1. Overview

1) **Land Acknowledgement**
   It is important to acknowledge the land on which this public art will be located. Napa has a rich cultural heritage, which began with the inhabitation by Native Americans of the Wappo people along the Napa River over 10,000 years ago. It was followed by the Mexican settlement beginning in the 1820s and early American settlement between 1846 to 1849. Due to the abundant natural resources in Napa Valley, the Wappo inhabitation was one of the longest indigenous inhabited regions in California. The City of Napa recognizes the tribal nations who first lived in the Napa area and believes it is important to preserve their history, identity and culture as part of the Napa community.

2) **About the City of Napa**
   Napa is the seat of Napa County and the gateway to the legendary Napa Valley wine region. The City has recently experienced a development renaissance, and Downtown Napa offers many shopping, entertainment, and dining opportunities. In addition to tourism, Napa is also known for its late-1800s and early-1900s architecture, a riverfront promenade, active arts scene, musical entertainment venues and nationally recognized annual events (e.g., BottleRock, Festival Napa Valley, Napa Lighted Art Festival).

3) **About the Project**
   The City of Napa supports the placement of public art in the community through a variety of different programs created to contribute to a more livable and visually stimulating environment. The City of Napa Public Art program is developing new ways that public art can engage the community and create a unique experience for tourists and locals.

   The City of Napa opens a Request for Proposals for a lead artist(s) to design a temporary window mural to be displayed on a prominent and high trafficked location on Main and Pearl St. downtown Napa. This call is open to California residents in Napa, Sonoma, Solano, Marin, Contra Costa, San Francisco, and Alameda, San Mateo, and Santa Clara counties and open to all backgrounds and cultures. The City of Napa believes the experiences of Black, Indigenous, and People of Color, women, members of the LGBTQIA+ community, and other marginalized groups should be centered in the arts. We encourage artists who identify with these communities to apply. Artist(s) applying need to demonstrate the ability to execute a successful 2D project based on project goals below.

   This public window mural is to be submitted as photo-based artwork to be digitally reproduced printed onto vinyl media that will cover large windows. Artists may create work specifically for this call or may reformat existing work. The work can be a painting, illustration or photography artwork and the artist will need to provide a high-resolution digital files suitable for large format printing (see project location and details) and proportionate based on the proposed art location. The goals and core values for this project are to be aligned with our City's Public Art Master Plan.
