Update 2/9/2022

Parklets & Outdoor Commercial Uses Permanent Program

The Downtown Napa Association hosted a meeting on February 3, 2022, to receive an update from City Staff regarding the measures taking place to create a permanent Outdoor Commercial Uses Program.

This was an initial step in establishing a long-term program to allow continued use of City-Owned Public Spaces (Plazas, Sidewalks, Parklets) for outdoor dining and drinking beyond the current allowances granted through the City's Emergency Order related to COVID-19 restrictions.

The meeting included discussions on:

Application Process

Design Standards

Initial Costs

Annual Fees

More information and continuous updates will be provided on the City's website

Outdoor Uses on Private Property

If you are interested in continuing or establishing new outdoor dining uses on private property, apply for a Design Review Permit through the Planning Division
