* 1" Water Capacity Fee for Single Family Residential Customers increased in size for the operation of Fire Sprinklers.
** Does not include excavating, backfilling and materials for backfilling, paving, traffic control, trench shoring, or encroachment permit.

Residential, Commercial/Industrial/Institutional, and Irrigation Water Capacity Fees are calculated by the meter size.
Fire Service Connection Fees are calculated by the size of service lateral and are 10% of standard Water Capacity Fee for the equivalent size service.
Lines 2, 3, 5, 6, 8, 9, 10, and 11 include administrative costs and installation costs for time, material, and equipment.

- **Installation fees will be time and material charges.**
- **Installation fees will be time and material charges.**

Meter Set fee (1") for an undersized service shall be: ................................................................. $ 1,767

The fee for installing a standard fire hydrant on an existing 6" lateral shall be quoted on a time and material basis.
The fee for a complete lateral and fire hydrant installation shall be: ........................................... $ 16,821 (or $11,105 less excavation**)  

No fee will be charged for meter relocations to accommodate voluntary public right-of-way improvements or those necessitated by a street tree root problem.
The fee to abandon a 3/4" or 1" metered service is: ................................................................. $ 5,084
The fee to abandon services larger than 1" shall be quoted on a time and material basis.
The fee for relocating a 3/4" or 1" metered service less than or equal to 5 feet parallel to the street shall be quoted on a time and material basis.
(A new water service will be required for all relocations greater than 5 feet or for services larger than 1".)

Standard installation fees do not apply on the following streets, or to streets with a PCI over 69 or road width over 24 feet.

Work will be quoted on a time and material basis:

- 1. Big Ranch Road
- 2. Browns Valley Road
- 3. California Boulevard
- 4. CALTRANS Right-of-Way
- 5. First Street (Laurel to Soscol)
- 6. Jefferson Street
- 7. Lincoln Avenue
- 8. Main Street (Lincoln to Fifth)
- 9. Old Sonoma Road
- 10. Pearl Street (Franklin to Soscol)
- 11. Public Water Easements Within Private Property
- 12. Redwood Road
- 13. Second Street (California to Soscol)
- 14. Solano Avenue
- 15. Soscol Avenue
- 16. Third Street (Jefferson to Silverado Trail)
- 17. Trancas Street
- 18. Trower Avenue

Other services that require nighttime or extensive work may require installation by applicant or be charged on a time and material basis. If the cost of materials, equipment, and/or labor increase significantly, the Water Division may charge installations on a Time and Material Basis to recover costs for requested work. The Applicant shall obtain permits and perform all traffic control and excavation within State Highway or railroad right-of-way. City will provide the service line installation (less excavation) only.
