

# ADOPT A PARK OR TRAIL PROGRAM

Information and Application

## **ADOPT A PARK OR TRAIL**

Adopt A Park or Trail is a program developed by the Parks & Recreation Services Department to foster pride in Napa's Park and Trails system while at the same time assisting the city in maintaining our parks and trails at a high standard. This program encourages residents, community organizations and businesses to become directly involved in improving parks and trails and prominently recognizes them for their efforts.

### **GOAL**

The goal of the program is to have selected parks and trails in Napa "adopted" by as wide a range of community organizations or individuals as possible.

### **PROGRAM**

Through participation in Adopt A Park or Trail, community organizations and individuals can now get that "good feeling" about themselves by taking an active role in improving Napa's park and trails system for the benefit of the entire community. Adopting a park or trail can take many forms including: establishing a presence and being on the look out for vandalism and maintenance problems and then reporting these to the City; providing maintenance assistance in the form of general park or trail clean-up, picking up litter, cleaning up stream beds, painting, planting and weeding, etc; providing direct monetary assistance for park or trail enhancements.

### **ELIGIBILITY**

The entire community is eligible to participate, including community groups, service clubs, fraternal organizations, schools, local neighborhood groups, faith based organizations, private clubs, youth groups, local businesses and individuals.

## **RECOGNITION**

The City will erect a sign in the park or trail adopted bearing the name of the adopting group or individual. In addition, the City will send out news releases announcing the adoption of the park or trail and will keep the public informed of the adopting groups' activities in the park. All participants will also be recognized with a Certificate of Appreciation at a Parks & Recreation Commission Meeting .

### **NAPA PARK AND TRAIL AREAS ELIGIBLE FOR ADOPTION**

All City parks, trails, and landscape areas are eligible for adoption. Staff encourages adoption of sites that are not already adopted or need attention.

### **APPLICATION PROCESS**

Groups or individuals wishing to adopt a park or trail will submit an application to the Parks & Recreation Services Department. The park or trail must be adopted for a minimum of one year, which can be extended by mutual consent between the City and the group. A written agreement will be formulated between the City and the adopting group to clearly delineate the responsibilities and commitments of each. Groups are asked to keep a written record detailing their activities in the park or trail. If an activity in a particular park or trail has already been adopted, the group or individual wishing to adopt that park or trail will be given a second or third choice.
