Redistricting
Frequently Asked Questions

FAQ #1 - What is redistricting?
Redistricting is the regular process of adjusting the lines of voting districts in accordance with population shifts. Every ten years, districts must be redrawn so that each district is substantially equal in population. This process is important in ensuring that each Councilmember represents about the same number of constituents. Redistricting is done using U.S. Census data, which is normally released around March 31. 2021, but it is anticipated that this data will not be available until September 30, 2021 this year because of delays. Because history has seen public agencies redraw district lines to influence elections, favor a particular party or suppress a group’s voting power, or gerrymander, all district lines must be reviewed to meet strict requirements for population equality and voting rights protections. With the California Voting Rights Act, more than 500 jurisdictions in California must redistrict in 2021-2022.
In the City of Napa, the City Council is responsible for approving the final map of new district boundaries. Our redistricting process must be completed by April 17, 2022.

FAQ #2 - Why does redistricting matter to me?
Redistricting determines which neighborhoods and communities are grouped together into a district for purposes of electing a Councilmember. The City Council will seek input in selecting the next district map for our Councilmember districts. You have an opportunity to share with the City Council how you think district boundaries should be drawn to best represent your community.
You can contact the City Clerk at redistricting@cityofnapa.org to find out more about the process works.

FAQ #3 - How can I get involved?
The City will be holding a series of Public Hearings and Community Workshops to receive public input on where district lines should be drawn. A schedule outlining these Public Hearings and Community Workshops is on the reserve side of this flyer.
You can also get involved by completing a Community Interest (COI) form. For more information about filling out Community Interest (COI) forms, please visit CityNapa.org/COI.
You can also submit public comments, including suggested draft maps, by emailing redistricting@cityofnapa.org.

FAQ #4 - Where can I learn more about redistricting?

Redistribución de Distritos
Preguntas Más Frecuentes

PMF #1 - ¿Qué es la redistribución de distritos?
La redistribución de distritos es el proceso regular de ajustar las líneas de los distritos electorales de acuerdo con los cambios de población. Cada diez años, los distritos deben ser rediseñados para que cada distrito sea sustancialmente igual en población. Este proceso es importante para garantizar que cada miembro del Concejo represente aproximadamente el mismo número de constituyentes. La redistribución de distritos se realiza utilizando datos del censo de EE. UU., que normalmente se publican alrededor del 31 de marzo de 2021, pero se anticipa que estos datos no estarán disponibles hasta el 30 de septiembre de 2021 este año debido a demoras.
Debido a que la historia ha visto que las agencias públicas tienen la intención de dibujar las líneas de distrito para influir en las elecciones, favorecer a un partido en particular o suprimir el poder de voto de un grupo, la manipulación de líneas injustas electorales, todas las líneas de distrito deben ser revisadas para cumplir con los strict requirements for population equality and voting rights protections. With the California Voting Rights Act, more than 500 jurisdictions in California must redistrict in 2021-2022.
En la ciudad de Napa, el Concejo Municipal es responsable de aprobar el mapa final de los nuevos límites del distrito. Nuestro proceso de redistribución de distritos debe completarse antes del 17 de abril de 2022.

PMF #2 - ¿Por qué me importa la redistribución de distritos?
La redistribución de distritos determina qué vecindarios y comunidades se agrupan en un distrito, y el propósito de estas comisiones para elegir a un Concejo Municipal. El Concejo Municipal buscará información para seleccionar el próximo mapa de distrito para nuestros distritos de los miembros del Concejo. Tiene la oportunidad de compartir sus ideas con el Concejo Municipal en las sesiones de redistricting@cityofnapa.org para obtener más información sobre cómo funciona el proceso.

PMF #3 - ¿Cómo puedo involucrarme?
La ciudad establecerá una serie de audiencias públicas y talleres para recibir comentarios del público sobre dónde deben estar las líneas del distrito. Un calendario que describe estas audiencias públicas y talleres comunitarios se encontrará en el folleto de este folleto.
También puede participar completando un formulario de comunidad de interés (COI). Para obtener más información sobre cómo completar los formularios de la comunidad de interés (COI), visite CityNapa.org/COI.
También puede enviar comentarios públicos, incluidos los borradores de mapas sugeridos, enviando un correo electrónico a redistricting@cityofnapa.org.

PMF #4 - ¿Dónde puedo obtener más información sobre la redistribución de distritos?
