. I was advised Napa County Sheriff's Department was going to take the lead on the investigation. I advised I would be enroute. I was told to respond to the Napa Police Department (NPD) for briefing.

I was assigned to canvas the area with [redacted] from NPD. Some of our interviews were audio recorded until the batteries died in my audio recorder. Those interviews captured on audio were later downloaded onto a CD and the CD was later booked into evidence.

[redacted] - We made contact with [redacted]. She wasn’t aware of anything. She saw nothing and heard nothing. She was advised of the incident via Nixel at approximately 1800 hours.

[redacted] - [redacted]. He said he got home at approximately 1648 hours. He was sitting on his back porch. He heard three shots and saw and heard sirens. He later saw a fire truck and ambulance. At approximately 1200 hours, he saw a white male approximately 28-30 years old. The man had a scruffy beard and wearing a brown vest. He believes the subject was the same subject who stole items from his open garage. He didn’t know if the subject had anything to do with the incident. The subject was last seen walking towards Silverado Trail at approximately noon.

[redacted] - [redacted]. She said she was home since approximately noon. She thought she heard three gun shots, but she was inside. At approximately 1730 hours she heard the sirens. She saw nothing associated to the incident.

[redacted] - [redacted]. He said she wasn’t at home at the time of the incident. She said she returned home at approximately 1820 hours. She didn’t have any knowledge of the incident.

[redacted] - [redacted]. She was at home, but didn’t see or hear anything.

[redacted] - [redacted]. He didn’t get home until approximately 1830 hours. He only heard and saw the helicopter.

[redacted] - [redacted]. She was at home and heard gunshots, heard the sirens and then the helicopter. [redacted]’s mother said she heard about the incident via the Alta Heights website.
She was in and out of the house all day. She didn’t hear or see anything.

He was outside and her gunshots and then heard sirens. He didn’t see anything.

heard nothing but sirens. She did not hear or see anything before.

He was not home at the time of the incident. He was at his bank.

didn’t see anything or hear anything before the helicopter flying overhead.

said she only heard and saw the helicopter. She didn’t see or hear anything before.

was at home during the time of the incident, but didn’t see or hear anything.

did not see or hear anything.

said she heard three fast gunshots and a few minutes passed and then sirens. She did not see or hear anything before the gunshots.

was not home at the time of the incident.

only heard sirens. Nothing was heard or seen before.

Refused information. The resident stated he heard and saw nothing.

was outside. He heard, "pop, pop, pop" at approximately 1700 hours then heard sirens. He did not hear or see anything before the pops.

was not home today between 1500-1900 hours.

. She said she didn’t get home until 1750 hours, but saw the roadway was blocked off.

was not home at the time. She had just gotten home at the time I made contact with her.

was not home at the time of the incident. She got home at approximately 1800 hours.

said at approximately 1700 hours, he heard, "pow, pow pow" he thought it was his neighbor using a nail gun. He then heard the helicopter. Nothing was heard or seen before the "pow, pow, pow".

RECOMMENDATIONS:

Attached to [report].
NEIGHBORHOOD CANVAS SUPPLEMENTAL REPORT:

On 03/14/15 at approximately 0030 hours, I conducted a neighborhood canvas in the area of First St and E. First St. Napa. I was attempting to locate any witnesses to the officer involved shooting that occurred on 03/13/15.

[Redacted] said she works from home on Fridays and she had a window open. All of a sudden she heard what sounded like a gun. She thought more about it and thought maybe it was a nail gun because the neighbor behind her does construction. A few minutes later, she said police were speeding through the intersection. Her husband came home and they went out to the front yard. At that time [redacted] thought what she heard must have been gun fire. [Redacted] said the shots were really quick. She thought this happened around 1700 hours. She didn’t hear any voices say anything before or after the shots. She didn’t hear any cars or motorcycles speeding or peeling out. She said she usually hears stuff but where the incident occurred was two streets over.

[Redacted] was at work until 1615 hours. When he returned home, he left again soon afterwards to go to dinner in Yountville and wasn’t home until 2000 hours.

[Redacted] returned home around 2130 hours and didn’t hear or see anything.

[Redacted] was home but did not see or hear anything.

[Redacted] was at work until 1745 hours and didn’t see or hear anything.

[Redacted] didn’t see or hear anything.

[Redacted] - Contacted [redacted] sleeping in a truck in front of the residence. He said he had been working on the house all day and hadn’t seen or heard anything.

[Redacted] and [redacted] did not hear or see anything.

[Redacted] didn’t see or hear anything and had been driving home around the time of the incident.

[Redacted] had gone for a walk and didn’t see or hear anything.

I was unable to contact anyone at the following addresses:
EVIDENCE:

NH33 - Witness audio

RECOMMENDATION:

Attach to original report
Supplemental Neighborhood Canvas: [redacted] and [redacted]

On 3/14/2015 at approximately 1800 hours, [redacted] and I drove to the Alta Heights area to conduct a neighborhood canvas. The following addresses were contacted and audio recorded if contact was made:

- [redacted] - No answer
- [redacted] - No answer

(They got home after incident; they did not see or hear anything.)

- [redacted] - No answer

(He was in the shower around 1645-1650 hours and heard what he thought were three gun shots while in the shower.)

- [redacted] - No answer
- [redacted] - No answer

(He was not home at the time of the incident. Brother in law [redacted] was visiting from Nevada and thought he heard shots but was not sure.)

- [redacted] - No answer

( She did not see or hear anything.)

- [redacted] - No answer

(They did not see or hear anything.)

(He thought he heard four shots and he observed CPR being done by officers.)

- [redacted] - (She did not want to provide contact information and she did not see or hear anything.)
(He heard and saw Jamie on motorcycle heading up the street at the same time he was getting in his vehicle and driving away; he did not see or hear anything else. He did mention he had chatted with Jamie from time to time and they shared tools when fixing cars.)

No answer

No answer

(She did not see or hear anything; did say there was a lot of activity going on at suspect residence on a regular basis.)

(She was sitting at table at approximately 1655 hours and saw man across street leave on motorcycle. Approximately one minute later she heard four gun shots, heard police sirens, ran outside, walked up to corner and observed police presence.)

No answer

(She heard four gun shots then heard police sirens; did not see anything.)

(She did not see or hear anything.)

(He did not see or hear anything.)

(He was not home during incident.)

Supplement Notes

SUPPLEMENT:

NEIGHBORHOOD CANVASS:

On 3/13/2015, at approximately 1707 hours, I received a telephone call from Napa Police who told me there had been an officer involved shooting. I worked as a Detective with the Napa Police Department. I became involved with this investigation as part of the Napa County Major Crimes Task Force; refer to the original and other supplemental reports for further. I monitored subsequent radio traffic as I responded from the Napa Police Range of the Napa Police Department. I was wearing a black polo style shirt with an embroidered badge on it as well as my issued badge and pistol visible on my right waistline.

Prior to the incident briefing, I was directed to go to the Queen of the Valley Medical Center (QVMC) to assist. I drove to the QVMC. I met with several Napa Patrol Officers who were on standby to assist the hospital’s security personnel if needed. While some officers waited inside, I waited outside, near the emergency entrance, to watch our vehicles. We waited until the suspect’s family was notified that he had died. Several of the people became very loud and upset. We kept our distance while Napa Sheriff’s and Napa Sheriff Deputy met with the group.

Although the group was upset, we did not engage them. After approximately a half hour, I was approached by the QVMC’s lead security officer. He told me he did not think we were needed. We waited some additional time while met with the suspect’s family. Advised he was going to keep talking to the group, but the rest of us left.

I met up with Napa County to conduct a neighborhood canvass, and I were assigned three areas in the Alta Heights area. A parcel map had been divided into different sections and we were assigned four, seven, and nine; see attached map. Upon contact with someone, I recorded my conversation on a digital recorder. We asked each person contacted if they had been home and if they had heard or seen anything. The following is a summary of houses we went to and people contacted in order:

: Residents: and . The had been in the back of their house.

Around 1700 hours they heard sirens, but had no other information. Phone:

: Residents: and . The had not gotten home until 1745 hours and had no information. Phone:
No answer at front door. My business card left at door.

Resident: [redacted]. They had gotten home after 1700 hours and had no information.
Phone: [redacted]

Residents: [redacted] and [redacted]. It appeared we woke them up. They seemed disturbed and was short with us. [redacted] said he did not remember if he had been home or not. [redacted] walked away from the door and left. [redacted] tried to speak with us. [redacted] seemed nervous, but spoke with us. [redacted] said they had heard the sirens, but had no other information about what had happened. [redacted] thought she might know the involved suspect. [redacted] thought she had seen him at her son's school. [redacted] described him as having a teardrop tattoo near his eye. [redacted] said they took steps to ensure their children did not go to his house on East Avenue. Phone: [redacted]

No answer at front door. My business card left at door.

No answer at front door. My business card left at door.

Residents: [redacted] and [redacted]. The [redacted] had been in their backyard around 1700 hours and heard two to three shots. The [redacted] had no other information. Phone: [redacted]

Residents: [redacted] and [redacted]. The [redacted] had not heard or seen anything, but [redacted] commented that she works in the area. Phone: [redacted]

No answer at front door. My business card left at door.

Residents: [redacted] and son [redacted]. [redacted] had gotten home after the incident and had no information. [redacted] had been home, but did not hear or see anything. Phone: [redacted]

Resident: [redacted]. [redacted] said they had been home, but did not hear or see anything. Phone: [redacted]

Resident: [redacted]. [redacted] had been out walking around 1705-1710 hours on East Avenue, south of Spring Street. [redacted] saw two patrol cars responding fast, but had not heard any shots and did not have other information. Phone: [redacted]

Residents: [redacted] and [redacted]. The [redacted] heard the sirens and saw police cars, but had no other information. Phone: [redacted]

Resident: [redacted]. [redacted] had been home, but did not hear or see anything. Phone: [redacted]

No answer at front door. My business card left at door.

No answer at front door. My business card left at door.

No answer at front door. My business card left at door.

Residents: [redacted] and [redacted]; daughter [redacted]. [redacted] and [redacted] had been out walking in the hills north of their house and had not heard or seen anything. Their teenage daughter [redacted] had been home, but
did not see or hear anything. Phone:

Residents: [redacted] and [redacted]. The [redacted] had not heard anything, but later saw police vehicles driving in the area. Phone:

Residents: [redacted] and roommates [redacted] and [redacted]. The [redacted] said she had not been home, but her roommate [redacted] had been. [redacted] said [redacted] was now out. [redacted] said she told her she had heard three shots. Phone:

Resident: [redacted] had heard a helicopter, but had no other information. Phone:

No answer at front door. House is vacant per neighbor.

Residents: [redacted] and [redacted]. They heard three shots before 1700 hours, but had no other information. Phone:

No answer at front door. Per Napa Police [redacted] the residents were already interviewed.

Residents: [redacted], daughter [redacted], and son [redacted]. [redacted] said she had not been home, but her daughter [redacted] had been. We asked to speak to [redacted] and after a minute or so, [redacted] said [redacted] was in bed and did not want to get up. [redacted] said [redacted] told her she had heard the shots and saw the guy on the ground, but she did not know him. [redacted] said her son [redacted] had not been home. Phone:

Residents: [redacted] and [redacted], and their children [redacted] and [redacted]. [redacted] spoke for [redacted] as she indicated she did not speak English well. [redacted] indicated they had been home and heard the shots, but they had not heard anything else nor had they seen anything. Phone:

Residents: [redacted] and [redacted]. Both were contacted standing in the house’s driveway. [redacted] said he had heard the shots and maybe tires squealing. [redacted] walked up the street and saw a silver Escape (Ford), a hat on the ground, the bike, and a guy on the lawn. [redacted] said the cops were helping the guy on the ground and then said or whatever. [redacted] indicated [redacted] had not been home. [redacted] and [redacted] refused to identify themselves, but said they lived there. I later checked DMV records for two vehicles parked in the driveway and found they were registered to [redacted] and [redacted]. I checked Cal Photo and confirmed [redacted] and [redacted] were the people we spoke with.

Resident: [redacted] said she had just gotten home and her front door was partially open. She heard three shots which she thought was a car backfiring. Then saw the cops, the motorcycle, the car, and a guy laying on the grass by a redwood tree. [redacted] approached and asked if she should call 9-1-1. [redacted] then saw a blue car arrive and an officer talking on his radio. [redacted] noticed the guy on the ground did not move. Phone:

Resident: [redacted] had been home, but had not heard or seen anything. Phone:

Resident: [redacted]. [redacted] had been home alone, but did not hear or see anything.
Vacant.

Resident: said he had not heard or seen anything. Phone:

Resident: said he had not heard or seen anything. Phone:

Resident: had not heard or seen anything. Phone:

No answer at front door. My business card left at door.

Residents: and said he had not been home, nor did he have any information. said his girlfriend had not heard or seen anything. Phone:

Vacant.

No answer at front door. My business card left at the door.

As we approached, I saw someone inside through a window just south of the front door. When I knocked on the door, the light went off and no one answered. I continued to knock, but no one responded.

No answer at front door. My business card left at door.

No answer at front door. My business card left at door.

Residents: and . The had been home, but had not heard or seen anything. They referred us to contact the resident at as she possibly saw the guy on the motorcycle acting weird. Phone:

No answer at front door. My business card left at door.

No clear access. It appeared someone was inside the darkened residence, but they would not come out or engage us; unknown why.

No answer at door. My business card left at door.

Resident: had not heard or seen anything.

Resident: said he had not gotten home until after 1800 hours and he had not heard or seen anything. Phone:

We could see a white male asleep in his bed just inside the patio area, but we could not wake him up. The sliding glass door was open, but no one else answered inside. I left my business card under an ashtray that was near the entrance to the patio as it appeared to be a used entryway.

Likely vacant.

There was a television and lights on inside, but no one answered the front door. My business card
left by the door.

Resident: [redacted] had been home and heard some gunshots before 1700 hours, but she did not have any other information. Phone: [redacted]

Resident: [redacted] had been at Uncorked. [redacted] had not come home until 1900 hours and had no information. Phone: [redacted].

No answer at door. My business card left.

No access to front door. No one contacted at house. My business card left in mailbox.

No access to front door. No one contacted at house. My business card left in mailbox.

No answer at front door. My business card left at door.

No answer at front door. My business card left at door.

No answer at front door.

[redacted] prepared a list of addresses assigned to us which we had not made contact with. I transferred the list to a Word Document and emailed it to Napa Police Investigations. [redacted] We finished around 0130 hours on 3/14/2015.

Information sent to [redacted].

NO CONTACT:
Around 0800 hours, I began to get voicemails from some of the people where I had left a card the night before.

I received a voicemail regarding them finding my card from the following people:

I listened to each voicemail, but no new information was provided.

At approximately 1715 hours, I met up with Napa County C. We were assigned to attempt contact with the residents who had not yet been contacted in the previous neighborhoods. Upon contact with someone, I recorded my conversation on a digital recorder. We asked each person contacted if they had been home and if they had heard or seen anything. The following is a summary of houses we went to and people contacted in order:

**Resident:** [Redacted] said he had been home mowing in his backyard. During a break from mowing he heard four shots. [Redacted] did not know what happened, nor did he have other information. Phone: [Redacted]

The house appeared to be vacant and under construction. There may be a squatter inside, but I was unable to confirm as the windows were covered up.

There were dogs barking inside and the day's paper was still on the porch, but the card I had left earlier in the morning was gone. I knocked on the front door several times, but no one answered.

It appeared to be vacant and under construction.

[Redacted] said they had not been home during the incident. Phone: [Redacted]

No answer at front door. My business card left at door.

[Redacted] said he and his sons (redacted) had been home, but they had not heard or seen anything. Phone: [Redacted]

[Redacted] said she had not heard or seen anything. Phone: [Redacted]
I contacted a woman who identified herself as a nanny for the residents. Also present was a 5 year old girl who was the daughter of the residents. The nanny said she had not been there the previous evening, but she would give them my business card.

No answer at front door. Per [redacted], the resident had been out of town and was not due back that weekend.

Resident: [redacted], said she had been in her backyard. [redacted] heard a motorcycle start and then a few minutes later she heard three shots. [redacted] said she had not been concerned as she only thought it was kids playing in the front. Phone: [redacted].

Residents: [redacted] and [redacted]. The [redacted] related they had not been home and did not have any information. Phone: [redacted].

The house appeared vacant and under construction.

Residents: [redacted] and [redacted]. I contacted [redacted], but [redacted] was not there. [redacted] said she had not heard or seen anything, but [redacted] had called the police department at the time. [redacted] said [redacted] was working, but would be available later. Phones: [redacted].

Resident: [redacted]. [redacted] said she had been home the day prior. [redacted] heard a siren that lasted for approximately one minute and then heard three pops followed by more sirens. [redacted] did not know what had happened. Phone: [redacted].

Resident: [redacted]. [redacted] said she was gone from 1530 hours until after 1700 hours and had not heard or seen what happened. [redacted] said her son [redacted] had been home, but he had not heard or seen anything. Phone: [redacted].

[redacted]. [redacted] said he had not been home and he did not have any information. Phone: [redacted].

There was no answer at the front door and the interior was dark.

There was no answer at the front door.

[redacted]. [redacted] said he had not been home and he did not have any information. Phone: [redacted].

No one answered the door, but it appeared someone was inside. I noticed there was a surveillance camera mounted nearby with a clear view of the porch where I was.

Resident: [redacted]. [redacted] said he had been home, but had not heard or seen anything.

On 3/17/2015, I received an email from [redacted]. She stated she had been away but found my business card. Through email, Paul indicated she lived at [redacted] and had been away during the incident and had no information.
I downloaded the audio recordings, voicemails, and emails onto a compact disc (PP-1).

On 3/19/2015, I gave the compact disc to [REDACTED] to be turned over to Napa Sheriff's [REDACTED] to be booked at the Napa Sheriff's Department.

DISPOSITION:

No further action pending.
Supplemental Report:
Neighborhood Canvas 3/15/15 with Napa Police Department. In the event that no one was home or responded to the door, a business card was left.

- No answer
- Neighbor says this family has not been home for months.

- 1950 hrs, asleep & heard/saw nothing
- 1952 hrs, , came home @ 1730
- 2000 hrs, not home but wife saw it

This ended this portion of the neighborhood canvas on this date.
On 3/14/15 I was partnered with Napa Police Department and assigned to canvas specific streets in the Alta Heights neighborhood. We spoke with 4 adults at a home on the corner of Highland and Hill Avenues. All 4 were at home at the time of the incident and were in the back yard that is immediately adjacent to Hill Avenue. They were all in "the cabana" which is a three-sided patio structure. The siding is made up of panels that appear to be reeds or rattan curtains. It is possible to see out of the structure, but visibility is limited. Sound easily travels in and out of the "cabana." We interviewed each person separately and the interviews were recorded on [redacted]'s digital recorder. [redacted] is the sister of [redacted] and her husband [redacted] were visiting from Nevada.

[redacted] said all four were outside in the "cabana" drinking wine. He saw a motorcycle go south on Hill Avenue and following closely was an unmarked police vehicle with blue lights flashing. The motorcycle was "a wimpy motorcycle" like a "toy motorcycle" and the driver was going as fast as he could go on it. He got up and walked out of the "cabana" to the steps at the driveway. He can see down Hill Avenue to Spring Street from this location. [redacted] saw the motorcycle attempt to make a left turn onto Spring Street (east bound) but it hit gravel and went down. [redacted] said he couldn't see the person, only the motorcycle in the road. Immediately the unmarked police car turned left and went out of sight. Approximately 5 seconds later he heard 3 gunshots, "pop, pop, pop." He could not see the person who had been riding the motorcycle or the officer(s). [redacted] said he didn't hear anything before the shots. He walked to the northeast corner of Hill Avenue and Spring Street and saw the motorcycle in the road. He later saw someone doing CPR but didn't initially know where to look. An officer then came and secured the scene so he returned to his home.

[redacted] said she had a "good view" through the slats of the bamboo siding of the cabana. She heard the motorcycle go by with another car behind it. She figured it was a police car because it was right behind the motorcycle. She got up to check out the speeding vehicles and saw the motorcycle veer left at Spring Street. She heard nothing until she heard "pop, pop, pop." She stayed at the house on the steps at the driveway while [redacted] walked to the corner. She...
said it took some time for the ambulance to arrive. She estimated the speed of the motorcycle to be 30-40 miles per hour.

[Redacted] said he was sitting in the enclosed patio and heard the sound of a motorcycle going fast down the street. Soon there was another car, and unmarked police car, with siren going and blue and red lights flashing driving down Hill Avenue after the motorcycle. He got up and walked to the steps that lead down to the driveway and watched as the police car made a left on Spring Street from Hill Avenue. There was a motorcycle on the ground. The police car went out of his sight and then he heard "pow, pow, pow." He said the gunshots were very quick and obviously from a professional. He explained that his son is sniper and so he has some experience with professional shooting. [Redacted] saw an officer standing in the street and he went back into the "cabana." After a few minutes of "collecting themselves" they noted other officers arriving and later an ambulance. [Redacted] said he didn’t see anything "close" and he didn’t see the man riding the motorcycle.

[Redacted] said she heard a motorcycle and a car close behind. She heard the siren of the unmarked police car, but said it wasn’t the normal siren but a "weep, weep, weep" sound that she still associated with being a police siren. She saw the motorcycle crash from the stairs above the driveway, but didn’t walk down the street.

This ended these interviews with these witnesses at this time.
Supplemental Report:
Return calls from business cards left during neighborhood canvas 3/14/15 and 3/15/15 with Napa Police Department.

3/14/15 @ 1140 hours  [Redacted] said he was not at home during the time of the incident.

3/16/15 @ 1043 hours  [Redacted] and her husband were in Las Vegas and did not return until 3/15/15. They do not know their next door neighbors other than to wave to be friendly. However, she could tell “they were up to no good” and had an idea that there was drug activity next door.

3/17/15 @ 909 hours  [Redacted] said he was not home at the time of the incident.

This ended this portion of the neighborhood canvas to date.
Supplement Notes

Supplemental Report:
Return calls from business cards left during neighborhood canvas 3/14/15 and 3/15/15 with Napa Police Department.

3/17/15 @ 1505 hours

[Contact Name] left just before the incident so he didn’t hear or see anything unusual or related to the incident. Only lives here part-time (he is retired from the Alameda County Sheriff’s Office).

3/18/15 @ 0837 hours

[Contact Name] said their home has been vacant for several months. No one was at that address at the time of the incident.

This ended this portion of the neighborhood canvas to date.

Supplemental Report:
Witness: [Redacted] driving down East Avenue at 1655 hours.

On 3/14/15 I was partnered with Napa Police Department: [Redacted] and assigned to canvas specific streets in the Alta Heights neighborhood. We spoke with [Redacted] at approximately 2000 hours who told us he was at work during the time of the incident, but his wife was a witness. [Redacted] said that immediately after the incident, his wife phoned him and said, "I just witnessed something." [Redacted] said his wife was at the grocery store, but would return soon. He accepted my business card and agreed to ask his wife to call me as soon as she returned home.

[Redacted] and I had completed the canvas assigned to us and left the neighborhood. At 2025 hours [Redacted] called my cell phone. I called [Redacted] back at 228 hours.

[Redacted] said she was driving southbound on East Avenue with her 11-year old daughter. They were going to pick up her other child (age 7) from [Redacted] located on the [Redacted] said it was warm out and her windows were down. She was driving a red Nissan Pathfinder. She looked at the clock while driving down East Avenue and noted it was 4:55 p.m. She thought, "Oh good. I have 5 minutes" because she had to be at [Redacted] by 5:00 p.m.

As [Redacted] drove through the intersection of Spring Street and East Avenue, she and her daughter looked down Spring Street and saw three police officers, crossing Spring with their guns drawn. [Redacted] said they were crossing Spring Street at the same time she was crossing Spring Street. [Redacted] said she saw one officer, the one closest to East Avenue, shoot his gun because she saw the officer’s gun "bountch" or "jerk" like it had been fired. [Redacted] also described hearing 4-5 gun shots during this short time. [Redacted] said she saw something fall to the ground and her daughter said, "Mom, they shot a dog! Why did they shoot a dog?"

[Redacted] was scared and wanted to leave the area as quickly as possible so she continued driving southbound on East Avenue. She said she didn’t see what fell to the ground, and because of her daughter’s comments, thought maybe it was a dog. She also saw kids running on East Avenue away from Spring Street and thought that maybe a dog had been chasing the kids and they had to shoot the dog. [Redacted] said she could tell they were police officers.
said she continued driving to to pick up her child. When she arrived she told one of the day
care providers that "something was happening on Spring Street." She suggested that they bring the kids inside and
keep them inside because she wasn't sure what exactly was happening. She estimated she drove back by Spring Street
about 10 minutes after she saw the officers initially on Spring Street.

said she looked down Spring Street when she drove north bound on East Avenue after picking up her child at
She saw one of the officers doing CPR. She said the officers were next to a big Redwood tree on the
south side of Spring Street.

said she recalled seeing a white, SUV across the street from where the officers were and not parked at the
curb, but more in the street. There was a motorcycle almost in the middle of the street, "laying down."

said she could not see the person on the ground and couldn't provide any kind of description. said
she had not been contacted by law enforcement prior to our visit. This ended this interview with this witness at this
time.

INTerview / EVIDENCE # JD-8

03/18/2015 @ 0830 HOURS APPROX

Yesterday I was able to reach [REDACTED] by phone and set up an interview for today’s date and time. D.A. [REDACTED] and I drove to [REDACTED] house at [REDACTED] for the interview.

[REDACTED] answered the front door when we knocked and invited us into her living room for the interview. I recorded the interview with my digital recorder. [REDACTED] stated the following in summary:

[REDACTED] said that she has two children, an 11 year old named [REDACTED] and a 7 year old named [REDACTED] [REDACTED] was driving southbound on East Avenue in the 1400 block heading for [REDACTED] on the evening of the officer involved shooting. She had her 11 year old with her in the back seat of her vehicle. They were on the way to [REDACTED] to pick up the 7 year old from the day care there.

[REDACTED] has to pick up her 7 year old by 1700 hours. She felt she was running late and checked the clock on her dashboard as she was southbound on East Avenue at Highland. The clock read 4:55(PM). She felt better knowing she was three blocks away and still had 5 minutes to get to [REDACTED] in plenty of time.

It was a nice day [REDACTED] had her windows down. She had plenty of time and knew that kids were in the area (especially around [REDACTED]) so she was driving approximately 21 to 23 miles per hour.

As she was southbound on East Avenue, and just at the intersection of Spring Street, she heard gunshots coming from the passenger side of her vehicle (west down Spring Street). She looked that direction and saw "three officers" shoot towards a house on the south side of Spring Street at the intersection of Hill Avenue.

She could not see James Jimenez. She could not see his motorcycle. She could only see three officers and a white SUV.

Her 11 year old said, "Mom why would they kill a dog?"

It seemed to [REDACTED] like all three officers were shooting. She said that she saw the guns "bounce" (kicking in the officer’s hand) and heard shots. She continued to drive to [REDACTED]. She picked up her 7 year old from [REDACTED] she told [REDACTED] what happened and told them they might want to get the kids inside until the parents arrived.
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:19
Last Modified: 4/11/2015 20:14:16

She mentioned that she could tell that the three men in the roadway (where the shots were fired) were police officers. When I asked how she knew, she said that they were all dressed in blue or black. They looked like they were all in the same type of uniform or clothes.

I asked if she could hear the officers saying or yelling anything. She said that she could not hear anything other than a few shots. She guessed that the number of shots fired were three because she saw three officers and guessed that they all had fired once. She said that she could not swear if it was more or less than three shots though. She settled for "a few shots" as the number she heard.

She said that she quickly picked up her 7 year old and returned straight home. On the return home she looked again at the scene and could see one officer doing CPR on someone. There was no ambulance on scene yet. Other officers were arriving and running to put up crime scene tape at the intersection of East Avenue and Spring Street.

I asked if she could see what the officers were shooting at. She said that she could not tell. All she could see were the three officers standing in a staggered line with their guns pointed. She had no idea exactly who was firing and guessed that all three were firing.

The distance from East Avenue to the intersection of Hill Avenue and Spring Street is approximately one city block. This is the distance saw the firing, while driving 21 to 23 miles per hour crossing the intersection of East Avenue at Spring Street.

When I asked her how long she thought the timeframe was for her to approach the intersection, hear the shots, and pass through the intersection out of sight was, she guessed the total amount of time was maybe 3 seconds.

I asked her how her name came up in this investigation. She said that a female Detective knocked on her door (after the event) doing a neighborhood canvas. She told them what she saw then. D.A. said that it was D.A. who spoke to at that time.

End Statement

Before leaving, I asked if she would allow an investigator access to interview her 11 year old daughter so that investigator could interview the child about what she saw. I explained that the investigator would be specially trained in interviewing children and would keep the interview stress free.

I also explained that the interview would be done in a calm environment in a specially designed office downtown that was set up for interviewing children not at the police department.

began to cry and said that her daughter still thinks that the police were shooting a dog. She wanted to leave it that way. In addition, her daughter was upset by what she saw and didn’t sleep well that night.

I explained that I understood her concern. I added that the investigator would keep to the format that it was a dog that was shot so her daughter would remain unaware that this was an officer involved shooting with a human suspect.

asked for a day to think about it. I gave her my business card and asked her to please call me tomorrow with her decision. I thanked her for her time. She thanked me for keeping our interview stress free stating that she had never seen anything like that before.

End Interview
After the interview I returned to my office, typed this supplemental, and transferred the digital recording to CD. I then booked the CD into evidence under this case file. My evidence number for this CD is JD-8.

FOLLOW UP WITH [REDACTED] — TEETH SEARCH ON SPRING STREET

03/19/2015 @ 0900 HOURS APPROX

During briefing this date and time, [REDACTED] stated that it was noted by [REDACTED] that Jimenez was missing front teeth during the autopsy he conducted on Jimenez. [REDACTED] wanted the crime scene searched to make sure that none of Jimenez's teeth were there. I volunteered to check the scene since I needed to speak with [REDACTED] again to see if she would consent to an interview of her 11 year old daughter. [REDACTED] lived right around the corner.

03/19/2015 @ 1045 HOURS APPROX

I arrived at the [REDACTED] residence on [REDACTED]. The [REDACTED]'s were not home. I called [REDACTED] at the cell number she had given me on our first interview. She did not answer. I left a voice message asking her to call me. I then drove around the corner to the intersection of Spring and Hill.

I walked the intersection east a half block up Spring Street and west a half block down Spring Street. I spent approximately 30 minutes searching but did not find any teeth. All I saw was loose dirt and gravel on the northeast corner of the intersection, cigarette butts, and droppings from pine trees in the area.

03/19/2015 @ 1600 HOURS APPROX

I received a return call from [REDACTED]. She apologized and stated that she and her husband did not want their daughter questioned regarding this matter. [REDACTED] said that she would be happy to testify and cooperate further if needed but they wanted to protect their daughter from any exposure to this case. I told her that I understood and thanked her for the return call.

Supplement Notes

SUPPLEMENTAL REPORT:
On 03/26/2015 I met with [redacted] at her residence to conduct a follow-up interview related to the neighborhood canvas conducted on 03/13/2015 in reference to NSD15-001080.

[Redacted] told me the following in summary:
On 03/13/2015, at approximately 1645 or 1650 hours, [redacted] had just gotten home to her house at [redacted] and was in her front room. [Redacted] had just opened her laptop computer when she heard a very loud motorcycle "come tearing down" her street southbound. [Redacted] has heard motorcycles in the past and says she can clearly distinguish the sound of a motorcycle from the sound of a normal passenger car.

[Redacted] heard the motorcycle approach at a high rate of speed from the north side of her house and drive at a high rate of speed south past her house and then fade away as the motorcycle traveled southbound.

[Redacted] was "100% sure" the motorcycle had traveled past her house southbound at a high rate of speed. Once the motorcycle had driven past her house and the sound had faded away, she "almost immediately" heard sirens after the sound of the motorcycle faded away.

[Redacted] said that she never saw the motorcycle, and did not hear any people shouting, yelling or speaking.

RECOMMENDATION:
Attach to original report.

SUPPLEMENTAL: Involved NFD, AMR and QVH personnel

On 3/20/15, at about 1340 hours, [Redacted] called the Queen of the Valley Hospital Emergency Room and spoke with [Redacted]. I asked [Redacted] to provide the names of the QVH staff members who assisted with the treatment of J. Jimenez on 3/13/15; which were provided by [Redacted] as the following: [Redacted] (tasked as scribe) and [Redacted].

At about 1400 hours, I spoke with Napa Fire Department [Redacted] who provided the following names of Napa Fire Department employees who responded on to the shooting incident on Spring Street: [Redacted]

Napa Fire Department [Redacted] also provided me with the names of the American Medical Response (AMR) Medic-64 employees who responded to the shooting incident on Spring Street: [Redacted]

Disposition:

No further action by this Detective.

Investigation

On 03/13/2015 at approximately 1655 hours, I heard a Napa Police Department Officer broadcast that shots had been fired with a suspect down in the City of Napa near Spring and Hill Street. The suspect was transported to the Queen of the Valley Hospital at approximately 1715 hours. At approximately 1745 hours, I was contacted by [redacted] and notified that the suspect had succumbed to his injuries in the Emergency room. [Redacted] requested that I respond to that location to conduct the coroner's investigation. Refer to case numbers NPD15-001573 and NSD15-001080 for further details.

I arrived at the hospital at approximately 1815 hours and [redacted] arrived approximately two minutes later. I contacted Napa Police Department Officer [redacted] in trauma room 1 with the decedent. She reported the following to me in summary:

[Redacted] had responded to the hospital to collect any evidence and maintain custody of the decedent. The decedent had been shot approximately three times by Napa Police Officer(s). Once he was detained in handcuffs, the officers performed CPR on the decedent until EMS arrived and took over. After death was declared in the Emergency Department trauma room, she placed paper bags on both of the decedent’s hands and secured them with tape to safe guard any possible forensic evidence. The decedent was identified at the scene by the officer’s, who had prior contacts with the decedent, as James Jimenez. The decedent’s identity was later confirmed by his California driver’s license photograph, prior booking photographs and tattoos to be Jimenez.

I spoke with [redacted]. She reported the following to me in summary. The decedent had arrived by AMR ambulance at approximately 1720 hours. Upon his arrival he was pulseless and apneic. They attempted life saving measures for approximately 20 minutes with no success. Death was declared at 1742 hours by [redacted]. See attached medical reports for additional details.

Observations of the decedent:

The decedent was lying supine on a hospital bed in Trauma Room 1 of the Queen of the Valley Hospital emergency department. He was nude with the exception of blue boxer shorts. The decedent's face was covered with dried blood. His eyes were open with his pupils fixed and dilated. He was still warm to the touch with no signs of rigor or livor mortis. There was an endotracheal tube extending from his mouth that was held in place by a plastic strap that extended around the back of his neck. The decedent had two abrasions on his head, one on the left side of his eye brow and another on the left side of his forehead. The decedent had two oblong shaped wounds on both sides of his neck that were consistent with gunshot wounds. The wound on the right side of his neck had a dark ring around it, which was consistent with an entrance wound. The wound on the left side of his neck was jagged, with tissue perforating out, and was consistent with an exit wound.

There was an oblong shaped wound on the outside of his right bicep. The wound appeared to exit on the inside of his right bicep. [Redacted] indicated that there was a wound on his upper chest just to the right of his pectoral muscle. The Emergency Department staff used that wound to insert a plastic tube for draining fluid from his chest. The tube was still in place. There was also a second tube in place on the left side of his chest, mirroring the location of the right side chest tube. The decedent had a small circular abrasion on his left knee. There were two Intravenous lines attached to both legs just below his knees.

I placed a coroner toe tag on the decedent’s right foot. The decedent was wrapped in the existing bedding from the trauma room bed. A new white sheet was placed into a new body bag, as per policy, and the decedent was placed into the body bag. The new white sheet was secured to the decedent, the body bag was closed and the body bag was locked (lock number 09123) at 1846 hours.

I, along with [redacted], contacted [redacted] in the hospital parking lot. She identified herself as being the decedent’s sister. At 1905 hours, I notified her of the decedent’s death. She was completely despondent and could not provide me with any information.

At 1912 hours the decedent was transported to the coroner’s facility by the facility team. I followed the to the facility to maintain custody of the decedent’s body. The decedent was placed into the secure morgue at 1935 hours.

At approximately 2012 hours, I spoke with [redacted] and advised him of the case. An autopsy was scheduled for Tuesday 03/17/2015.

MORGUE CONTROL FORM
INTAKE OF BODY

NAME OF DECEDENT: JAMES GIMENEZ

PLACE OF DEATH: QVH E/R

CASE NUMBER: CA5-060

DATE/TIME OF DEATH: 3/13/15 1742

BODY WEIGHT: 208

DATE/TIME: 3/13/15 1940

PERSON/AGENCY DELIVERING BODY: Facility

RECEIVED BY: [Redacted]

PERSONAL EFFECTS OTHER THAN CLOTHING? ☐ YES ☐ NO

CLOTHING MONEY JEWELRY MISC PROPERTY: None

NOTE:
1. Identification tag MUST be placed on body or pouch
2. Decedent Name MUST be written on body bag or wrap

RELEASE OF BODY

Investigations Release (if applicable)

A SIGNED AUTHORIZATION FOR RELEASE MUST BE SUBMITTED PRIOR TO RELEASE OF THE DECEDENT.
PERSOAL EFFECTS RELEASED WITH DECEDENT? ☐ YES ☐ NO

CLOTHING MONEY JEWELRY MISC PROPERTY

I, the undersigned, assume custody of the body/property herein designated and affirm that I am properly and
legally authorized to do so by the next of kin or other person who has lawful authority for disposition of the
remains. The Napa Sheriff-Coroner and/or his employees or representatives are hereby relieved of all liability
in releasing said body/property and such liability and responsibility are assumed by the undersigned.

Supplement Notes

SUPPLEMENTAL REPORT
TOXICOLOGY REPORT AND AUTOPSY REPORT

INVESTIGATION:
On 04-02-15, I received via email a report from Central Valley Toxicology regarding the blood sample obtained from James Jimenez during his autopsy on 03-17-15. I printed out the report and scanned a copy into iLeads. The report stated in summary that Methadone and Methamphetamine were detected in the sample provided. There were no other common acidic, neutral or basic drugs or alcohol detected. The level of Methamphetamine was .89 mg/L which resides in the potentially toxic range of 0.2 - 5 mg/L. However, the level indicated doesn't mean it was actually toxic to a long term user but it does show that he was under the influence.

The Journal of the American Medical Association stated "Methamphetamine users showed less sensitivity to risk and reward in one region of the brain and greater sensitivity in other brain regions compared with non-users when performing an exercise involving risky decision making."

Jimenez also had .09 mg/L of amphetamine in his system which falls within the effective level of 0.02-0.15 mg/L. He had .07 mg/L of Methadone which falls within the effective range of 0.05-0.75 mg/L.

On 04-08-15, I received a copy of the autopsy report authored and signed by Napa County [Redacted] I had the report scanned into iLeads. It stated in summary that the cause of death was determined to be Gunshot wound injuries to neck and chest. Some of the injuries were described as follows:

1. Perforating gunshot wound to right neck, with:
   - Perforations of right internal jugular vein and right common carotid artery
   - Perforation of anterior third cervical vertebra
   - Perforation of esophagus
   - Prevertebral hemorrhage
   - Absence of injury to great vessels on left side of neck

2. Perforating gunshot wound to right arm

3. Penetrating gunshot wound to right chest with:
   - Perforations of right third rib, heart and left eighth intercostal space
   - Hemopericardium
   - Hemothoraces (left =600cc; right =500cc)
4. Acute Methamphetamine intoxication

5. Presence of Methadone in postmortem blood sample

He stated the body is of a well-developed, well nourished, slightly overweight, moderately hirsute man whose appearance is consistent with the stated age of 41 years. He described no remarkable issues during the autopsy other than the listed injuries. He noted three gunshot wounds to the body.

1. Regarding the gunshot wound to the neck, he stated the direction of travel is right to left, barely downward and front to back. There were no projectile fragments recovered from this wound track. The bullet entered the neck 8.5 inches below the top of the head and 2 inches to the left of the midline. There was no fouling or stippling to the adjacent skin.

2. The second gunshot wound was to the right arm and there was not fouling or stippling to the adjacent skin. The entrance wound was 22.5 inches below the top of the head and exited with no margin of abrasion 19.5 inches from the top of the head. The direction of travel was right to left and no fragments were recovered.

3. The third gunshot wound was to the right chest as indicated by the penetrating wound 18 inches below the top of the head and 6 1/8 inches to the right of the midline. There was no fouling or stippling to the wound. The bullet travelled right to left, slightly front to back and slightly downward and perforated numerous areas with the cavity. A large caliber, deformed jacketed projectile was recovered with in the chest wall adjacent to the lateral aspect of the left eight intercostal space.

Other injuries were noted during the exam; see report for description of those injuries. Based on the travel of the bullets as determined by the wounds, Jimenez was struck on his right side with the bullets traveling to the left. This would be consistent with [redacted]’s positioning as they approached Jimenez.

Please review both reports for all information related to these topics.

RECOMMENDATIONS:
Attach to original report.
DATE OF AUTOPSY: March 17, 2015

DIAGNOSES:

I. Perforating gunshot wound to right neck, with:
   A. Perforations of right internal jugular vein and right common carotid artery
   B. Perforation of anterior third cervical vertebra
   C. Perforation of esophagus
   D. Prevertebral hemorrhage
   E. Absence of injury to great vessels on left side of neck

II. Perforating gunshot wound to right arm, with:
    A. Perforation of subcutaneous tissue

III. Penetrating gunshot wound to right chest, with:
    A. Perforations of right third rib, heart and left eighth intercostal space
    B. Hemopericardium
    C. Hemothoraces (left = 600 cc; right = 500 cc)

IV. Aspiration of blood

V. Body surface abrasions and contusions

VI. Laceration, left eyebrow, small

VII. Status post resuscitative efforts

VIII. Acute methamphetamine intoxication (see separate toxicology report)

IX. Presence of methadone in postmortem blood sample

X. Cholelithiasis

XI. Steatosis of the liver

CAUSE OF DEATH: GUNSHOT WOUND INJURIES TO NECK AND CHEST

"I hereby certify that I, [Redacted], Coroner of Napa County, have performed an autopsy on the body of James Jimenez on the 17th day of March, 2015, commencing at 10:45 a.m. at the Coroner Division of the Napa County Sheriff-Coroner."
This examination was assisted by Coroner [redacted] and [redacted] of the Napa County Sheriff's Office. The examination was attended by Coroner [redacted], Deputies [redacted] and [redacted] of the Napa County Sheriff's Office, Coroner's Division [redacted] and [redacted] of the Napa County District Attorney's Office, and [redacted] of the Napa County Sheriff's Office.

EXTERNAL EXAMINATION:

The body is of a well developed, well nourished, slightly overweight, moderately hirsute, man whose appearance is consistent with the stated age of 41 years.

There is blood staining of the head and neck. Blood is noted within the nares. The scalp hair is dark and long, pulled back in a tail. The irides appear brown and the conjunctivae are free of petechiae, jaundice or hemorrhage. The oral cavity has natural teeth in poor repair with several absent and multiple caries. The upper front teeth are fractured. There is a well trimmed mustache and beard. The eyes, ears, nose and mouth are normally developed. The nasal septum is intact; however, there are several abrasions on the right side of the nose. Injuries to the body are described below. The neck is symmetrical. The abdomen is slightly obese. The external genitalia are of a normal, circumcised, adult man. The posterior neck, back and buttocks are unremarkable, free of injury. There are no injuries to the perianal region.

There are no apparent scars on the wrists. Brown bags, covering the hands, were previously removed by [redacted]. The fingernails are of short to moderate length, and intact. There are no injuries to the hands or feet. There is no appreciable edema of the extremities. A toe tag is affixed to the left great toe. There is a hospital identification band encircling the left wrist.

There are multiple tattoos on the body, including tattoos on the face, neck, chest, abdomen, posterior neck, right forearm and left hand. Multiple tattoos are noted on the left upper extremity.

POSTMORTEM CHANGES: The decedent is received unembalmed and well preserved without signs of significant decomposition. Rigor mortis is moderate though easily broken in the extremities. Livor mortis is moderate and blanches on the posterior aspects of the body, and the body is cool.

CLOTHING: The decedent is clad in blood stained Hanes underpants. The underpants are submitted to [redacted].

THERAPEUTIC PROCEDURES: There is an endotracheal tube in place through the mouth. Bilateral thoracostomy tubes are in place adjacent to the axillae. The right thoracostomy tube is inserted through a gunshot wound to be described below. The right thoracostomy tube is sutured in place; the left thoracostomy is secured by tape. A recent puncture is on the right antecubital region associated with a subtle ecchymosis. Interosseous catheters are in place on the proximal shins.
NAME OF DECEDEDENT: James Jimenez  
FILE NUMBER: C15-060

Subsequent dissection reveals anterior fractures of right ribs 2 through 6 and left ribs 2 through 4 associated with absent to barely perceptible hemorrhage (comment: consistent with resuscitative efforts).

INJURIES, EXTERNAL AND INTERNAL: There are 3 gunshot wounds to the body. The gunshot wounds are lettered for descriptive purposes only; no sequence is implied by the lettering system.

A. Perforating gunshot wound to right neck

There is a perforating gunshot wound to the right side of the neck, 8 1/2 inches below the top of the head and 2 inches to the right of midline. The 3/8 circular/oval defect has a 1/8 inch margin of abrasion most prominent on the superior aspect of the defect. The entrance wound is inferior to the right side of the mandible toward the anterolateral aspect of the neck (comment: entrance wound is more lateral than anterior). There is no fouling or stippling of the adjacent skin.

After perforating the skin, the projectile perforated the right internal jugular vein and right common carotid artery high in the neck, prior to grazing the anterior aspect of the third cervical vertebra and posterior esophagus. There is prevertebral hemorrhage. The projectile coursed to the left, passing behind the left internal jugular and left common carotid artery. There is marked aspiration of blood into the upper and lower airways with geographic dark red discoloration of the lungs.

The exit wound is on the lateral aspect of the neck, 9 inches below the top of the head and 3 inches to the left of midline, consisting of a 1/2 inch irregular defect with no margin of abrasion.

The direction of travel is right to left, barely downward and barely front to back.

There are no projectile or projectile fragments recovered from the wound track.

B. Perforating gunshot wound to right arm

There is a perforating gunshot wound to the anterolateral aspect of the distal right arm, 22 1/2 inches below the top of the head. The 5/8 inch oval perforation has a margin of abrasion on the lateral aspect. There is no fouling or stippling of the adjacent skin.

After perforating the skin, the projectile perforated subcutaneous and intramuscular tissue prior to exiting the anteromedial aspect of the proximal right arm.

The exit wound is a 1 inch irregular defect with no margin of abrasion, 19 1/2 inches below the top of the head.

The direction of travel is right to left and upward.

No projectile or projectile fragments are recovered from the wound track.

C. Penetrating gunshot wound to right chest
There is a penetrating gunshot wound to the right side of the chest lateral to the nipple, adjacent to the axillae, 18 inches below the top of the head and 6 1/8 inch to the right of midline. The 3/4 inch oval defect has a slight, thin margin of abrasion. A sutured thoracostomy tube is inserted through the entrance wound. There is no fouling of slipping of the adjacent skin.

After perforating the skin, the projectile perforated the right third rib and intercostal space prior to sequentially perforating the pericardial sac, right atrium and left ventricle of the heart, pericardial sac and lateral aspect of the left eighth intercostal space. Five hundred cc of liquid blood are in the right pleural cavity and 600 cc are in the left pleural cavity. There is blood staining of the pericardium. There are no visible injuries to the lungs; however, the lungs are atelectatic.

The site of lodgment is within the chest wall adjacent to the lateral aspect of the left eighth intercostal space. A large caliber, deformed, jacketed projectile is recovered and submitted to forensic pathologist.

The direction of travel is right to left, slightly front to back and slightly downward.

There is a 2 inch abrasion on the left side of the forehead. Several irregular abrasions are on the left supraorbital region just above the eyebrow. Several abrasions are on the right side of the nose. There is a 1/8 inch superficial laceration on the lateral aspect of the left eyebrow. A 3/8 inch superficial abrasion is on the top of the left shoulder. A 1 1/2 inch superficial abrasion is on the lateral aspect of the right elbow. A 3/8 inch abrasion is on the lateral aspect of the mid right thigh. A 1/2 inch superficial abrasion is on the right knee, and a 5/8 inch abrasion is on the left knee. A 1/2 inch contusion is on the anterior aspect of the distal right thigh. A 3/4 inch contusion is on the left knee.

These injuries, having been described, will not be repeated.

INTERNAL EXAMINATION:

BODY CAVITIES: The organs are in their usual situs. The lungs are atelectatic. Blood accumulations within the body cavities were noted above. The surfaces are smooth and glistening.

HEAD: The scalp is atraumatic. There are no skull fractures, and there is no epidural, subdural or subarachnoid hemorrhage. The 1550 gm brain is symmetrical and has normal gyri and sulci. The leptomeninges are smooth, delicate and transparent, and the leptomeningeal vessels are normal. The arteries at the base of the brain are free of atherosclerosis. The cranial nerves have normal distributions. The surfaces of the brainstem and cerebellum are unremarkable.

The cortical gray matter, subcortical and deep white matter, deep gray nuclei and ventricles are normal. The cerebrospinal fluid is clear. Horizontal sections of the brainstem and cerebellum are unremarkable.
NECK: Injuries to the neck were described above. The cervical vertebrae, hyoid, tracheal and laryngeal cartilages and paratracheal soft tissues are unremarkable, except where noted previously. There is hemorrhage associated with the wound track corresponding to gunshot wound A. The upper airway contains moderate quantities of serosanguinous liquid. The tongue is unremarkable.

CARDIOVASCULAR SYSTEM: The aorta and branches are free of atherosclerosis. The venae cavae and pulmonary arteries have no thrombus or embolus.

The 330 gm heart has a normal distribution of widely patent coronary arteries. The epicardial vessels are unremarkable. The myocardium is red-brown without softening or pallor. Injuries were noted above. The left ventricle wall thickness measures 1.2 cm. The endocardial surfaces, heart valves, chordae tendineae and papillary muscles are normal, except where there are perforations due to gunshot wound C noted above.

RESPIRATORY SYSTEM: The right lung weighs 330 gm, and the left lung, 400 gm. The lungs are atelectatic and the visceral pleural surfaces are smooth and glistening. The parenchyma is red and wet without consolidation. The bronchi contain moderate quantities of bloody liquid. The vessels have no thrombus or embolus.

LIVER, GALLBLADDER, PANCREAS: The 1180 gm liver has a smooth, intact capsule. The parenchyma is moderately and diffusely yellow-beige and softened due to steatosis. The bile ducts are unremarkable. The gallbladder contains one large, approximate 3/4 inch oval stone only, without measureable bile. The pancreas is uniformly tan-gray and has a normal lobular appearance.

HEMIC AND LYMPHATIC SYSTEMS: The 210 gm spleen has a smooth, intact capsule. The parenchyma is plum colored and moist with distinct follicles. There are no lymph node enlargements. The thymus is atrophic. The bone marrow of the ribs and clavicles is unremarkable.

GENITOURINARY SYSTEM: The right kidney weighs 120 gm, and the left kidney, 100 gm. The cortices are smooth and markedly pale. The parenchyma has demarcated corticomedullary junctions. The vessels are free of significant atherosclerosis. The calyces and pelves are empty, opening into ureters which maintain uniform caliber and open into an unremarkable urinary bladder containing less than 10 cc of clear, yellow urine.

The testes and prostate are examined, and they are unremarkable. The prostate is symmetrical with uniformly tan-gray cut surfaces.

ENDOCRINE SYSTEM: The pituitary, in situ, is unremarkable. The thyroid is pale though symmetrical with glandular appearing cut surfaces. The adrenals are unremarkable, containing maroon medullae covered by thin, golden yellow cortices.

DIGESTIVE SYSTEM: Injury to the upper esophagus was noted above. The mid and distal portions of the esophagus are unremarkable. The stomach contains approximately 50 cc of greenish-brown liquid only, without particulate material. The small and large intestines, and appendix are unremarkable.
MUSCULOSKELETAL SYSTEM: Fractures and perforations of the skeleton were noted above.

The following specimens are retained for possible toxicological evaluation: Blood recovered from the left chest cavity, urine and vitreous.

Routine tissues samples are collected and placed in formalin.

Blood is retained in a red top tube.

Blood is retained in 2 purple top tubes, one of which is submitted to [redacted].

Fingernails, clipped by the undersigned, are submitted to [redacted].

All items of potential evidentiary value are submitted to [redacted] to include clothing, ballistic evidence, hair samples, therapeutic implements, brown bags from the hands and a portion of rib.

Photographs are obtained by Coroner [redacted] and [redacted].

Radiographs are obtained prior to the examination.

Case Name: Jimenez, James
Specimen Description: 11 ml (L) chest cavity blood (gray top vial) & 3.5 ml vitreous humor each labeled "Jimenez, James; C15-060; 3/17/15; (bld, vit illegible"
Delivered by Tricor
Date 20-Mar-15
Received by
Date 20-Mar-15
Request: Complete Drug Screen
Agency Case # C15-060
Report To Napa County Coroner
1535 Airport Blvd.
Napa CA 94558

RESULTS
Specimen: (L) Chest Cavity Blood and Vitreous Humor Samples
Complete Drug Screen: Methadone and Methamphetamine detected.
No other common acidic, neutral or basic drugs detected.
No Ethyl Alcohol detected.

Methadone = 0.07 mg/L
EDDP = <0.01 mg/L

d-Methamphetamine = 0.89 mg/L
d-Amphetamine = 0.09 mg/L

Vitreous Panel: Glucose = 28 mg/dL
Sodium = 125 mmol/L
Potassium = 20.6 mmol/L
Chloride = 115 mmol/L

Vitreous Urea Nitrogen = 30 mg/dL
Vitreous Creatinine = 0.7 mg/dL

Blood Methadone Ranges
Effective Level: (0.05 - 0.75 mg/L)
Potentially Toxic: (>0.20 mg/L)non-tolerant user
Potentially Toxic: (>0.75 mg/L)tolerant user

Blood EDDP Ranges
Effective Level: (< 0.10 mg/L)
Potentially Toxic: Not Known

Blood Methamphetamine Ranges
Effective Level: (0.01 - 0.05 mg/L)
Potentially Toxic: (0.2 - 5 mg/L)

Blood Amphetamine Ranges
Effective Level: (0.02 - 0.15 mg/L)
Potentially Toxic: (0.2 mg/L)

April 02, 2015
REPORT OF THE AUTOPSY EXAMINATION OF JAMES JIMEZ:

Preliminary Information:

On March 16, 2015, I received a verbal request from [redacted], to attend the autopsy of James Jimenez. The subject was involved in an officer-involved shooting scene, that occurred on March 13, 2015. The subject had reportedly been transported from the scene to a hospital, and was determined to be deceased at the hospital. [redacted] was assigned to assist me at the autopsy.

The autopsy was scheduled to be performed by [redacted] at the Napa County Sheriff’s Office Coroner’s Division, on March 17, 2015, at approximately 9:30 a.m.

[redacted] and [redacted] entered the autopsy suite on March 17, 2015, at approximately 9:15 a.m. Coroner [redacted] and [redacted] were present upon our arrival.

At approximately 9:25 a.m., I removed the body of the subject, from the refrigerator, to begin my examination.

The body was secured inside of a yellow colored plastic body bag. A blue colored plastic lock, #09123, was secured onto the zipper pulls of the body bag. On the top side of the bag, at the approximate middle, writing in apparent black permanent-type of ink read: "C15-060/Jimez, James". A white paper "Coroner Chain Of Custody Report", was taped to the top side of the bag. I directed [redacted] to cut the lock from the zipper pulls of the body bag containing the body of the subject. [redacted] cut the lock from the zipper pulls, at approximately 9:30 a.m., and transferred the lock to me to retain as evidence.

I opened the body bag. The body of the subject had been wrapped in a white fabric sheet, prior to placement within the body bag. A Coroner’s identification tag had been attached to the left big toe of the subject. The Coroner’s tag contained the information of: "C15-060/Jimez, James [redacted].

[redacted] entered the autopsy suite at approximately 10:40 a.m., and he began the autopsy at approximately 10:45 a.m.
Description Of The Body Of The Subject:

The subject was an adult male. The subject had brown colored eyes, and dark brown colored, long-length, scalp hair. Vegetation debris was present in the scalp hair. The subject had dark brown colored, short-length, mustache and beard facial hair.

The subject was clothed in a pair of "Hanes" brand, blue colored, men's boxer-style of briefs underpants. The back side of the underpants was soiled and bloodstained.

Brown colored paper bags had previously been taped over both of the subject's hands.

The subject wore a silver-colored metal ring on the right small finger. The ring was retained by Coroner.

The subject had numerous tattoos in dark blue colored ink, on his body. These tattoos included: A "teardrop" on the outer corner below the right eye; a "chain" across the front and right sides of the neck; "SF 49er" on the left side of the neck; a "linear" pattern across the back side of the neck; "NORTE" across the upper chest; "VALLEJO" across the upper abdomen; a "SF 49ers" emblem on the top side of the right forearm; "49ERS" on the top side of the right wrist; a small blue colored mark on the top side of the right small finger near the base of the finger; numerous tattoos, including a figure of a "naked lady", on the outer and inner aspect of the left arm, from the area of the wrist to the shoulder area; "JRE with a cross" on the top side of the left hand, between the thumb and index finger; and the letters "H A R D" on the top side of the left index through ring fingers.

Medical equipment present on the body of the subject included: A blue colored plastic pad over the left side of the body; a white gauze pad in the scalp hair; tubes in the mouth, the right side of the chest above the breast, the left side of the chest at the side of the breast, the front of the right leg below the knee, and the front of the left leg below the knee; white medical-type of tape around both ankles; and a white plastic medical identification-type of band around the left wrist.

Description Of The Wounds Sustained By The Subject:

Bullet Wounds:

A bullet entry wound was located in the right side of the subject's neck, with a corresponding exit wound in the left side of the neck. Determined the bullet trajectory associated with these wounds to be right to left, slightly front to back, and downward. A possible bullet graze abrasion was located on the top of the left shoulder. Determined that the bullet grazed the front of the spine, and travelled behind the arteries.

A bullet entry wound was located in the outer aspect of the right upper arm above the bend of the elbow, with a corresponding exit wound in the inner aspect of the right upper arm below the armpit. An additional bullet entry wound was located in the right side of the upper torso. Determined that there could be either one or two trajectory paths associated with these wounds, and that the trajectory path was right to left and upward. Determined that the bullet associated with the chest wound, damaged both lungs and the heart. Collected a bullet from the left chest.

determined that there was no stippling, powder, soot, or indication of a close-range distance, associated with the bullet wounds.
Other Wounds:

There were abrasion-type of injuries to the following areas of the subject’s body: The head area including the face, the right side of the forehead, the left forehead, the left eyebrow area, the left cheek, the left ear, both sides of the nose, and the face and neck were bloody; an abrasion was present on the top of the left shoulder (a possible bullet graze site); abrasions were present on the outer aspect of the right upper thigh and the knee, and a blue and brown colored bruise was present on the front side of the right thigh; and abrasions and red colored bruising were present on the left knee.

A small lacerated-type of wound was present on the area below, and towards the outer aspect of the left eyebrow.

Several of the subject’s upper, and middle teeth had been broken, and some were missing or partly missing.

A punctate mark and a blue colored bruise (apparently caused from medical treatment), was present on the inner aspect of the right forearm at the bend of the elbow.

There were no wounds present on the subject’s hands, or the back side of the body.

It was determined that there was no brain trauma, and he did not locate broken teeth present in the mouth, the throat, the back of the throat, the upper esophagus, or the stomach. He determined that there were fractures to the ribs on both sides. He also determined that either one of the wounds to the neck or the torso might have been considered lethal.

For additional details regarding the autopsy findings, refer to the report written by [redacted].

Documentation Of The Body Of The Subject:

I took overall photographs of the body of the subject, as clothed and unclothed. I took close view photographs of the wounds sustained by the subject. Close view photographs were also taken of the condition of the subject’s head and hands. Photographs were taken of the subject’s face for the purpose of identification.

[Redacted] prepared a body diagram, to approximately locate wounds, and items and areas of relevance on the subject’s body. I received a copy of the diagram.

Evidence Collection From The Body Of The Subject:

I collected mustache, beard, and scalp hair standards from the subject. I also collected a scalp hair DNA standard from the subject. I collected the vegetation debris from the scalp hair.

I collected the brown colored paper bags from the subject’s hands, and collected a "Gunshot Residue Collection Kit" from the hands. [Redacted] collected fingernail clippings from the subject’s hands, and transferred the clippings, and the clippers used for the collection, to me to retain as evidence. [Redacted] collected the ring from the subject’s right small finger, and transferred the ring to Coroner [redacted] to retain at the Coroner’s Office.

[Redacted] removed the medical equipment and debris, and the identification band from the body of the subject. The items were transferred to me to retain as evidence.

[Redacted] removed the underwear from the subject, and transferred the item to me to retain as evidence.
collected one large caliber, expended, copper-jacketed lead bullet/projectile, from the left chest of the subject. transferred the bullet/projectile to me to retain as evidence.

[redacted] collected a blood DNA standard from the subject, and [redacted] collected a rib bone segment DNA standard from the subject. These items were transferred to me to retain as evidence.

I collected a set of finger and palm prints using white adhesive lifting material and Black Fingerprint Powder, from the subject’s hands.

Completion Of The Autopsy:

Upon completion of documentation and evidence collection at the autopsy, [redacted] and I left the Coroner’s Division at approximately 1:35 p.m.

Description Of Evidence Collected:

The following items of evidence were collected during the autopsy of James Jimenez, conducted on March 17, 2015:

Item #DKB-1: One blue colored plastic lock (#09123), collected from the zipper pulls of the body bag containing the body. Collected by [redacted] and transferred to [redacted], at approximately 9:30 a.m.

Item #DKB-2: Dark colored beard hair standard, collected from the face. Collected by [redacted], at approximately 9:56 a.m.

Item #DKB-3: Dark colored mustache hair standard, collected from the face. Collected by [redacted] at approximately 9:58 a.m.

Item #DKB-4: Vegetation, collected from the scalp hair. Collected by [redacted], at approximately 10:00 a.m.

Item #DKB-5: Dark colored scalp hair standard, collected from the head. Collected by [redacted], at approximately 10:00 a.m.

Item #DKB-6: Dark colored scalp hair DNA standard, collected from the head. Collected by [redacted], at approximately 10:01 a.m.

Item #DKB-7: One brown colored paper bag, collected from the left hand. Collected by [redacted], at approximately 10:10 a.m.

Item #DKB-8: One brown colored paper bag, collected from the right hand. Collected by [redacted] at approximately 10:11 a.m.

Item #DKB-9: One "Gunshot Residue Collection Kit", collected from the hands. Collected by [redacted] at approximately 10:12 a.m.

Item #DKB-10: Fingernail clippings, and the clippers used for the collection, collected from the right fingernails. Collected by [redacted] and transferred to [redacted] at approximately 10:50 a.m.
Case Summary Report

Agency: NSD  Case Number: NSD15-001080  Date: 4/13/2015 09:43:26
Last Modified: 4/11/2015 20:14:16

Item DKB-11: Fingernail clippings, and the clippers used for the collection, collected from the left fingernails. Collected by [redacted], and transferred to [redacted] at approximately 10:55 a.m.

Item DKB-12: Medical equipment and debris, collected from the body. Collected by [redacted] and transferred to [redacted] at approximately 11:05 a.m.

Item DKB-13: One pair of blue colored "Hanes" brand, boxer-style of briefs/men's underpants (bloodstained), collected from the body. Collected by [redacted] and transferred to [redacted] at approximately 11:10 a.m.

Item DKB-14: One white plastic medical identification band, collected from the left wrist. Collected by [redacted] and transferred to [redacted] at approximately 11:20 a.m.

Item DKB-15: One large caliber, expended, copper-jacketed lead bullet/projectile, collected from the left chest. Collected by [redacted] and transferred to [redacted] at approximately 12:10 p.m.

Item DKB-16: One tube of blood, collected from the body. Collected by [redacted] and transferred to [redacted] at approximately 12:35 p.m.

Item DKB-17: One rib bone segment, collected from the body. Collected by [redacted] and transferred to [redacted] at approximately 11:15 p.m.

* One set of finger and palm prints, collected with white adhesive lifting material. Collected by [redacted] at approximately 1:15 p.m.-1:30 p.m.

* 198 digital images, taken during the autopsy of the subject. Collected by [redacted], at approximately 9:25 a.m.-1:35 p.m.

Disposition:

Evidence item DKB-15 was submitted to the Napa County Sheriff's Office Property Division, on March 19, 2015, at approximately 2:18 p.m. The item will be transported to an outside laboratory for additional examination, by [redacted]

Evidence items DKB-1 through DKB-14, and DKB-16 through DKB-17, were submitted to the Napa County Sheriff's Office Property Division on April 2, 2015, at approximately 12:00 p.m.

The set of finger and palm prints, collected with white adhesive lifting material, will be retained in the Evidence Laboratory files.

The 198 digital images taken during the autopsy, by [redacted], were submitted to the Veripic digital file management system database, on March 19, 2015, at approximately 3:30 p.m.
SUPPLEMENTAL REPORT
AUTOPSY OF JAMES RICHARD JIMENEZ

INVESTIGATION:
On 03-17-15, I attended the autopsy of suspect James Jimenez. I viewed the autopsy from the observation room with DA [REDACTED] and Deputy DA [REDACTED] performed the autopsy with [REDACTED] present among other personnel. Evidence Technician [REDACTED] was also present.

I noted the following during the autopsy as it was explained by [REDACTED] during the course of the examination. He noted 2-3 bullet wounds and located 1 intact projectile in the decedent. The projectile was collected as evidence and later examined by forensics specialists.

The decedent was missing his front teeth on the upper jaw. On 03-23-15, I spoke with the decedent’s sister by telephone. She stated Jimenez had been missing his upper front teeth and normally wore a "grill". A grill was located within the decedent’s pants pocket.

[REDACTED] stated one bullet wound travelled at a downward angle, left to right and pierced the decedent’s lungs and heart. It came to rest in the right torso area which is where the projectile was recovered from. A second bullet travelled through Jimenez’s neck and exited. That projectile was not recovered.

Extensive photos of the decedent were taken during the autopsy as per normal procedure fluids were collected for toxicology testing. I requested an extra sample of blood be taken from the decedent for future testing. I observed [REDACTED] collect the blood and give it to [REDACTED] [REDACTED] gave it to me and I later booked it into the NSD evidence refrigerator.

Toxicology testing was performed by Central Valley Toxicology. I received a voicemail from [REDACTED] on 03-21-15 which stated they had presumptive findings for the toxicology report. She stated James Jimenez was negative for alcohol, cocaine, opiates, PCP, barbiturates, and benzodiazepines. He tested presumptive positive for methamphetamine. The lab had additional tests to complete and anticipated it to be completed within the middle of the week. Their reference number is CBT-15-3893.

On 04-01-15, I received a copy of [REDACTED]'s coroner report, C15-060. I had the report scanned into iLeads.

RECOMMENDATIONS:
Case pending further investigation. See official autopsy report authored by [REDACTED] and Evidence Technician [REDACTED].
for official findings.
On 03/13/2015 I was on duty as the Operations Captain for the Napa Police Department. I heard officers responding code 3 from the Napa Police Department to an unknown location. I responded to Dispatch and was advised of an officer involved shooting on Spring Street at Hill Street, Napa, CA. I responded directly to the scene from the police department, with an approach from the west via Silverado Trail. While en route, I contacted [redacted] to inform him of the developing situation. He confirmed he and [redacted] were responding. I informed Dispatch of my arrival at 1703 hours.

Upon arrival, I observed an area taped off with emergency vehicles and yellow caution tape. I also observed citizens looking toward the east from the blocked off area. I used my phone to capture images of the onlookers in case the investigators needed to follow up with potential witnesses at a later time. I also captured an image of the emergency personnel (fire/medics) conducting CPR on a male subject in a front yard of 45 Spring Street.

I was met by supervisors on the scene [redacted]. [Redacted] and other detectives were on scene as well. [Redacted] had received a safety statement from the involved officers prior to my arrival. I was advised by [redacted] the subject, later identified as James Jimenez, had a firearm and was shot by Officer Keener following a brief pursuit. No officers or bystanders were injured. The subject’s firearm was placed on the windshield/hood of an unmarked SEU vehicle that was still in the roadway facing in an easterly direction on the northern side of the roadway in front of the residence. Officer Keener was already assigned an uninvolved partner and was taken to the police department. The other involved SEU officers ([redacted] and [redacted]) were in the process of responding to the police department. As he said that, I watched the officers leave the secure area.

While medical personnel were loading the subject into the ambulance, I walked to the SEU vehicle. I observed a black semi-automatic firearm on the right side of the windshield of the vehicle. I took photographs of the weapon without touching or moving the device. It was positioned to allow me to read "HI-POINT FIREARMS BEEMILLER, INC. MANSFIELD OH MODEL CF380 380 ACP" From that position I could also see a red-dot near the safety switch, which I know from my training and experience to indicate the firearm is live and the safety is off, making the weapon ready to fire. I also observed a magazine in the gun. The slide was closed so I could not see if the weapon was loaded. As the medics left the scene with the subject I contacted [redacted] to ensure PD staff were available to respond to the hospital. She confirmed the necessary staff was enroute to Queen of the Valley Hospital to ensure coverage. She also assisted with ensuring the scene was preserved for investigative purposes.

I was met at the scene by Napa County Sheriff’s Office [redacted]. I was advised [redacted] was taking the lead investigator role. By this point [redacted] has contacted me and directed me to assume the role as administrative investigator. I informed [redacted] of my new role. I left the scene and responded back to the
Napa Police Department to start my portion of the administrative investigation.

On 03/25/2015 I burned the photographs of the scene onto a CD, sealed the disc as evidence item JG-1 and turned it over to [redacted] who would later deliver it to [redacted].

Disposition:
No further action taken by this officer.

Supplement Notes

LEAD DETECTIVE: [Redacted]
REPORTING OFFICER: [Redacted]
DATE: 03/13/2015

SUMMARY:
This supplemental report concerns my initial response on 03/13/2015 to the Officer Involved Shooting near 45 Spring Street, Napa.

DETAILS OF INVESTIGATION:
On March 13, 2015, at approximately 1655 hours, I, [Redacted], with the Napa Police Department (NPD) assigned to the Napa Special Investigation Bureau (NSIB), was on duty wearing plain-clothes business attire. At this time, I was at NPD when I heard members of NPD’s Special Enforcement Unit (SEU) broadcast "shots fired" in the 100 block of Spring Street over the police radio. I responded "code 3" from NPD in unmarked NPD vehicle #2303 to the 100 block of Spring Street. While en route, I donned my department issued tactical raid vest clearly marked "POLICE." I arrived on scene at approximately 1658 hours, immediately behind [Redacted] and [Redacted] (NPD). I parked along the south side of Spring Street, approximately 50 yards west of Hill Avenue. I exited my vehicle and walked toward the intersection of Spring Street and Hill Avenue where I saw [Redacted] (NPD/SEU) and [Redacted] (NPD) near the Ford Explorer SEU frequently uses.

On approach, I noticed SEU Detectives on the south side of Spring Street near the front yard of 45 Spring Street. I saw an unidentified Officer applying CPR to a male lying in the front yard, just N/E of a redwood tree. The male’s feet were pointed in a northerly direction (toward Spring Street) and his head to the south (toward the residence at 45 Spring Street).

I saw a black semi-automatic handgun positioned on the passenger side windshield cowling of SEU’s Ford Explorer.

I met briefly with [Redacted], who apprised me of the event. I briefly took control of the scene pending the arrival of [Redacted] (NPD). Upon his arrival, I briefed her.

While on scene, I learned [Redacted], with the Napa Sheriff’s Department (NSD) was assigned as the lead Napa Major Crime Task Force (NMCTF) investigator. I spoke with [Redacted] via telephone. [Redacted] requested Detectives attempt to contact and interview the owner of the handgun.

I contacted [Redacted] (NPD/NSIB), who was paired with [Redacted] (NSD/NSIB), and requested he identify, attempt to locate, and interview the gun owner about the recovered firearm.
While on scene, [redacted] arrived and advised he was able to retrieve the serial number from the recovered firearm without manipulating it. [redacted] provided me with the firearm's serial number. I advised [redacted] of the serial number via telephone.

I released the scene to [redacted] and returned to NPD for the NMCTF briefing.

Disposition: No further action taken.
Supplemental Notes

On 3/13/15 at approx. 1715 hrs I arrived at the Napa Police Department to assist in this investigation. Upon my arrival [redacted] requested I stay with [redacted], [redacted] and [redacted] in the Investigations Bureau. [Redacted] and [redacted] were with other NPD personnel and I remained with [redacted] throughout my time at the Police Department and there were no discussions relevant to this investigation. At approx. 1940 hrs I drove [redacted] to the Napa Sheriff’s Department for evidence collection and his interview. I was separated from him during evidence collection and his interview. I transported [redacted] back to the Police Department after his release from the Sheriff’s Department at approx. 2330 hrs. Again there were no relevant discussions regarding this investigation.

Disposition

No further action pending by this officer.
Supplemental:

On 3/13/15 about 1655 hours, I was partnered with [redacted]. We both wore authorized uniforms and drove in a marked police truck (unit #2229). [redacted] drove. I heard Special Enforcement Unit (SEU) Detectives advise of an officer involved shooting in the area of Spring St. / Hill Ave. We responded Code 3 from Laurel Park and arrived on scene about 1700 hours.

[redacted] parked on East Ave. at Spring St. and I walked to the area of Spring St. / Hill Ave. I saw NFD and AMR personnel tending to the suspect, James Jimenez, in the front yard at 45 Spring St. I saw Jimenez was not handcuffed at the time but did not appear to be conscious. I stood by with medical personnel as they provided CPR to Jimenez. Jimenez was eventually transported to Queen of the Valley Medical Center via AMR ambulance.

After Jimenez was transported to the hospital, [redacted] asked me to attempt to contact anyone inside of 45 Spring St. in an attempt to interview them. I contacted the resident, [redacted]. He was identified by a CDL. I activated my body worn camera and video recorded the interview. ****Note the date and time stamp on the video recording are incorrect. This frequently happens with my body worn camera as it defaults to the initial settings. When this occurs, I am not aware that it has happened until I download the footage and then I have to reformate the camera.

[redacted] told me the following in summary: He lives at [redacted] in Napa. He heard banging on the front of his residence and saw that it was an officer. He had been sitting a chair in his front living room watching a television show called "Gold Rush". I looked in the front plate-glass window to the living room and saw that his chair was situated so he was looking away from the street in a southeast direction to see the television. [redacted] told me he did not see or hear anything. He did not hear any "popping" or what could have been perceived as gunshots. He did not see anyone in the front of his residence prior to the officer banging on the front of his residence. He had been home alone. There was a boat trailer and another boat on a trailer in the front of his residence which would have obstructed an occupant's view of where Jimenez was being tended to on the front yard.

I respectfully asked [redacted] to stay inside of his residence as law enforcement would be there for hours and the scene needed to stay secure.

After I interviewed [redacted], I was asked to go with NPD [redacted] and [redacted] to secure and "freeze" Jimenez's residence at 1409 East Ave. in Napa. The residence was close to the scene of the shooting. We walked to the residence. I video recorded the entry. Upon arrival, we approached the residence from the south. [redacted] asked the occupants inside to come out. Two adult females, a young child and a dog came out of the residence. [redacted] and [redacted] announced our presence.
Once the residence was secured, I spoke with an older female who identified herself as Jimenez's mother. She was on oxygen and told me she took other medication including methadone. It was explained to the females, they would not be allowed to enter the residence for hours. They made arrangements to go to another location. I retrieved the older female’s medication and oxygen bottles from inside the residence were provided to her.

NSD [REDACTED] and [REDACTED] eventually relieved detectives and officers at 1409 East Ave.

[REDACTED] contacted me by phone and requested that I use my body worn camera to film the bystanders that were congregating outside of the crime scene tape in the area of East Ave. / Spring St. I walked from 1409 East Ave. back to East Ave. / Spring St. I noticed there was a heavy set WMA with long hair wearing a long sleeved green shirt and beige shorts. The subject was asking me questions about the shooting in an inappropriate manner. He identified himself as being with "COPBLOCK #351". He appeared to be filming me with his cellular phone. I explained he was not helping the situation. He was argumentative with me and other bystanders in the area. He eventually left. This was all captured on my camera.

I stood by as part of crime scene security and assembled several members of the Napa PD Reconstruction Team until approximately 2100 hours. [REDACTED] notified me that NPD Reconstruction Team Members could go off-duty as the CHP MAIT Team would be assisting with the processing of the scene.

On 03/14/15, I transferred the video from my body worn camera onto a DVD (BC-1). On 03/14/15 I drove to NSD and turned BC-1 over to [REDACTED] so it could be booked into NSD evidence.

Disposition:

No further action by this officer.
Supplemental:

On 3/13/15 at approximately 1655 hours, [Redacted] was partnered with [Redacted]. We were both wearing full police uniform and [Redacted] was driving a marked police vehicle (#2219). I heard the Special Enforcement Unit (SEU) Officers advise over the radio of "shots fired" near Spring St near Hill Avenue and that they were involved in an officer involved shooting. I responded Code 3 from the downtown area and arrived on scene at approximately 1658 hours. [Redacted] parked our police vehicle on Spring St at East Ave. [Redacted] was behind us and arrived at that scene and parked just west of our police vehicle. I asked [Redacted] and [Redacted] to set up crime scene tape across Spring St and to conduct audio recorded interviews with any possible witnesses to the incident. I approached the scene on foot and could see the silver SEU Ford Explorer parked in the middle of Spring St facing east. [Redacted] was standing on Spring St in front of the Ford Explorer and requested that I take Officer Tommy Keener back to the police department.

At approximately 1700 hours I drove Officer Keener back to the Napa Police Department and stayed with him in [Redacted] Office. I later drove Officer Keener to the Napa Sheriff's Department per the request of the Napa Major Crime's Task Force.

This concluded my involvement with this incident.

Disposition:

No further action by this Officer.

Supplemental:

On 3/13/15 at 1655 hours, I heard Special Enforcement Unit (SEU) Detectives advise of an officer involved shooting on Spring St near Hill Avenue. I responded Code 3 from Laurel Park and arrived on scene at 1700 hours. I parked on East Ave at Spring St and walked to where the SEU vehicle (2310) was parked and contacted [REDACTED]. Medical personnel were tending to the suspect in front of a residence. [REDACTED] requested I transport [REDACTED] and [REDACTED] back to Napa PD which I did. [REDACTED] was in the front passenger seat and [REDACTED] rode in the backseat of my patrol car behind me. No specific details regarding the incident were discussed during my time with either officer. Once at NPD, I stayed with [REDACTED] and later transported him to the Napa Sheriff’s Office (arrived at 1948 hours.) Once [REDACTED] was contacted by NSO Detectives for his interview and processing, I left the scene (approximately 2058 hours.)

Disposition:

No further action pending this officer.

Supplement Notes

Summary:

On 3-13-15 at 1815 hrs, I responded to East Ave. and Spring St. to assist units at a major crimes call out. Upon arrival at 1821 hrs I took over the crime scene log at that location from [REDACTED].

I obtained control of the log until I cleared the scene at 0350 hrs.

Case closed.

Supplement Notes

Supplemental:

On 3/13/15 at approximately 1655 hours, I was working patrol, wearing full police uniform, and driving fully marked unit 2242. I heard Special Enforcement Unit (SEU) Officers advise, "Shots fired" via radio and they were involved in an officer involved shooting near Spring Street and Hill Avenue. I responded Code 3 from the Napa Police Department. I arrived on scene at approximately 1657 hours and parked my patrol vehicle on Spring Street west of Hill Avenue.

Upon arrival, multiple Officers and Detectives had arrived on scene and Officers were performing CPR on a subject laying on the front yard of 45 Spring Street. I assisted Napa Police Department [REDACTED] with setting crime scene tape across Spring Street, starting on the street sign pole on the west side of Hill Avenue to the mailbox of [REDACTED] and ending at the west garage of [REDACTED].

I retrieved a crime scene log from my patrol vehicle and started the log at approximately 1700 hours and remained outside the west entry/exit point on Spring Street.

Due to the size and multiple entry exit points at the scene, I was unable determine and log exit and entry times for numerous personnel. (See crime scene log for further information)

I remained at the scene until approximately 2140 hours, when I relinquished custody of the crime scene log to [REDACTED] (See additional crime scene supplements for further information)

I had no further involvement in this incident.

Forward a copy of this report to the Napa County District Attorney's Office for review.

Disposition:
Case closed.
Supplement Notes

SUPPLEMENTAL:

On 3/13/15, I was working uniformed patrol driving marked Napa Patrol vehicle (2236). At approximately 1655 hours, I was clearing the scene of an unrelated assault that occurred near Randolph Street and Third Street in Napa’s downtown district. At this time, I heard a radio transmission by [redacted] in a clear but shaken voice, "shots fired," "Code 33" and "suspect down."

I responded code 3 (lights and sirens) from Third Street and Randolph Street. I traveled behind [redacted]. I arrived on scene at approximately 1657 hours and immediately parked my vehicle about 25 feet west of the Spring Street/East Avenue intersection.

INITIAL OBSERVATIONS:

It was a clear/warm day; the incident scene was located in a residential area. I noticed several Special Enforcement Unit (SEU) officers gathered/crouching what appeared to be a body in between Hill Avenue/East Avenue on the south side of Spring Street. Near SEU was a dark color motorcycle grounded on its side with the wheels facing eastbound. There was a SEU vehicle (silver Ford Explorer) parked in the middle of Spring Street facing eastbound. Napa Fire Department (NFD) and AMR were east of SEU and arriving on scene. I could not positively identify the officers or the body involved because they were at a distance. There were several people (approximately 3-6) standing at miscellaneous spots around the Spring Street/East Avenue intersection. At no point in time did I ever travel west of my patrol vehicle to closer observe the involved officers, or immediate crime scene.

[redacted] approached me and requested I obtain recorded interviews of possible witnesses and assist [redacted] in establishing a crime scene perimeter.

The following individuals were contacted on scene. They were verbally identified and present during or soon after my arrival.

W1 [redacted] (white male adult, black shirt, tan shorts, black socks, and white shoes) was contacted at the southwest corner of Spring Street/East Avenue. At approximately 1659 hours, I obtained the following statement (MRM-1) in summary:

Five to ten minutes prior, he had been standing in front of his garage working on his truck at [redacted]. He heard three gun shots and thought "what the hell was that." He did not see the incident unfold. He traveled to the intersection of East Avenue/Spring Street. He observed 3-4 officers standing in the street. He did not provide further details.
W2 (white male adult, grey Dallas Cowboys T-shirt, blue shorts, white socks) was contacted at the same location as W1. At approximately 1702 hours, I obtained the following statement (MRM-1) in summary:

He was inside his residence at. He heard "Bap, Bap, Bap," referring to the sound of gunshots. He did not see the incident unfold. He provided no further details.

IP (white female adult, blue and green dress, sandals, tattoo over right breast that read " " ) Approached the northwest corner of Spring Street and East Avenue. She was holding a small Hispanic female child. She was frantically stating, "That's him, what happened?" She stated she recognized the involved grounded motorcycle. At approximately 1720 hours. I approached and obtained the following statement (MRM-2) in summary:

Her husband (James Jimenez), who she referred to as (Jaime, Spanish pronunciation) left his residence at 1409 East Avenue approximately a half hour prior. I referenced the current time (1722 hours). Jaime left to s residence. Jaime and are friends and ride dirt bikes together, pointed to the area where 's house was located; it was in the direction of where the motorcycle was resting. She did not provide a specific address. She was inside the house located at 1409 East Avenue when the shooting occurred and was sitting on a couch. Jaime may have been also traveling to see an individual named.

informed me Jaime did not have problems with anyone, was not in a gang, and not in debt. hesitated on answering when I asked if Jaime used drugs. I kept this in mind and revisited the question. began to cry more, and her voice broke, she stated "yes" to Jaime's drug use. She said Jaime does not own any weapons, but was unsure if owned a weapon. I asked if Jaime and do drugs together, stated, "I don't know what to say." End of statement. I offered the services of a Chaplain and NEWS to Jaime (Napa Women's Emergency Services), which she adamantly refused.

departed my location and returned to 1409 East Avenue.

It should be noted, I recognized s name from prior contacts. I know him to be associated with the possession of narcotics. I also arrested s younger brother, for possession of concentrated cannabis for sale, (see case number NPD 14-4498 for further details). I recognized from a prior contact involving (see case number for further details). In that case,

After speaking with , I maintained a crime scene log. I was later approached by NPD , and . They requested I accompany them in contacting and any other involved parties at 1409 East Avenue. I momentarily handed over entry/exit duties to . We walked nearby to the involved residence and contacted and other individuals. I stood by while in the front yard while and performed their investigation. NSO deputies responded to my location and relieved me.

I returned back to the intersection of East Avenue and Spring Street and once again maintained the crime scene log. I was later relieved by , who assumed entry/exit control duties. I departed the scene soon after.

All recorded statements were given to NSD Investigator ( ) who later submitted them to NSO Evidence under MRM-1 ( and statement) and MRM-2 ( statement).

In the event new information becomes available, I will update this case as necessary.

DISPOSITION:
Case closed.
Supplement Notes

Supplemental:

On 3/13/15 I [redacted] was working as patrol unit 2X12 with [redacted]. We were both wearing full police uniforms and I was driving I marked patrol vehicle 2219. At approximately 1655 hours I was in the downtown area. I heard Special Enforcement Unit (SEU) Officer advised on the radio, shots fired in the area of Spring Street at Hill Avenue and that a suspect was down. We responded Code 3 and arrived at the intersection of Spring Street and East Avenue at approximately 1658 hours along with [redacted] behind us.

I noticed multiple citizens standing on the northwest and southwest corners of East Avenue at Spring Street. [redacted] directed me to block Spring Street with our patrol vehicle and to place crime scene tape across Spring Street to set up a perimeter. [redacted] requested [redacted] and myself to activate our department issued audio recorders and obtain possible witness statements.

I briefly looked west on Spring Street and could see SEU’s silver Ford Explorer in the roadway and an unknown type motorcycle lying in the roadway.

I tied crime scene tape from the stop sign pole on the southwest corner at the intersection on Spring Street and Avenue then stretched it across Spring Street and tied it to a large tree in the front yard of [redacted] is located on the northwest corner at the intersection of East Ave and Spring Street.

I activated my digital voice recorder and contacted [redacted], who was standing on the northwest corner. [redacted] told me the following in summary:

He was standing in front of his house near his truck parked on the street, located at [redacted]. [redacted] stated he heard "Pop, Pop, Pop," and knew they were gun shots. [redacted] then heard a motorcycle engine started and take off. [redacted] has seen one of his neighbors who he identified as having long hair and tattoos, riding a small dirt bike through the neighborhood in the past but he is not sure if that is related to this incident. [redacted] did not see the incident. End of statement.

I contacted [redacted] who told me the following in summary:

Tim lives at [redacted]. Tim's residence is located on the northwest corner of East Ave and Spring Street. Tim was inside of his house watching Nascar, when all of a sudden he heard three "Pops," followed by sirens. Tim looked outside of his front window and saw a neighbor walking to the corner and look down Spring Street in the west direction. Tim walked outside and looked west down Spring Street towards the incident and saw an unknown subject...
iing on the ground and not moving. He stated three officers checked the subject and moved him onto his back. did not see the incident or know exactly what happened. End of Statement.

While I was maintaining the perimeter of the crime scene three females approached the crime scene tape. Two of the females were crying and yelling "James." spoke with one of the females, while I spoke with the other two.

During the statements my digital recorder malfunctioned and I am unable to recover these recordings.

One of the females identified herself as, told me the following in summary:

lives at along with her mother , and her brother . 's mother, saw people outside walking south to the corner of East Avenue and Spring Street, told to walk outside and find out what was happening. looked down Spring Street and saw what she identified as James, "dirt bike" laying in the roadway. saw a subject lying on the ground with police and medical personnel around the subject and said she knew it was her brother because of his dirt bike. did not hear the incident and not see the incident occur. End of statement.

I contacted who told me the following in summary:

was in the backyard of the residence at states her son, James Jimenez entered the backyard and took his dirt bike to the front yard and rode off in an unknown direction. assumed was riding his dirt bike to 7-11 convienience store, which he does frequently. walked inside of her house and moments later she noticed multiple people walking south toward the corner of East Avenue and Spring Street. told her daughter to go outside and see what happened. returned to the house and told Janet that she thinks something happened to and then walked to the corner of East Avenue and Spring Street. did not hear anything related to the incident or see the incident only found out by seeing people walking towards the corner. End of summary.

Shortly after, I was contacted by who directed me return to NPD with .

Audio recordings from and (RL-1) were digitally burned to a CD and given to as evidence. Audio recordings from and were lost in digital recorder during review. My digital recorder (RL-2) was given to as evidence to be forwarded to NSD investigator .

Disposition:

No further action pending this officer.
Supplement Notes

Supplemental:

CONTACT WITH NEIGHBOR AT #6 SPRING STREET.

On 3-13-15, at 1653 hours, I was working for the City of Napa Police Department as a Traffic Officer. I was wearing a police uniform and driving a marked police truck, #2229.

I was covering Napa Police on an unrelated matter, at Laurel Park. Napa Police was with me.

I heard Napa Police advising over the police radio of a "code 33." then radioed a suspect had been shot and he was at Spring Street and Hill Avenue.

I left and responded code three to s location. I arrived on scene approximately six minutes after advised officers of the shooting. I parked the police truck on East Avenue at Spring Street. I saw Napa Police talking to citizens near where I had parked the police truck. Yellow police crime scene tape was placed across Spring Street at East Avenue. I got out of the police truck and walked west on Spring Street toward Hill Avenue. I saw medical personnel performing CPR on a subject lying infront of a residence along the south side of the street. I walked back to the police truck a short time later. I positioned myself at Spring Street and East Avenue. I provided scene security at this location. I also prepared engineering equipment to forensically map the crime scene.

I saw standing in front of . asked me if her husband, , and there son, , could come to the house she had been standing in front of. asked if she saw or heard anything that occurred near her residence that had been inside her house and heard three gunshot sounds. The gunshot sounds came from outside. She looked out the front window of her residence and saw three police officers surrounding a "guy" lying on the ground. The police officers and the "guy" on the ground were west of her house on the south side. The police officers had their guns drawn and pointed at the "guy" lying on the ground. She heard the police officers saying, "hand's behind your back." She did not see the "guy" on the ground moving. Moments later other police officers arrived on scene had nothing further to add.

and 's daughter, had been inside the house when the gunshots occurred or did not see or hear anything and left the area.

At 2100 hours, I was informed that California Highway Patrol MAIT Team personnel would be forensically mapping
the crime scene. Napa Police officers took over crime scene security at Spring Street and East Avenue. I gathered my engineering equipment and left the area.

I did not video record my contact with [REDACTED] or [REDACTED].

Disposition:

Case closed.
CRIME SCENE SECURITY

Investigation: On 03-13-15 at 1658 hrs, I responded to the area of Spring and Hill, to assist in this investigation.

Upon arrival I set up crime scene tape at Spring and Vale Streets, blocking traffic from traveling East on Spring St. I then set up tape at Highland Dr and Hill, preventing traffic from flowing onto Hill Ave.

While setting up tape, I was approached by [redacted] and [redacted] (visiting [redacted]) who stated they were witnesses. They provided me their contact information and I advised them they would be contacted by detectives. I later passed this information to [redacted] and [redacted].

After setting up the crime scene tape, I was asked by [redacted] to stand by a semi automatic pistol which was laying on the hood of a Silver colored Napa PD Ford Explorer. I did not touch or examine the weapon. No persons touched it while I was with it.

I cleared the scene at approximately 1750 hrs.

Disposition: No further actions pending this Officer.
Supplemental Crime Scene Log

Investigation:

At approximately 0315 hours, I (redacted) responded to Spring St and relieved (redacted) from his position as the crime scene recorder. I maintained the crime scene log located near the intersection of Spring St and Hill St until 0333 hours, when I was notified by Investigations (redacted) that the scene would be reopened.

See attached crime scene log for further details.

Disposition:

No further action pending this officer.
Supplemental-Crowd Control at Queen of the Valley Hospital;

On 3-13-15 at 1800 hours, I arrived at NPD for my scheduled patrol shift and was informed of an officer involved shooting that had occurred approximately one hour prior involving a NPD Officer and James Jimenez. At approximately 1824 hours, I was dispatched to 1000 Trancas Street (Queen of the Valley Hospital) where James was currently at to assist with potential crowd control issues as James’ family and friends were beginning to arrive at QVH.

Upon my arrival to QVH, I entered the Emergency Room and spoke to NPD [redacted], and [redacted] who advised me James has succumbed to his injuries. [redacted] and [redacted] advised me there were no current issues with James’ family who were in the Emergency Room waiting room and QVH security would advise us if we were needed, however they requested we remain present until James’ family was advised that he was deceased.

At approximately 1910 hours, members of the Napa Sheriff Department along with two Law Enforcement Chaplain’s made the notification to James’ family on the west side of the Emergency Room, in the parking lot. At this time I stood with other officers from a distance. Napa Sheriff Department employees and two Chaplains then walked the family into the Emergency Room waiting room.

At approximately 1924 hours, I left QVH. During my time, I did not speak to any members of James’ family and James’ family made no actions that required any law enforcement involvement.

Disposition:

No further action pending this officer.
Supplemental - Crowd Control at Queen of the Valley Hospital:

On 03/13/15 at approximately 1824 hours, I heard over the radio that [Redacted] and [Redacted] were dispatched to the Queen of the Valley Hospital at 1000 Trancas Street regarding crowd control. I self-attached to the call and headed toward QVH.

Upon arriving on scene, I contacted [Redacted], [Redacted], [Redacted], [Redacted], and [Redacted] inside the emergency room area. Hospital security were contacted and it was reported that the situation at the hospital was under control and that we would be advised if Police assistance was needed.

During our presence at QVH, no crowd control was requested from the hospital security and we cleared the detail without any incidents.

Disposition:

No further action pending this Officer.
NPD Supplemental Report

On 3-13-15, at approximately 1600 hours, I received a call from [Redacted] regarding an activation of the NPD Reconstruction Team. I was advised the team might be assisting in processing the scene of an Officer Involved Shooting (OIS) that happened on Spring St. / Hill Ave.

I arrived at approximately 1700 hours, [Redacted] requested I use my body video and video the crowd congregation at the intersection of East Ave and Spring St. I captured four separate videos while I was in there. I copied my body video to a DVD and booked it as evidence under the NSD case number 15-1080.

At approximately 2130 hours, I was released from the scene due to the CHP MAIT team do the crime scene. I never got directly near the actual the crime scene. I remained at the intersection of East Ave./ Spring St.

End of Report.
Awareness:
On 03/13/15, I was on uniformed Sheriff’s patrol in the unincorporated area of Napa County. I was dispatched to assist with crowd control at the intersection of Spring Street and East Avenue. At about 1830 hours, I was approached by a pedestrian who was looking westbound on Spring Street from the painted crosswalk along the west side of East Ave.

The pedestrian later identified herself as [redacted] of [redacted] Ave and asked, "Is that a black motorcycle," referring to an object in the roadway west of our location on Spring Street. I told her I didn’t know. She said earlier that day, at about 1130 hours, she was walking her dog on the east side of Spring Street. She was approached by a man on a black motorcycle. She said, "He was drinking and whatever else." She continued talking about how her dog reacted to the motorcyclist and how she felt he was driving recklessly which agitated her dog further.

I asked if she was sure the rider had been drinking. She said, "He was drunk and something else," but did not elaborate on her statement. I confirmed the time of the incident occurred at about 1130 hours that day and asked for her contact information.

Supplement Notes

INVESTIGATION:

On 3/17/15, requested my assistance with the search of a cell phone that had been seized during a 29800 PC investigation. requested that I attempt to extract the data possibly related to this incident contained on the devices.

item#TF35  LG MS395 Jimenez Cell Phone (IMEI: 355197062068304)

On 3/17/15, I placed the device into a radio frequency isolation chamber (Faraday Box). The Faraday Box prevents the device from connecting to the cell phone network or Wi-Fi and possibly changing data on the device. Once the device was inside the Faraday Box I turned the device on, unlocked it and placed it in "airplane mode." Airplane mode turns off the transmitter/receiver which keeps the device from connecting to the cell phone or Wi-Fi network.

Once the device was placed in "airplane mode" I removed it from the Faraday Box. I used the CelleBrite UFED4PC software to obtain the phone’s data in a file system and logical format. I used Cellebrite Physical/Logical Analyzer software to review the data from the file system extraction with the following results:

CelleBrite- Logical Extraction
Phone Number: 
Contacts: 283
SMS: 267
Calendar/Notes/Task: 2
Call Logs: 500
MMS: 10
Images: 108

Cellebrite- File System Extraction
Calendar: 2
Contacts: 2
Installed Applications: 60 (5 Deleted)
Searched Items: 5
The CelleBrite generated reports for Jimenez cell phone were produced and placed on a CD. I booked #TF35 Jimenez cell phone into the Sheriff's Department evidence room. I booked the report CD into the Sheriff's Department evidence room.

RECOMMENDATIONS:

Refer to [Redacted] for cell phone report review.
INVESTIGATION:

On 3/18/15, [redacted] requested my assistance with the search of two tablet devices that had been seized during a 29800 PC investigation. [redacted] requested that I attempt to extract the data possibly related to this incident contained on the devices. I authored a search warrant for both devices that was signed on 3/17/15 by the Honorable Judge Stone.

On 3/19/15, I talked to [redacted] on the telephone. She told me that her brother was James Jimenez. She told me the Kindle Fire tablet (JD-2) and iPad 2 (JD-1) belonged to her and her children and James did not use them. She gave me the correct PIN code to unlock and review the iPad 2. The Kindle was unlocked. A review of both devices revealed that neither item appeared to contained any evidence related to this investigation.

I released the items JD-1 & JD-2 (Kindle Fire and iPad 2 Tablet) to [redacted], who signed an NSO property release form and I had it scanned into this report.

RECOMMENDATIONS:

Refer to [redacted] for cell phone report review
I, [Name], am the legal owner or representative of the legal owner, of the below listed items of Property which are currently under possession of the Napa County Sheriff's Department. I hereby request the return of the following items:

<table>

<tr>
<th>EVIDENCE #</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>JD-1</td>
<td>Silver iPad 2 Tablet</td>
</tr>
<tr>
<td>JD-2</td>
<td>Kindle Fire Tablet</td>
</tr>
</tbody>
</table>

I agree to retain the above listed property for Evidentiary purposes. I agree to present these items upon request for a Court Trial. I agree to contact the Napa County Sheriff's Department prior to disposing of any of the items.

I declare, under penalty of perjury, that the foregoing is true and correct.

Executed this _19th_ day of March______, 215__,

in the, County of Napa, State of California.
INVESTIGATION:

On 3/26/15, [redacted] requested my assistance with the search of a cell phone that had been seized during an officer involved shooting investigation. [redacted] requested that I attempt to extract the data possibly related to this investigation contained on the device.

Item: HTC 0PCV1 Cellular Phone (Phone number [redacted])

On 3/26/15, I placed the device into a radio frequency isolation chamber (Faraday Box). The Faraday Box prevents the device from connecting to the cell phone network or Wi-Fi and possibly changing data on the device. Once the device was inside the Faraday Box I turned the device on, unlocked it and placed it in "airplane mode." Airplane mode turns off the transmitter/receiver which keeps the device from connecting to the cell phone or Wi-Fi network.

Once the device was placed in "airplane mode" I removed it from the Faraday Box. I used the CelleBrite UFED4PC software to obtain the phone's data in a physical extraction format. I used Cellebrite Physical/Logical Analyzer software to review the data from the physical system extraction with the following results:

CelleBrite- Physical Extraction

Locked Phone- I attempted to unlock the phone but was unsuccessful.

I pulled the SIM card from the phone and conducted a UFED4PC SIM dump yielding the phone number [redacted].

I also pulled the MicroSD card and conducted an extraction with UFED4PC. During the extraction I used a Tableau write blocker to avoid any changes being written to the MicroSD card.

The MicroSD card yielded:
Audio: 12
Databases: 6
Documents: 5 (2 Deleted)
Images: 2450 (593 Deleted)
Text: 7
Videos: 7 (5 Deleted)
Both the SIM dump and MicroSD card extraction yielded reports.

The CelleBrite generated reports for this item were produced and placed on a CD. I returned cell phone to [REDACTED] and booked the CD with the resulting reports into the Napa Sheriff's Evidence.

RECOMMENDATIONS:
Case Pending- Follow Up and Review by [REDACTED]

The CelleBrite generated report for this item was produced and placed on a DVD. I returned the cell phone and booked a DVD with the resulting report into NSO evidence.

RECOMMENDATION:
Attach to original report.
MEDIA COVERAGE
SUPPLEMENTAL REPORT:

assigned me to follow the media coverage of the officer involved shooting in order to locate any additional witnesses that had not been interviewed. In one news article, the media spoke to who lived on Spring St where the incident occurred and said she heard gun shots.

On 03/17/15, informed me he had been monitoring social media sites through Media Sonar. The only reference to the officer involved shooting was from who was inquiring as to what was happening in Alta Heights because there was a lot of police activity and gunshots were heard.

On 03/24/14, I attempted contact with and left a message for her to call me back.

On 03/25/14, I attempted contact with again since I had not received a return call. I was able to speak with her and she told me the following: She was at home playing video games in her room with her twin sister . While playing video games, she heard three shots. She also heard "get down, get down" very close to the shots but was unsure if it was after or at the same time. She walked to her brother's, room and he told her to go back into her room and stay there. said she stayed in her room because she thought it was a drive by shooting. I asked if she heard any squealing tires or speeding cars before the shots; she said she did. She said it sounded like someone was moving through the area. She didn't have any further information.

I then attempted contact with 's siblings and but have not received a call back at the time of this report.
