What will be covered at this workshop?

- **Goals and Mission of Project WET**
- **Hands-on Demonstration of Activities**
- **Correlations to Common Core, NGSS**
- **Curriculum and Activity Guide**
- **Web Portal**
- **Local Water Education Resources**

Project WET (Water Education for Teachers) is an award-winning program that promotes awareness, appreciation, knowledge, and stewardship of water resources through the dissemination of classroom-ready teaching aids. Interdisciplinary activities for grades K-12 are designed to enhance your existing curriculum and are aligned to Common Core State Standards and Next Generation Science Standards. These workshop sessions will be fun, hands-on, and action-packed. Food and beverages will be provided by sponsors. **Participants will receive:**

watereducation.org

- **Project WET Curriculum and Activity Guide 2.0**
- **Access Code for Project WET Web Portal**
- **\$100 Stipend or 0.5 CEUs based on pledge to use Project WET (See pledge, next page)**
