

Are you a Certified Green Business in the City of Napa?
Have you considered becoming one?

City of Napa Green Business Stipend Program

The City of Napa now offers a \$500 stipend to City businesses that complete the **Green Business Certification Program.**

Available funding is limited – First come, first serve

This is our way of helping businesses become or remain certified green businesses. Businesses that participate will benefit from long-term environmental and economic benefits resulting from the implementation of a comprehensive sustainability program. This stipend is available to qualifying new or renewing green businesses in the City of Napa.

www.greenbusinessca.org

Not yet a certified green business?

1. Apply at: www.greenbusinessca.org
2. Implement an ongoing program of energy efficiency, water conservation, pollution prevention and solid waste reduction/recycling
3. Participate in an evaluation of your green business practices with the Green Business Program team
4. Receive your Green Business Certification
