## Media Release

**Case Number:** NPD21-001546  
**Date/Time:** 04/06/2021 11:45 am  
**Location:** Napa Police Department, 1539 First Street, Napa

**Arrested:** **Jonathan Travis Moore AKA Jonathan Kasprowicz, Vacaville Resident**  
**Charges:** 602(o)PC Trespass and refusing to leave

On 04/06/2021 at 11:45 am, Napa Central Dispatch received a call regarding a suspicious subject in an area designated for City of Napa employee parking. The caller described the subject, later identified as Jonathan Moore, as taking photos of employee vehicles and possibly using a drone. About the same time, employees in the Police Department building noticed Moore on the fence of the secured police parking lot. Moore was taking video and using a drone. Moore continued his activity unchallenged as he was outside the restricted area in an area that allows for constitutionally protected activities.

At approximately 12:14 pm, Moore entered a restricted area between the Police Department and Fire Station 1. This area is posted for no trespassing with a warning of arrest or citation. A Napa Police Officer contacted Moore and advised him he was trespassing in the restricted area. Moore ignored the Officer and remained in the restricted area. The Officer continued to give direction to Moore and gave him an opportunity to leave the area. Moore continued to ignore the Officer for approx. 3 minutes. An additional cover Officer arrived, and Moore was arrested for Trespassing. Moore was booked at the Napa County Department of Corrections.

Moore is known to the Police Department for visiting bay area law enforcement agencies and posting the interactions on Youtube. The Napa Police Department respects the rights of all to engage in their constitutional rights. However, we also have a responsibility to protect our employees, City infrastructure and City property by restricting areas of the station from public access. This area is limited to access by employees, parking for police units, fire equipment, employee parking and an area for victims to access the station more discreetly. Recent events not related to today, including the tampering with a Napa Police vehicle, have highlighted this need.
